FROM LEHMAN SPRINGS.

C. R. Dutton Making Preparations for a Busy Season.

C. R. Dutton has just returned from Lehman Springs. He has five or six men at work repairing and repainting the buildings and cleaning up the grounds preparatory for the season which will soon open.

Mr. Dutton has charge of the telephone station there and will phone in the daily news each day after June 10 to the East Oregonian. He will report daily the arrival of guests and all other news of interest. He is quite enthusiastic over the prospect of a large number of guests spending part of the summer there. In addition to the beautiful location, nature has done much for Lehman Springs to make it a popular resort.

There are 15 springs some of them impregnated with minerals of medicinal value. One common feature of the springs is that within eight inches of a cold spring there bubbles up water so hot, that eggs can be boiled in it. The flow from the springs forms a large swimming pool which is a popular feature of the resort.

In addition to the 25 cabins, there is a large hotel with accommodations for 40 guests, and also a store, post-office, dancing hall and club room.

FOR A PLEASURE TRIP.

Coming Events for Which the O. R. & N. Co. Offers Very Cheap Rates.

Caledonian picnic at Athena, May 26th and 27th. Pacific Northwest Students' Conference, Y. M. C. A., Gearhart Park, Portland, Oregon, May 29th to June 7th. Planking at O. R. & N. Depot.

Workmen at the O. R. & N. depot are busy doing work preparatory to planking the strip of cinder path between the platforms at the west end of the building. When done, it will be a great improvement.

REPORT ON SEWERS

ENGINEER G. N. MILLER SUBMITS INTERESTING DOCUMENT

Gives Detailed Account of Entire Sewer System—Size of Pipes and Depth of Sewers—Capacity and Methods of Discharging Sewage.

The following interesting extracts are taken from the report of Engineer G. N. Miller on Pendleton's sewer system:

"The drainage area embraced by my design, as indicated in the plans, contains in round numbers 500 acres and will, when properly improved, accommodate from 25,000 to 35,000 people.

The eight miles of sewers now proposed, at an approximate cost of \$38,000, will drain the principal improved portions of this area, and as the growth of the city should demand, the sewers can be extended, so that when the whole area is sewered a permanent system has been established.

Depth of Sewers.

"The average depth of the sewers throughout the larger portions of the city is from five to seven feet, the Alta street main, throughout the business district is designed for basement drainage, the depth therefore being 12 feet.

"On streets with steep gradients the depth does not exceed five feet.

Will Carry Off Roof Water.

"The sewers are calculated to be of sufficient capacity to carry besides the sewage, the roof water and subsoil drainage from the basements. The admission of roof water to the sewers will flush the system thoroughly with each heavy rain.

The size of sewers vary in diameter from six to 20 inches, according to the carrying capacity required in each locality, the outfall main along the O. R. & N. being 20 inches in diameter and having a capacity of discharging 6,000,000 gallons each 24 hours.

The most practical and economical method of disposing of sewage is to discharge it into the Umatilla river, where it will be diluted with the water and carried away with the flow of the river. The amount of sewage discharged into the river will not be sufficient to cause any offense for years to come.

Should the time ever arrive when the sewage would become offensive, it would be practicable to build an intercepting sewer along the south side of the river to some suitable location, where sewage disposal works could be established to purify the sewage before it is discharged into the river.

Another method of sewage disposal which has been in use in Helena, Mont., for 15 years, is by local irrigation, by which method the sewage is distributed over farming and gardening lands. This method is in use on the Blalock fruit farm at Walla Walla.

GRADUATING PROGRAM.

Exercises to Be Given at Pendleton Academy at Close of Year.

The Pendleton Academy has issued a neat program of the commencement exercises which will begin with the baccalaureate sermon to be preached by Rev. F. L. Forbes on Sunday evening, May 24, and will terminate in the alumni banquet to be given Saturday evening, May 30.

- "Evolution of Women"—Grace Crockett.
- Music—selected.
- Awarding diplomas.

Machine Tells Your Weight.

The fabled talking machine has come to town and has taken a location in a local saloon. If you will step on the platform, count ten and drop a nickel in the slot, the machine will announce in a rich baritone, the exact number of pounds avordupois you possess.

Returned From England.

Rev. John Warren, who was formerly associated with Rev. Potwine, at the Church of the Redeemer, has returned from an extended trip to England, and will again be associated with Rev. Potwine in his work here. Rev. Warren left this morning for a visit with his sons in Union county.

No Dessert More Attractive

Why use gelatine and spend hours soaking, sweetening, flavoring and coloring when

Jell-O produces better results in two minutes! Everything in the package. Simply add hot water and set to cool. It's perfection. A surprise to the housewife. No trouble, less expense. Try it to-day. In Four Fruit Flavors: Lemon, Orange, Strawberry, Raspberry. At grocers, 10c.

FARMERS SWINDLED.

Traveling Salesmen Playing Smooth Confidence Games.

The farmers of Umatilla county are being swindled by several enterprising men who represent themselves as being in the employ of one or another of the wholesale grocery firms of Portland.

The men represent to the farmers that they are agents of some firm in Portland, which is desirous of enlarging its Eastern Oregon trade and that by buying their groceries of them they can get their supplies at wholesale rates and save the retailer's profits.

As a matter of fact, there are but five bona fide wholesale grocery firms in Portland, namely, Lang & Co., Allen & Lewis, Mason, Ehrman & Co., Wadhams & Kerr Bros. and Wadhams & Co., and these firms absolutely refuse to sell to the retail trade under any consideration. The fact is that these men in the country take orders of the farmers and then buy of the wholesalers in wholesale lots, that they make a good on their investment is shown by the following illustration.

A farmer's wife in the vicinity of Pendleton, bought 50 pounds of Mountain Java coffee at 35 cents a pound, the men claiming that to be the wholesale price at Portland. Had the lady come to Pendleton she could have bought the same coffee in one pound lots for 25 cents a pound or in bulk at from 18 to 20 cents, thereby saving from \$5 to \$7.50. The people are warned to investigate before being swindled.

CLERKS WILL REORGANIZE.

Union to Be Put on a Working Basis for Social Ends Only.

The retail clerks of the city are going to have a social time and many festive occasions during the summer. A meeting of the union has been called for next Tuesday evening at the Painters' assembly hall, in the Despain building, at which time a reorganization will be effected and plans drawn for the first event of the series.

The union has not met for about 18 months, and it has been decided to be for the best interests of the clerks of the city that they reorganize. On Tuesday next officers will be elected and committees appointed to carry out the plans of those who are agitating the movement.

It is the intention of the union to give a series of summer dances, parties and picnics, to which the clerks and their friends will be invited. The union is being reorganized as a social body and for the furtherance of the social interests of the members. It has about 60 members enrolled at the present time, and more are expected to be added to the list in the meetings soon to be held.

For Selling Liquor to Indians.

Frank Hughes was taken in custody on the charge of selling liquor to Spokane Jim and Charley Shapless, two Indians, yesterday evening and was taken before Commissioner Hailey. The man is a laborer, unknown here and will be heard before the commissioner tomorrow at 10 o'clock.

Professor Knox's Lecture.

The third lecture in the interesting series being given by Professor M. F. Knox, mental scientist, was greeted by a fair audience last night at Frazier's opera house. Professor Knox has organized a class of six in mental science and will lecture tonight at the parlors of the Golden Rule.

Shipping Rock to Pendleton.

George Kreiger is shipping several carloads of rock to Pendleton. J. Blumenstein is superintending the quarrying and the rocks are very good ones, many are from eight to 12 feet long.—La Grande Observer.

J. M. Spencer Transferred.

J. W. Spencer, train messenger of the Northern Pacific train service, has been transferred to another run and has gone to Portland to report for duty. He will be succeeded by J. M. Hudson on this run.

Off for the Big Race.

Bristol, R. I., May 13.—Sail was hoisted on the Reliance this afternoon and later the yacht left for Newport. Saturday she will go to City Island, where she will be put in shape for next week's races.

One Lone Drunk.

One lone drunk paid \$5 into the city treasury this morning as the result of his hilarity.
