THE GOVERNMENT ROUTE.

for Canal May be Authorized and Begun by Congress at Next Seesion-Ex-Congressman Moody Sanguine in the Matter.

Portland, May 14 .- The board of the regular army engineers detailed here to report on a plan for overcoming the difficulties in the way of naviga-tion on the Columbia at Cellio Rapids was in session yesterday at the Cus-tom House, the trip to Cellio having been postponed until today. The pro-ceedings were devoted to examining the data bearing on the subject, col-lected by Major Langfitt during the interim botwees the mostine of the

interim between the meeting of the board last September and this time.

This was quite volumnious and pre-sented in detail the Harts and other plans which have been prepared for removing the obstacles. After review-ing this carefully it is understood that the board reached no definite conclusion as to what its report will be, but the feeling prevails that the scheme for damming the river at the gorge will be abandoned in favor of a continuous canal around both the rapids and Cellio Falls.

It is believed that this can be a It is believed that this can be ac-complished at less expense than is m-volved in the plan for a dam and is the more practicable way. There is little doubt that eventually a favora-ble report will be returned by the board and that the work will eventu-ally be authorized, the question of the most feasible method alone being most feasible method alone being considered. The river and harbor act of June 13 authorized a thorough investigation of the project and prac-tically authorized the work, provided it can be done within the Harts estimate

Ex-Representative Moody, who was here yesterday as the guest of the board, feels quite sanguine that the work will be authorized and commenced without further congression al action. The board and Mr. Moody went to

The Dalles over the O. R. & N. in President Mohler's private car, and will spend today examining the rapids and making estimates.

return soon from the Philippines and resume his duties at this point. This will give Portland two resident army engineers, as Major Langfitt will con-tinue, having charge of the Willamette and Lower Columbia rivers and Captain Harts the Upper Columbia and Snake

NEW YORK AND OTTAWA.

Foreclosure Sale of an Eastern Rail road Today.

road Today. New York, May 14.—There is con-siderable speculation in railroad and financial circles as to the future of the New York & Ottawa railroad, which is to be sold at foreclosure sale today. The line extends from Tupper Lake, Franklin county, N. Y., to Ot-tawa, Ontario, a distance of 128 miles. Some time ago it was reported that Some time ago it was reported that the New York Central would buy the road and make it a part of its system, but more recent developments have led Wall Street to the conclusion that the road will be bought by the Dela-ware & Hudson railroad. If the Dela-ware & Hudson acquires the road it will doubtless build a short connecting link between its line and the New York & Ottawa at or near St. Regis Falls. This would give the road the shortest line between Ottawa and Al-bany, and would enable it to secure a larger share of the immense lum-ber shipments from Ottawa to Albany

and New York May Festival Concerts

## TEN DOZEN RABBITS. Judd Rogers Furnishes Game for the

Echo Banquet, Yesterday evening Judd Rogers, who has started a rabbitry near Echo, brought to that city 10 dozen Echo. young American nare for the citizens lanquet to be given tomorrow after-

Non. Mr. Rogers has engaged in the bus-iness of breeding and growing the American hare for market, and his entire output will be used by the Echo Cannery Company. The rabbit becomes very much do-mesticated with a little care and at-

tention, and where a uniform, nutri-tious feed is furnished them, the meat has an excellent flavor. The plan of Mr. Rogers is to inclose

a large area of land adjoining an al-falfa field. This tract of land will be divided into "runs," breeding pens and pastures. Different kinds of nutritious crops, such as clover, miliet, cow peas and alfalfa will be grown for them and the main object in car-ing for the animals will be to tame them as fast as possible, as they will not fatten so fast nor grow so

where they live in constant fright of men and dogs. It is a new and novel branch of business in Eastern Oregon and its development will be watched with interest.

H. C. Willis, secretary of the Echo H. C. Willis, secretary of the Echo Cannery and Cold Storage Company, will take a vacation from his position as agent at Echo, soon, for the pur-pose of promoting the industry in Eastern Oregon towns.

SOUTHERN COTTON SPINNERS.

Great Manufacturing Association in

Session Today. Charlotte, N.C., May 14.--Men rep-resenting more than one billion dol-lars of capital are attending the annual convention commenced here to-day by the Southern Cotton Spinners' Association, the largest and most progressive permanent industrial or ganization in the Southern states. Be-sides all the states of the South, the territory represented at the conven-tion includes Pennsylvania, New York, Maine, New Hampshire, Rhode Island, Indiana and Missoura. A number of questions of high importance to those engaged in the industry are scheduled for consideration during the Gray's Harbor two days the convention will be in ses-sion. The speakers will include men Captain Harts, who was formerly resident engineer here, is expected to life of the United States, who have practical experience in cotton manu facture both directly and indirectly.

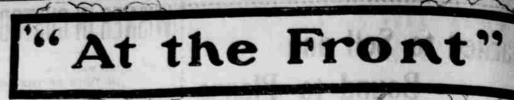

#### Social Scientists in Session.

Boston, May 14.-The American Social Science Association, founded in 1865, and which includes in its membership men of note in all parts of the country, began its annual meet-ing today in this city. Questions of social economy were discussed at the opening session, called to order at 10 o'clock this morning in Huntington hall. The responsibilities of capital istic organization and of labor or ganization were the subjects touched upon in addresses by Professor Eugene Wambaugh, of the Harvard Law school and other persons equally well qualified to speak on the subject At an open meeting to be held this even-ing Oscar S. Straus, of New York, president of the association and Pro-lessor lobe Carbar Breeks will dis fessor John Graham Brooks will discuss the subject of industrial peace, and St. Clair McKelway, editor of the Brooklyn Eagle, will speak on "Jour nalism and Publicity."

The Real Cause of Dandruff and Bald-

At one time dandruff was attributed to be the result of a feverish condition of the scalp, which threw off the dried cuticle in scales. Professor Unna, Hamburg, Ger-many, noted authority on skin dis-

cases, explodes this theory and says

mancy for the Sherwin-Wil-Paint.

Ann Arbor, Mich., May 14.—The 10th annual series of the May festival concert under the auspices of the music department of the University of Michigan, begins tonight in Uni-versity hall, and music-lovers are ar-riving from all parts of the state. There will be five concerts by the choral union of 300 voices, the Bos-ton Festival Orchestra of 50 pieces, under the direction of Emil Molien-hauer, and some of the most celebrat-ed soloists in the country. The list of soloists includes Miss Anito Rio and Miss Shanna Cumming sopranos: and Miss Shanna Cumming, sopranos; Madame Louis Homer, of the Metro-politan Opera Company, and Madame Isabelle Bouton, contraitos; Herr Andreas Dippel, tenor; Signor Emilio De Gogorzo, baritone; Frederick Mar-tin, bass: Madame Fannie Bloomfield Zeisler, planist, and Carl Webster, violincelliste.

A MILLION FOR AN ANGEL. A MILLION FOR AN ANGEL. It is said that John Farson, a Chi-cago millionaire, has offered \$1,000. 000 to the servant who will stay in his family till he dies, who loves her vocation, who is good-natured and a diplomat who knows better than to discuss family affairs with other serv-ints who is shown divided the servdiscuss family affairs with other serv-ants, who is always dignified, who is a good nurse, a good cook, a dress-maker, and who never sulks. Such a luxury would easily be worth the money to a man who can afford it. But angels are rare on earth, and even at \$1,000,000 a piece Mr. Farson may experience great difficulty in catching any.—Boise Capital News.
