NOTICE TO CONTRACTORS.

Sealed proposals will be received at the
office of the undersigned, and at Athena,
Oregon, until 2 p. m., June 1, for the
erection and completion of a brick and
stone Methodist Church, according to the
plans and specifications now on file at the
office of the Rev. Arnfield, of Athena,
Oregon, or at the office of the architect,
Room 7, over Boston Store. Bids will be
received separately for each branch of the
work or for the entire work. A certified
check of 5 per cent of the bid must ac-
company each bid, to be forfeited to the
Building Committee should the bidder fail
to enter into contract as per specifications.
C. E. THOUTMAN,
Pendleton, Oregon. Architect.

Notice to Tax Payers.

You can save the county expense by calling
at the assessor's office to give in your personal
and city property.
So many have employment away from home
during the day that it is extremely difficult to
find them in order to see such persons and
adjust their assessments the assessor will
only remain in his office during regular office
hours, but will, for two weeks, keep his office
open in the evening from 7 to 9 o'clock. You
are earnestly invited to call soon and go over
your valuations with the assessor personally.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense
of smell and completely derange the whole
system when entering it through the mucous
surfaces. Such articles should never be
used except on prescriptions from reliable
physicians, as the damage they will
do is ten fold to the good you can
possibly derive from them. Hall's Catarrh
Cure, manufactured by F. J. Cheney & Co.,
Toledo, O., contains no mercury, and is
taken internally acting directly upon the
blood and mucous surfaces of the system.
In buying Hall's Catarrh Cure be sure you
get the genuine. It is taken internally
and made in Toledo, Ohio, by F. J. Cheney
& Co. Testimonials free.
Sold by druggists, price 75c per bottle.
Hall's Family Pills are the best.

A Sure Thing.

It is said that nothing is sure except
death and taxes, but that is not alto-
gether true. Dr. King's New Discov-
ery for Consumption is a sure cure for
all lung and throat troubles. Thou-
sands can testify to that. Mrs. C. B.
Van Metre, of Shepherdstown, W. Va.,
says: "I had a severe case of bron-
chitis and for a year tried everything
I heard of, but got no relief. One bot-
tle of Dr. King's New Discovery then
cured me absolutely." It is infallible
for croup, whooping cough, grip, pneu-
monia and consumption. Try it. It's
guaranteed by Tallman & Co., drug-
gists. Trial bottle free. Regular
sizes 50c, \$1.

CROPS IN OREGON

SLIGHT INJURIES REPORTED FROM UMATILLA COUNTY.

Large Crop of Berries Everywhere in
Sight—Too Early Yet to Estimate
Apple Crop—Wire Worms Working
at Some Points.

The week has been cooler than
usual, and much-needed rains have
occurred in Southern Oregon and a
few slight showers fell in the eastern
sections of the state. No damaging
frosts have been reported, but high
winds have slightly injured the wheat
crop in Umatilla county and retarded
the growth of spring grain in Union
county. Wire and cut worms are also
reported to be doing slight damage
in some sections, but in general the
condition of wheat, oats, barley and
rye are promising, although these
crops are backward. Grass and pas-
torage are now making a splendid
growth in the western part of the
state, and the flow of milk in the
dairy districts is excellent, both as
to quantity and quality. Sheep shear-
ing is advancing slowly, and the clip
continues to be reported light.

Plowing land for summer fallow is
nearly completed, and corn land is
mostly all planted. Corn is coming
up slowly, owing to the cool weather.
Reports from the hop-growing dis-
tricts are that the crop is quite un-
even, and the number of missing hills
is much greater than usual. The new
yards are doing better than the old
ones. Gardens and potatoes are prom-
ising. Sugar beet planting is well ad-
vanced and the plants are coming up
to good stands.

Reports on fruit are somewhat
conflicting, with the prospects gen-
erally favorable for good crops of
berries, cherries, pears and plums.
Peaches will be light, and it is too
early to estimate closely regarding
apples.

Columbia River Valley.
Enderley, Wasco county, W. J.
Harriman.—Early part of week very
warm, latter part light showers and
cold; crops improving; fall barley
headed out.

Grass Valley, Sherman county, Geo.
B. Bourhill.—Cut worms still continue
to do some damage; fall wheat shows
up better, made growth during week;
spring wheat not doing as well; farm-
ers all busy plowing summer fallow.

Hardman, Morrow county, A. B.
Stanley.—Week cool; vegetation back-
ward; fruit crop promises well; fall
wheat thin on ground and backward;
all crops need rain; light frost Wed-
nesday night, no damage; stock in
good condition.

Vinson, Umatilla county, Joseph
Doherty.—Weather still dry; lambing
and shearing nearly completed; prepa-
rations being made to start stock for
summer ranges; grains, spring sown
especially, rather slow; too dry for
much growth; stock doing well;
grass very good, alfalfa being irrigat-
ed.

Plateau Region.
Island City, Union county, J. M. Mc-
Call.—Good showers Friday, more
rain needed; nights cool; apples
blooming very full; fall wheat looks
fine, spring sown mostly up; sugar
beets nearly all planted; first plant-
ing up and doing nicely; good crop
promised; early gardens up.

Miles, Baker county, P. H. Miles.
Weather dry, rain needed; vegetation
growing slowly.

Juntura, Malheur county, W. H.
Dunlap.—Crops growing nicely; seed-
ing about done; gardens coming up
nicely; grass good and stock doing
well.

Prairie City, Grant county, John W.
Hall.—Grain drying up and crop will
be very poor unless it rains soon;
plum trees in full bloom; grass on the
hills very short yet, and cattle are
not doing well; sheep shearing in
progress.

Post, Crook county, J. B. Meyer.
Weather dry; crops generally looking
bad; irrigation ditches all running;
early gardens up; fruit trees in bloom;
grass on range drying up; alfalfa
growing; amount winter killed large.

Plush, Lake county, Daniel Boone.
Weather favorable for lambing;
prospect of full crop of hay.

Klamath Falls, Klamath county,
Francis J. Bowne.—Cold week, frosty
nights; good shower Wednesday; ir-
rigation just started.

THE COE COMMISSION CO.

Holds no customer re-
sponsible for more than
the margin he places on a
trade.

A margin of one cent a
bushel is required on
grain, and \$2 a share on
stocks. An eighth cent
a bushel commission is
charged on grain and 1/4
of one per cent on stocks.
