BAKER CITY IS THE WINNER

LEADING BY TWO POINTS.

Beautiful Weather, Perfect Track, a Thousand Spectators and Very Interesting Work by Fine Teams—Union Left Far in the Rear on Points.

A thousand people gathered at the Simpson-Perringer track on Saturday afternoon to witness the inter-scholastic field meet between the Union, Baker City and Pendleton track teams. The day was an ideal one for the start, and flags, school colors and bunting fluttered in the breeze which tempered the sun.

Class yells and school yells and just old-fashioned American cheers, made things lively and gave courage to the boys who strove to win laurels for themselves and victory for their school. The track was in perfect condition and the men were evenly matched, making a contest well worthy the time of the spectators and the efforts of the contestants.

Cronin with one first, four seconds and two third places, was one of the stars of the day. Kelly, of Baker City, was the point runner of the day with four first and one third place. To him as a reward for his excellence goes the special gold medal awarded by Louis Hunziker, of this city.

Not until the last event was the winning run scored, and that was in the mile relay race, when Brown, of Baker City, beat Pierce, of Pendleton, in the hardest fought event of the day. Pendleton's plucky runner kept his feet and stride until the tape was reached when he collapsed. It is such effort as that which makes the point winner in a field meet.

The events were all good and when the colts of Saturday go to college, Eastern Oregon may expect to hear of them in the big events of the large colleges, where an athlete to score must be a man above the standard.

W. Merritt and Fred Lasater, of Whitman College, were respectively referee and starter, and gave the best of satisfaction. They are both Whitman College track men and knew the management of the events to the least detail.

The tabulated results of the meet is given below, showing the events and the three point winners in each event. The first place scores five points for the winner's school, the second three points and the third one point.

100-yard dash—Kelly, Wyrick, Hartman. Time, 10 1/2 seconds.
Shot put—Cronin, Arnsperger, Allen. Distance, 41 1/2 feet.
880-yard run—Brown, Leezler, Mitchell. Time, 2:10.
High jump—Kelly, L. Cronin, R. Cronin. Distance, 5 feet 5 inches.
Hammer throw—Allen, Arnsperger, Cronin. Distance, 98 feet 4 inches.
220-yard dash—Kelly, Wyrick, Chandler. Time, 25 seconds.
Pole vault—Mulvehill, Neil, Cronin. Height, 9 feet 3 inches.
440-yard dash—Brown, Dodson, Pierce. Time, 55 1/2 seconds.
120-yard hurdle—Williams, Cronin, Allen. Time, 18 seconds.
Discus—Arnsperger, Cronin, Foster. Distance, 96 feet 10 inches.
220-yard hurdle—Williams, Kelly.
Broad jump—Kelly, Cronin, Mulvehill. Distance, 20 feet.
Newton. Time, 29 seconds.
Relay, one mile four relays—Brown.

MANY EXCURSIONISTS.

Twenty Coaches Pulled by Two Engines on Walla Walla Special.

Elsewhere in the paper mention is made of about one-twentieth of the people going to Walla Walla on the morning train. Since then every one in the city possessing the necessary courage, cash and patriotic enthusiasm, has bought tickets to the Washington city. Twenty coaches, pulled by two engines, went out on the noon special, half of which were filled when started. At an easy estimate this would give 1,000 people from Pendleton on that train. Altogether, at least 1,200 people took advantage of the excursion today.

PENDLETON WINS AGAIN

Palouse Boys Play Good Game, But Pendleton Won Easily.

The game between Pendleton and Dayton last Saturday was much better than the two preceding games. Everybody played good ball and the Pendleton team won it—3 to 1.

Walla Walla defeated Colfax the same afternoon—4 to 1. The Sunday afternoon game between Pendleton and Dayton was won by Dayton by 1 point, the score being 5 to 4.

Belieu-Stubblefield.

Bertie Belieu and Miss Ella Stubblefield, both of Pendleton, were married yesterday at 3 p. m., at the Baptist parsonage in this place, Rev. R. W. King officiating. Mr. and Mrs. Belieu will make their home in Pendleton.

Sheriff Taylor to Colfax.

Sheriff T. D. Taylor went to Colfax yesterday on a brief business visit. He was called there as a witness in a criminal case before the circuit court, now in session at that place.

DEATH OF H. B. NELSON.

Well-Known Manufacturer Passed Away Saturday Evening.

Mayor H. B. Nelson, of Weston, the pioneer brickmaker of that city, and one of the prominent men of Eastern Oregon, died at his home in that city on Saturday last at 8 o'clock p. m. His illness dates from a slight stroke of apoplexy about five weeks ago, followed by an attack of asthma, superinduced by acute heart trouble.

The funeral services were conducted at the house yesterday afternoon, at 3 o'clock, by Rev. W. E. Potwine, of the Episcopal church. The Knights of Pythias, of which order Mr. Nelson was an old member, formed an escort of honor and conducted the services at the grave. The Odd Fellows also sent an escort with the body to its last home.

Mr. Nelson was one of the pioneer residents of Weston, having been there for nearly 30 years. He owned and operated at that place one of the largest brick yards in the Inland Empire, and was a man well and favorably known in the business and social world.

Mr. Nelson leaves behind him a widow and two children: Mrs. J. V. Chastain, of Milton, and Clark Nelson, who was formerly a deputy in the office of County Assessor Strain.

ADVENTISTS CAMP ENDED.

Twenty-Six Additions to the Church—Protracted Meetings Later.

The annual camp meeting and conference of the Adventists closed last evening at Byers' grove after two weeks of very successful effort. At the meeting Saturday evening there were 26 additions to the church, and there were many more scattered throughout the duration of the meeting.

It was like the breaking up of a small army when the people camped in the grove dispersed. The streets of tents were folded away and soon where had been a city of white stretched the bare expanse of the ground, strewn with the litter of a deserted camp.

The elders of the church are contemplating a protracted meeting in Pendleton. If the meeting is held, one of the large gospel tents will be moved to a convenient place in the city and used at the place for holding the services. If this plan is carried out the public will be notified by the elders in charge as to the time and place of meeting.

FORMER PENDLETON BOY.

Son of Hon. W. M. Ramsay, a Former Resident of This City, Attains High Honor.

The following notice of the advancement of a former Pendleton boy from the La Grande Observer, will be read with interest by his many friends here:

"The Rev. Horace M. Ramsey, M. A., son of W. M. Ramsay of this city, who has been pursuing post-graduate studies at Columbia University and recently the General Theological Seminary, New York City, the past year, has recently been appointed instructor in Semitic language at the latter institution. This is quite a compliment to a young man of 22 years. He graduated at the Pacific University in 1899, receiving the degree of B. A., and then took the three-year course in theology at the seminary of the Episcopal church in California and did one year's graduate work at the University of California, where he received the degree of M. A. last year, he being Temple Emanuel Ell Fellow at the university there last year. He was elected Elgenbrodt Fellow of the General Seminary last summer and has been re-elected to the same fellowship for next year and this is followed by his election to the position of instructor in Semitic languages at the seminary."

The Rev. Mr. Ramsey above mentioned was formerly a member of the Sunday school of the Church of the Redeemer of this city, under the present rector, and is remembered as a very promising pupil. His rapid advancement in high literary circles confirms the former estimate of his probable intellectual attainments. Another and older son of Judge Ramsey is an officer in the marine corps of the United States.

HON. THOMAS B. KAY IN CITY.

Chairman Ways and Means Committee Last Legislature.

Thomas B. Kay, of Salem, was a Pendleton visitor Sunday. Mr. Kay was the chairman of the ways and means committee of the last legislature, and by his untiring vigilance, gained the nickname of "the watchdog of the treasury." He believed in conducting the business of the state on a business plan, and did not think that sentiment should enter into the matter; for that reason he opposed the large appropriation for the Indian war veterans and many other like measures.

Mr. Kay is the manager of the Salem Woolen Mills Company, and is one of the most thorough mill men in the West, having learned his business on the other side of the water with his father, the Hon. T. B. Kay, lately deceased.

Stonebroker Farm Sold.

Melissa M. Stonebroker has sold to Jerome Stonebroker, her husband for \$2,000, the east half of the northwest quarter of lots 7 and 8, and the southwest quarter of the northwest quarter of section 23 in township 1, range 32 east, consisting of property in and near Pendleton.

OIL FOR THE BODY

You can't lose an atom without feeling it. The body is like an engine, a watch, a machine; must be kept in good order to run right.

That's the reason Scott's Emulsion is so successful in all wasting diseases. It feeds, nourishes and strengthens when ordinary food won't.

Doctors say Scott's Emulsion is the best nourishment for those who are not as well as they should be—young or old.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

GOOD LAND LEFT

COLVILLE ALLOTMENTS DID NOT INCLUDE BEST TRACTS.

Many inquiries for Homesteads in Northern Washington Reservation—Rich Mining District Adjacent to Farming Country.

Colville, May 25.—During the past week there has been more than the usual amount of activity with the homeseekers' movement in the direction of the ceded portion of the Colville Indian reservation lying in Stevens county, east of the Kettle river, as well as along the railway on the west side of the river in Ferry county.

These lands have not been much sought for because of the impression sent abroad that all of the best lands were held under Indian allotments. The recent decision of the commissioner of the general land office touching the status of Indian lands on the reserve first drew attention to the reservation, and a number of settlers went in to find plenty of good tillable land open for settlement where it was supposed to be inaccessible to travel.

Another thing that has added to the interest being taken in the reservation region is the discovery of the fact that many of the proprietary maps that were offered to the public as official showed upon their face vastly more land marked and designated as Indian allotments than were ever held by Indians. These maps are said to be misleading in the extreme, and have done more to keep out a desirable class of settlers than any one thing. Many would have taken these lands long ago and established comfortable homes upon them, but for the apparent surfeit of Indian claims.

Maps Were Misleading. Since the real condition of affairs has been made apparent a number of fine tracts of land have been homesteaded. One settler who located within three miles of Marcus, is said to have refused \$2000 for his relinquishment three days after his entry, but refused the tempting price.

The area of the reservation lying in Stevens county will average 20 miles in width by 30 miles long. Some of the country is mountainous, but the large part of it is covered with deep soil, most prolific in vegetable growth, well timbered, and nature has provided an abundance of water for all purposes.

The Pierce Lake mining district lies in the mountainous portion, and is one of the richest mineral districts in the state. On the west side of the Kettle river are a number of rich valleys reaching back into the mountains that have not yet been explored by the homeseeker.

CALIFORNIA RELICS.

Prehistoric Utensils Unearthed in Shasta County.

The paleontologists of the University of California sent to delve into the pottery in Shasta county have met with very great success in their researches. The first report from the exploration party which has just reached the university shows that the caves are a rich field for investigation for in the brief time the party has been there many valuable specimens of bones of extinct animals have been unearthed. Altogether 4000 specimens were unearthed, most of them in a good state of preservation. Seventeen species of animals found are of the extinct kind. The most interesting discovery were traces of prehistoric man. They consist of a number of polished bone and stone implements, which might have served early mankind as utensils or weapons.—Exchange.

Additional Personals.

Thomas G. Halley is in Colfax, having been called there to testify in a criminal case before the circuit court now in session.

Orie Knight and Harry Dupuis, of the Western Union telegraph messenger service, have gone to Walla Walla today.

L. W. Damon, the head of the shorthand department of the Modern School of Commerce at La Grande, is in the city today.
