GENERAL NEWS.

An auto-mobile race is on between Paris and Madrid.

An expedition has just left Frondheim, Norway, in search of the north pole.

A rebellion is announced in Bolivia, of the usual South American proportions.

The British Isles have been quarantined against Argentine and Uruguayan cattle.

Labor troubles in Valparaiso, Chile, have almost reached the proportion of an insurrection. Martial law has been proclaimed.

Ethel Clark, who was kidnapped from her home at Baltimore 23 years ago, when a little girl, has returned home and been identified.

The Great Northern Railway Company is advertising in Kansas City for 100 conductors, but so far there has not been an applicant.

A sick native of Hawaii was beaten to death with a Bible. The native physician held that he was possessed of devils and took that means of casting them out.

In spite of Russian denials and efforts to suppress the facts, it has become known that 44 Jews were massacred at Kishineff and 84 others more or less seriously wounded.

Two young men in New Jersey fought a duel with clubs to see which should have Miss Rosa Latzky, who suggested the duel. While it was in progress, Rosa was being married to a third suitor. The duelists were both badly injured.

A Jersey City man, on account of his weak heart forbidding the use of anesthesia, submitted to two amputations of an injured leg, the first below, the second above the knee. The second was rendered necessary by gangrene. He did not lose consciousness at any time.

A burglar was discovered in a house in St. Albans, Vt. Two men residing in the house were awakened and each attacked the other mistaking him for the intruder. Both were seriously hurt, one with a club, the other with a pistol. The burglar escaped.

PACIFIC NORTHWEST NEWS.

A new rural delivery route will be established at Corvallis, June 1.

Edward Keobin, who was shot last Sunday by O. E. Negus, died Wednesday night of his wounds.

A sea lion weighing 1,500 pounds, was killed Wednesday by a half-breed fisherman, near Vancouver, B. C.

The steamer Gussie Brown left Seattle for Nome Wednesday, the first vessel to clear for the North this spring.

A telephone franchise of 25 years, has been granted by the city of Corvallis to a company of local capitalists.

The steamer Eagle, of the Puget Sound line, was burned to the water's edge Wednesday at Eagle Harbor; loss \$8,000.

W. H. Vessy, of North Yakima, has just completed the longest continuous fence in the Northwest. It is over 32 miles in length.

A Japanese cook in a Great Northern boarding car, was stabbed to death Wednesday evening by a fellow countryman.

Tacoma is experiencing an acute beef famine. Local butchers are now anxiously awaiting cattle shipments from Texas, which were ordered in an extremity.

The master painters of Portland are hiring every non-union man who will work. The demand for painters is enormous, some of the firms having 50 and 60 houses engaged ahead.

Pierre Delorme, a half-breed of Vancouver, B. C., slashed his wife with a butcher knife, Wednesday. Thinking he had killed her, he cut his own throat, dying almost instantly.

Acker's Blood Elixir positively cures Chronic Blood Poisoning and all Scrofulous affections. At all times a matchless system tonic and purifier. Money refunded if you are dissatisfied. 50c and \$1.00. F. W. Schmidt & Co., druggists.

Lots for Sale.

I offer some nice lots on the north side near the river. No grading needed. Price \$200 to \$300. N. T. Conklin.

TO SEE PRESIDENT

WALLA WALLA PREPARING FOR 10,000 PEOPLE.

Ten Excursion Trains Will Carry the Crowds to That City on May 25—Umatilla Expected to Furnish 5,000 Visitors.

The 10,000 people that it is estimated will crowd Walla Walla from all points of the Inland Empire on president's day, will be handled by 10 excursion trains, the largest number that ever pulled into the city on any one day, says the Walla Walla Statesman.

Robert Burns, general agent for the O. R. & N., this morning stated that his road would run five trains into the city and expected to carry anywhere from 4,000 to 5,000 people. The special trains on this road will be one from Pomeroy, two from Dayton and way points and two from Pendleton.

On the line of the W. & C. R. railway, General Manager McCabe this morning said it was a question of securing coaches to transport the people along his road. "If we are able to secure the coaches, the W. & C. R. railway will bring five excursion trains into Walla Walla on president's day," he said. "One will come from the Eureka flat country, one from Athena and way points, one from Pendleton and two from Dayton. We are begging, borrowing and will probably have to resort to stealing cars to accommodate the crowds we expect to come to Walla Walla that day."

Messrs. McCabe and Burns both estimate that between 8,000 and 10,000 people will come to Walla Walla that day. Pendleton and Umatilla county's contribution is estimated anywhere from 4,000 to 5,000. The flat proper and that section of country north and east of Prescott should furnish another 1,000 and the remainder will come from Dayton, Waitsburg and Pomeroy, though many Pomeroy people will go to Colfax, where the president is scheduled to make a short stay.

The care and accommodation of the thousands who will crowd the city is a matter of serious concern to the city authorities. There have been large crowds in Walla Walla, probably the largest being Bryan's day in July, 1897, when it was estimated that 10,000 outsiders were in the city. To handle and feed from 8,000 to 10,000 people is a stupendous matter.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "A patient was attacked with violent hemorrhages, caused by ulcerations of the stomach. I had often found Electric Bitters excellent for acute stomach troubles so I prescribed them. The patient gained from the first and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at Tallman & Co.'s.

COMING EVENTS.

May 8-17—Pacific Coast Congregational Congress, Seattle.
May 12-15—Golf tournament.

A Dollar Saved is a Dollar Earned

You can save from 25 to 50 per cent on the stock I have left. This is genuine closing out sale and I am cutting prices to a figure that will sell them. I have made heavy reductions in the price of lace curtains, portieres, rugs, art squares and matings.

All 60c and 65c linoleum I am closing out at 50c a yard.
All 30c and 50c wall paper I have marked down to 25c per roll.
Oval framed French Plate Mirrors 33 1/2 per cent off.

I still have some high grade standard sewing machines left but they are going fast so you had better come in at once. They are going from \$18 up. Pictures and picture frames you can have at half price. These are genuine bargains. It will pay you to come in and see me.

JESSE FAILING, Store near the Bridge

Sharples Tubular Dairy Cream Separator

Beats them all for close skimming and easy running, no disc or bowl complications whatever

The closest skimming and easiest turning Separator yet produced, securing under the most adverse circumstances as regards to quality, condition and temperature of the milk, results heretofore considered impossible. It delivers smooth, frothless, perfect cream that will churn out more butter than can be obtained from any other Separator in existence. It can be thoroughly and completely washed inside of five minutes, as there are only three pieces to the bowl. The Sharples Tubular machines are the most simple and durable made, and can be maintained at a less cost for oil and renewal parts than any other Separator on the market. For catalogue, address:

THE BEST MANUFACTURING COMPANY

STEAM AND HORSE POWER
COMBINED HARVESTERS

As McCormick was the original inventor of the reaper and header, so was "Best" the original inventor of the first successful Combined Harvester.

We wish to call the attention of our friends who contemplate purchasing a Side-Hill Combined Harvester the coming season, that we are still in the lead in the way of improvements, in harvesting machinery, and which our farmer friends have rightfully named the "KING OF THE FIELD." After watching its work in the field the past sixteen years, and for the season of 1903 it will be still better, as we have made a number of valuable improvements.

The MACHINE is the strongest and most durable made.

IMPROVED DRIVE WHEELS—5 feet 4 inches high, 22 inch tire.

RUNAWAYS—are a rare thing with us. There is a brake on main drive wheel, which is controlled by the driver.

HEADER—is driven independently from the grain wheel of separator, and is arranged with a clutch for throwing in and out of gear when turning corners.

THE SEPARATOR—We wish to call your attention particularly to the separating qualities of our machine. We claim that no other combined harvester on the market can in any way compare with it for speed and thoroughness of work, in all kinds and conditions of grain, and will require less team to operate it.

AUTOMATIC GOVERNOR—Our patent wind governor on the fans governs the blast so that at any speed at which the harvester may be traveling, the wind is automatically regulated and prevents clogging the shoe and carrying the grain over in the straw.

We take pleasure in inviting you to call on Temple & Wilcox, Pendleton, and make a personal inspection of each and every part of our machines before placing your orders. Every machine warranted to do all we claim for it and to be first-class in every respect.

TEMPLE & WILCOX,
Local Agents
