### HAILEY AT ATHENA.

Mayor Thomas G. Hailey and family went to Athena this morning, where Judge Hailey will be the speaker of the day at the Caledonian picnic.

Mr. Hailey will take for the subject of his remarks the early Scotch settlers of the Northwest and their influence on the growth and development and civilization of the country. ### Onion-Flavored Eggs.

### WOMEN'S SYMPATHY

Is Proverbial—Pendleton Women No Exception.

How much we owe to the sympathetic side of womanhood! When others suffer they cheerfully lend a helping hand. They tell you the means which brought relief to them that they may profit by their experience. Read the testimony given here by a Pendleton woman.

Mrs. L. Hodson, of 717 Aura street, says: "While my kidneys have never caused me any trouble which made itself apparent in the kidneys themselves nor in the secretions, I have been bothered more or less by an aching across the small of my back, then down and through my kidneys. When I caught cold it hurt me across my loins and made me feel lame and sore. I got a box of Doan's Kidney Pills at the Brock & McComas Co. drug store and used them. While I did not take them according to directions, being a poor hand to dose myself with medicines at all, they benefited me in every way, making my back stronger, and toning up my whole system."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—DOAN'S—and take no other.

### Speakers at Emerson Centennial.

New York, May 25.—One of the most notable of the many functions to be held throughout the country this week in celebration of the one hundredth anniversary of the birth of Ralph Waldo Emerson, will be the commemoration dinner to be held by the Society of the American Authors this evening at the Waldorf-Astoria. The speakers include Col. Henry Watterson, Chancellor MacCracken, President Schurman, of Cornell University, and Dr. William T. Harris, United States commissioner of education.

### The Tail and the Hide.

Emigrants from the continent of Europe introduced oxtail soup into England in the sixteenth century. Before their arrival the London butchers sold their bullocks' hides with the tails on. The tails were thrown away and wasted, but the refugees obtained them for next to nothing and made soup of them.

#### Parasites Cause All Hair Troubles.

Nine-tenths of the diseases of the scalp and hair are caused by parasite germs. The importance of this discovery by Professor Unna of the Charity Hospital, Hamburg, Germany, can not be overestimated. It explains why ordinary hair preparations, even of the most expensive character fail to cure dandruff; because they do not, and they can not kill the dandruff germ. The only hair preparation in the world that positively destroys the dandruff parasites that burrow up the scalp into little scales called scurf or dandruff, is Newb's Herpicide. In addition to its destroying the dandruff germ Herpicide is also a delightful hair dressing, making the hair glossy and soft as silk.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich.
