

**HERPICIDE**

**Dandruff and Falling Hair vanish** before the magic touch of Newbro's Herpicide, the latest scientific discovery. It kills the dandruff germs. Destroy the cause, you remove the effect. Kill the dandruff germ, and your hair will grow abundantly.

Dr. AUGUST, IDAHO, Dec. 8, '96. Herpicide does all that you claim for it. It has cleared my head from dandruff, and left my hair fine and soft. CHARLES M. CHOWAN, For Sale at all First-Class Drug Stores.

**WANTED**

Help wanted to harvest the strawberry crop in the vicinity of Milton and Freewater. The crop promises to be unusually large, and outside help will be needed. There will be employment for a large number of persons in harvesting the crop. Families who wish to take a six weeks outing and combine profit with pleasure are invited to come up to the Freewater strawberry fields. Camping grounds will be furnished free. Twenty-five cents per crate is paid for picking. Address N. W. Mumford, Freewater, Oregon, or R. T. Motley, Milton, Oregon.

Agency for the Sherwin-Williams Paint.

OLD NEWSPAPERS—TO PUT UNDER carpets, on shelves, walls, or for wrapping purposes. Old newspapers in large bundles of 100 each at 25 cents a bundle at the EAST OREGONIAN office, Pendleton, Oregon.

**ROBBERY AT ADAMS**

**STOREKEEPER BOUND AND GAGGED AND SAFE LOOTED.**

Nervy Procedure Last Saturday Night by Robbers of Whom There is no Trace—Only Secured Thirty-eight Dollars.

Adams had a session with two bold highwaymen on Saturday evening, in which pistols, gags and midnight cries featured most prominently. About 8:30 Saturday evening, Harvey Richardson, of the firm of Richardson Brothers, prepared to close the store for the night. The store building is a large brick structure with old-fashioned iron shutters on the windows in front and rear. Mr. Richardson closed the shutters on the front windows and locking the front door, proceeded to the back of the room, where he started to close the shutters on the back windows. As he stepped out of the door he was commanded by two men to throw up his hands.

From now on things are hazy. He bolted into the store and ran into the office, which is a little room, wainscoted for about three feet and glass the rest of the way to the ceiling. The robbers followed Richardson into the office by forcing the door. Here Richardson ran behind the safe and attempted to draw his gun, when the robbers shot him through the third finger of his right hand. Richardson's gun was struck up and discharged into the ceiling.

**Bound and Gagged.**  
The robbers overpowered the storekeeper and bound him securely with some cotton clothesline and large binding twine. Then, tearing a small curtain from the office window, they used it as a gag, binding it in place with two large bandana handkerchiefs, one over the gag and one over the eyes. The robbers now turned their attention to the safe, which had not yet been closed. From it and the cash register they took \$38, leaving behind a couple of checks. They then blew out the lamp and taking an iron box from the safe and Richardson's pistol, went out of the back door, closed the shutters and made off in the darkness.

Mr. Richardson, left alone in the store, rolled to the safe door and managed to work the gag from his mouth by rubbing it against the corner of the safe door. Having cleared his voice, he rolled to the front of the store, where he succeeded in attracting the attention of a chance passerby after having been bound about half an hour.

The robbers were wise in their actions, and took only what could not be identified. They left behind the checks and the proprietor's watch. The iron box they carried away with them was of no value, as it contained insurance papers. Sheriff T. D. Taylor went to Adams yesterday and spent the day in looking for some clue to the robbers, but could find none. One man was arrested at Helix, but told a satisfactory story and was released. The night was very dark and the robbers were seen but indistinctly by Mr. Richardson, before they bound his eyes, so that at the present time the authorities have no clue upon which to work.

**Unitarian Anniversaries.**  
Boston, May 18.—This is the anniversary week of the American Unitarian Association and representatives of that denomination are gathered here from far and near to take part in the exercises which opened this morning with a service of prayer in King's Chapel. Senator Hoar, Dr. Everett Hale and other famous speakers will be heard during the week.

**Strike Issues Compromised.**  
Glasgow, May 18.—The Clyde engineers' strike ended this morning. It is supposed there were mutual concessions.

**Riots in Bridgeport.**  
Bridgeport, Conn., May 18.—Following the trolley strike riots of yesterday, there is perfect quiet today. No attempt was made by the management to run the early cars.

**The Owner—See here!** You want to handle that trunk more carefully! The Porter—I'll look out for it, sir. I know a man who let one drop on his toes last month, an' he ain't out of the hospital yet.—Town and Country.

**TAPE WORMS**

"A tape worm eighteen feet long at least came on the scene after my taking two CASCARETS. This I am sure has caused my bad health for the past three years. I am still taking Cascarets, the only cathartic worthy of notice by sensible people."  
Geo. W. BOWMAN, Baird, Miss.

Pleasant, Palatable, Potent, Taste Good, Do Good, Never Sicken, Weaken, or Grip. 10c. 25c. 50c.  
**CURE CONSTIPATION.**  
Selling Handy Cans, Chicago, Montreal, New York, etc.  
**NO-TO-BAC** Sold and guaranteed by all druggists to CURE Tobacco Habit.

**DO YOU GET UP WITH A LAME BACK?**

**Kidney Trouble Makes You Miserable.**

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**Prunes in California.**

The California Fruit Grower, April 18, reports the prune situation in that state, as follows:  
The prune market, contrary to expectations, shows weakness in place of the hardening tendency naturally looked for, owing to the unfavorable reports from the large producing districts. Reports received at these offices during the week would indicate that the prune crop of this state at the present time is about 40 per cent short as compared with that of last season. In the lower San Joaquin valley six of the largest orchards, aggregating upwards of 3000 acres, report the shortage to be fully 50 per cent as compared with last year. The trees were overloaded last season, hence it is but natural that they should take a rest this year. Conditions indicate that the fruit will run to large sizes.

Old prunes are freely offered on 2 1/2 and 2 3/4 c basis for outside and Santa Clara respectively. A firm offer of 2 1/2 c for outside stock would be confirmed by some holders but quotations are not being generally made on 2 1/2 c basis. Exports of prunes from the United States for the eight months ended February 28, amounted to 59,109,646 pounds in 1903, and for the same period in 1902, the exports were 18,937,996 pounds, and in the year 1901 but 6,920,888 pounds of prunes went export. In short the foreign markets took one-third of last season's crop at better prices than can be obtained at present for spot stocks.

**Housemaid—I** overheard the missis telling a caller the other day that I was "no good."  
Butler—Well, isn't that what listeners generally hear of themselves?—Chicago Tribune.

**"Uncle Joe" Cannon's** birthday for 1903 slipped by last Thursday. Asked to suggest something appropriate for a reporter to say on the occasion, the next speaker dictated this: "Mr. Cannon was born of God-fearing and man-loving parents. He made himself, and he did a blamed poor job of it."

"I don't seem to make any impression on your father, Maude. And I've done my best to get on his right side."  
"Try his left side, George. He hears better on that side."—Cleveland Plain Dealer.

Willie Winterman—And so you were nothing but an American!

**Eastern Oregon Experiment Station.**  
A representative of the La Grande Observer recently visited the Eastern Oregon experiment station at Union. He found that about 450 acres of land on the experiment station farm are now under cultivation under the direction of Prof. Leckenby. One of the main features of the experimental work carried on is the testing and breeding of grasses. Something over 200 varieties, a number of which were originated by Prof. Leckenby, are now under cultivation. All the grasses on the farm are planted in drills about 18 inches apart and the yield thus obtained is as large, if not larger, than when the seed is planted in the old way. Last year from an acre of fall-sown Bromegrass a ton of seed was harvested, for which Prof. Leckenby was offered \$1.00 per pound. The seed peas grown on the farm last year amounted to six tons, for which an offer of 6 1/2 cents per pound was received. From one acre the yield was 2960 pounds. Another very important line of work carried on at the station is the growing of sugar beet seed. Remarkable success has been achieved in this work.

**COMING EVENTS.**

- May 20—I. O. O. F. grand lodge, Portland.
- May 20, June 3—Presbyterian general assembly, Los Angeles, Cal.
- May 24-29—Commencement at Penton Academy; 24, baccalaureate sermon; 27, class day; 29, commencement; 30, banquet.

- July 7—Improved Order of Redmen great council, Portland.
- August 17—National G. A. R. encampment, San Francisco.
- September 8-11—National irrigation congress, Ogden, Utah.

**ALWAYS TIRED NEVER RESTED**

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. That "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is no rest. One of the chief causes of this condition is a general debility of the system. For over four years I suffered with general debility, causing a thorough breaking down of my system. I was unable to do any work, and I was almost entirely blind. I tried all kinds of medicine, but to no avail. I was then recommended by Dr. J. C. Williams to try his "Purifier of the Blood." I bought a bottle of Dr. J. C. Williams' Pink Pills for Pale People, and after taking a few bottles I began to feel better. I was able to do my work again, and my vision improved. I am now as well as ever, and I can recommend Dr. J. C. Williams' Pink Pills for Pale People to all who may feel the same. Yours truly, MRS. JOHIE A. BRITTON, 44 W. Ninth St., Columbia, Tenn.
