The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WALLA WALLA CATTLE SALES.

Shorthorn Association Will Be in That City on June 3.

Members of the Shorthorn Breeders' Association will arrive in Walla Walla on June 3, with a shipment of registered animals for sale. Col. R. C. Judson, industrial agent of the O. R. & N. arranged the sales date and invited the association to come to that city.

The original sales date was May 28, but owing to delays at other points the date is changed to June 3. The remarkable success of the Hereford Breeders' Association last year gave Col. Judson great encouragement and the frequency and number of these blooded stock sales in Eastern Oregon and Washington will be increased as the patronage demands it.

The American Shorthorn Breeders' Association, under whose management the sale will be held, will also sell 30 or 40 animals at Colfax on June 4. The shipment to Colfax and Walla Walla, however, will separate.

The names of the contributors to this sale is a guaranty of the merit of the offering and should inspire the confidence of those who want good cattle. The following are contributors: C. E. Leonard, former president of the American Shorthorn Breeders' Association; T. J. Wornall and I. M. Forbes, directors of the association; N. H. Gentry, former director; H. C. Duncan, George E. Ward, John Morris, J. N. Brown's Sons, all prominent and successful breeders.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure all chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1.00 F. W. Schmidt & Co., druggists.

ECZEMA SETS THE SKIN ON FIRE

No disease causes so much bodily discomfort, or itches, and burns as Eczema. Beginning often with a slight redness of the skin it gradually spreads, followed by pustules or blisters from which a gummy, sticky ooze which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body but oftenest upon the back, arms, legs and face, and is a veritable torment at times, especially at night or when over-heated.

In 1896 I experienced at times patches on the side of my hands that itched and burned, causing much discomfort. As time went on I grew worse, and I was convinced that I was afflicted with Eczema. I consulted several physicians and a number of specialists, and used several external applications, receiving slight temporary relief. In February I decided to try S. S. S., and in less than a month I experienced a change for the better, and by May all symptoms had disappeared, and I found myself entirely cured, and have had no return of the disease since. W. F. BRUSH, Manager Stockman's Advertising Agency, Station A, Kansas City, Mo.

The cause of Eczema is a too acid and general unhealthy condition of the blood. The terrifying itching and burning is produced by the overflow through the glands and pores of the skin of the fiery poisons with which the blood-current is loaded. While external applications, such as washes, soaps, salves and powders aresotting and cooling they do not enter into the blood itself to touch the real cause of the disease, but S. S. S. does, and purifies, enriches, and strengthens thin acid blood and cleanses and builds up the general system, when the skin clears off and Eczema with all its terrifying symptoms disappears.
