Can't we call for your Bundle and Deliver it FREE.

DOMESTIC LAUNDRY

Court and Thompson Streets.

OLD NEWSPAPERS—TO PUT UNDER carpets, on shelves, walls, or for wrapping purposes. Old newspapers in large bundles of 100 each at 25 cents a bundle at the EAST OREGONIAN office, Pendleton, Oregon.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MONEY, NOTES AND ACCOUNTS.

Additional List of Taxpayers Who Have Money and Notes on Hand.

As the assessment of the county progresses the taxpayers giving money, notes and accounts is being published in the East Oregonian and is proving to be an interesting feature. Following is another list taken from the assessor's rolls:

Table with columns for Name, Money, and Notes. Includes entries for A. W. Grover, J. A. Scott, James Cameron, A. P. & T. G. Montgomery, C. E. Bott, D. A. Osborne, Horace Walker, Sacries Hendrixson, John Wilt, August Jense, W. H. Bond, Henry Hill, W. H. Jones, A. J. Black, Madison Jones, J. J. Baumgardner, Conrad Platzoeder, Esther M. Brown, Carl Hansen, and Robt. Laing.

Left by Train This Morning.

Dr. B. L. Steeve, of Weiser, Idaho, learned this morning that the movements of the O. R. & N. are verily wonderful and mysterious. Number 5, westbound, was nine hours late and reached here about 8 o'clock, stopping for breakfast. Dr. Steeves, accompanied by Dr. G. W. Tape, of Hot Lake came down town for a lunch, and reached the depot again just in time to see the train pull out up the track. Dr. Stevens is formerly of Salem and is en route there now, called by the announcement of an accident to his brother, who is a well-known baker there. Dr. Steeves was accompanied by his aged mother, who was left alone without tickets or breakfast, as the doctor had both with him.

FAKE HAIR PREPARATIONS.

Do the Hair No Good, But Often Cause it to Fall Out.

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle, and, finally, lifeless. Dandruff is the cause of all trouble with hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing the hair to fall out. To cure dandruff, the germ must be killed. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Protruding Ears.

Protruding ears may be coaxied to lie nearer the head by wearing a cap at night. This simple contrivance is made of bands, which are passed over the head, binding the ears. These should be narrow, so that the drum of the ear may not be injured by shutting out sounds.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headaches. Twenty-five cents and 50 cts. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free samples. W. H. Schmidt & Co., Druggists.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure all chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1.00. F. W. Schmidt & Co., druggists.

Calendars.

Forty millions of calendars are gratuitously distributed in the United States during the first month of every year.

BUTTER

Gold Medal Butter, Pure, Sweet, Clean. The chief characteristics of good butter are purity and cleanliness. This butter combines both, and will retain its rich and delicate flavor to the last. Try it and you will never use any other. Your money refunded if you do not like it.

IDAHO WOOL SALE

BUYERS TRY TO BLUFF THE WOOLGROWERS.

Only 85,000 Pounds Sold Out of a Clip of Half a Million Pounds—One Crop Sold for 11 1/2 Cents, Two at 13.

Sales of this year's wool clip to the aggregate amount of 85,000 pounds were made in Lewiston Monday, F. E. Green, representing the Koshland wool house of Boston, being the purchaser. The clips sold were those of James Madden, of 40,000 pounds, and of George Riggs, 30,000 pounds. In each case the price paid was 13 cents a pound, the wool being of unusually fine quality. The third sale was of the Patterson clip of Asotin. This was 15,000 pounds, for which 11 1/2 cents a pound was paid. These are the first wool sales reported in this section this year.

There are now three wool buyers here, who are endeavoring to make arrangements for taking in the larger part of this year's clip, which they estimate will be in excess of 500,000 pounds. The buyers now here are F. E. Green and Jack Lycette, each representing Boston parties, and J. J. Chappelle, of San Francisco. They expect to remain until after this week and state that the wool raisers who desire to sell had better see them now, as they will not be able to be here on June 15, the date fixed by the woolgrowers' association as sales day.

Attendance here will be prevented by a previous arrangement to attend a wool sales day in Baker City on that date. Yesterday Mr. Green made an offer to J. D. C. Theissen of \$18,000 for his wool clip of this year. This clip, it is estimated, weighed between 130,000 and 140,000 pounds, and is of fine quality. Mr. Theissen refused the offer, at the same time stating that he would refuse an offer of \$20,000.

EIGHTY-FOURTH BIRTHDAY.

Veteran Lecturer and Writer Celebrates an Advanced Age.

Boston, Mass., May 27.—Hundreds of friends and admirers of Julia Ward Howe congratulated her today upon the attainment of her 84th birthday. Felicitous letters and messages were likewise received from many parts of the country.

Born three days after the birth of Queen Victoria, Mrs. Howe is today very active in the intellectual and social world of New England, and one of the most remarkable examples of mental and physical vigor extant. It is not unusual for her to deliver three or four addresses a week, and no woman in Boston can equal her as a toastmistress at a dinner or as an after-dinner speaker. She rarely fails to attend a meeting of the Boston Authors' Club, of which she is president, and she still takes an active interest in the New England Woman's Club, the oldest and one of the largest women's clubs in America. She is president of a number of other clubs, and it is not unusual for her to attend two or three meetings in a single day, while she is frequently seen at evening meetings.

Merger of Traction Companies.

Indianapolis, Ind., May 27.—The largest interurban deal thus far in Indiana will be consummated at Anderson today when officials of the Union Traction Company of Indiana and the Indianapolis Northern Traction Company meet to complete the final details for the merger of the two companies. The plan is to form a holding company and to guarantee a dividend on the stock.

International Congresses.

Two hundred thousand dollars has been appropriated by the Louisiana Purchase Exposition to cover the expenses of the international congresses that will assemble in St. Louis, September 19-25, 1904. The congress of arts and sciences will have one definite task: to demonstrate the unity of knowledge, and thus bring harmony and interrelation into the scattered scientific work of the present day. Leading scholars from all over the world will deliver lectures before the congress.

Grand Stand for 31,050 Persons.

The grand stand erected for those who viewed the display of fireworks at the dedication ceremonies of the Louisiana Purchase Exposition at St. Louis, is the largest, with one exception, ever built. The exception is the grand stand built in London for the coronation ceremonies of England's ruler, Edward VII. The St. Louis stand has a seating capacity of 31,050. It is 800 feet long and 185 feet broad. The lumber in the structure alone cost \$20,000.

Grant's Cabin is on Art Hill.

The log cabin, built in St. Louis county by General U. S. Grant, in 1854, has been transferred to its new location on Art Hill at the Louisiana Purchase Exposition. Some of the logs show the ravages of time and the elements, but the structure is yet sturdy. Its present owner, C. F. Janke, has decided to allow the historic cabin to remain permanently in Forest park after the World's Fair closes.

The Innocent Suffer With The Guilty

The world to-day is full of innocent sufferers from that most loathsome disease, Contagious Blood Poison. People know in a general way that it is a bad disease, but if all its horrors could be brought before them they would shun it as they do the Leprosy. Not only the person who contracts it suffers, but the awful taint is transmitted to children, and the fearful sores and eruptions, weak eyes, Catarrh, and other evidences of poisoned blood show these little innocents are suffering the awful consequences of some body's sin. So highly contagious is this form of blood poison that one may be contaminated by handling the clothing or other articles in use by a person afflicted with this miserable disease. There is danger even in drinking from the same vessel or eating out of the same tableware, as many pure and innocent men and women have found to their sorrow. The virus of Contagious Blood Poison is so powerful and penetrating that within a short time after the first little sore appears the whole system is infected and every drop of blood in the body is tainted with the poison, and the skin is soon covered with a red rash, ulcers break out in the mouth and throat, swellings appear in the groins, the hair and eyebrows fall out, and unless the ravages of the disease are checked at this stage, more violent and dangerous symptoms appear in the form of deep and offensive sores, copper colored blotches, terrible pains in bones and muscles, and general breaking down of the system.

S. S. S. is a specific for Contagious Blood Poison and the only remedy that antidotes this peculiar virus and makes a radical and complete cure of the disease. Mercury and Potash hold it in check so long as the system is under their influence, but when the medicine is left off the poison breaks out again as bad or worse than ever. Besides, the use of these minerals brings on Rheumatism and stomach troubles of the worst kind, and frequently produce bleeding and sponginess of the gums and decay of the teeth. S. S. S. cures Blood Poison in all stages and even reaches down to hereditary taints and removes all traces of the poison and saves the victim from the pitiable consequences of this monster scourge. As long as a drop of the virus is left in the blood it is liable to break out, and there is danger of transmitting the disease to others. S. S. S. is guaranteed purely vegetable and can be taken without any injurious effects to health, and an experience of nearly fifty years proves beyond doubt that it cures Contagious Blood Poison completely and permanently. Write for our "Home Treatment Book," which describes fully the different stages and symptoms of the disease.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

BLOOD POISON IS NO RESPECTER OF PERSONS

UNITED PRESBYTERIANS.

General Assembly in Session in Missouri.

Tarkio, Mo., May 27.—About 300 commissioners and an equal number of visitors are here for the general assembly of the United Presbyterian Church of North America. Those present represent every presbytery of the church in America and also the mission fields of Egypt and India. The opening sermon will be preached this evening by the retiring moderator, Dr. J. C. Wilson, of Erie, Pa. The sessions are expected to continue one week.

The present assembly promises to be one of the most interesting in the history of the church. Questions concerning the plans of working in the foreign mission fields are to come up, and it is also believed that advanced steps will be taken looking to a union of the Associate Reformed Presbyterian church of the South and the United Presbyterian church.

New Tailoring Establishment.

Charles B. Hecht, of Sumpter, is in the city looking for a suitable location for a tailor shop. Mr. Hecht has been located at Sumpter for the last five years, and has decided to locate at Pendleton.
