### CELEBRATION

Progress Being Made  
All the Fourth of July  
Committees.

### VAUDEVILLE SHOW

MUSIC BY THREE BANDS.

Adventist Auditorium  
Tent-Free Public Dance—Two  
Speech by Hon J. N. Wil-  
Beautiful Line of Floats.

Adventist Club held a meeting  
and very enthusiastic.  
reported \$1,100 as already  
and many more lines of  
in the city as yet unheard  
The club instructed the com-  
to finish their canvass today  
to report at a meeting  
held Friday evening at 8

Adventist Tent Purchased.  
Cohen informed the club that  
Adventists would sell the large  
tent they had at the Byers'  
for \$300. The tent is 70x100  
ground space and has a seven-  
wall. Mr. Cohen thought that  
tent would be a good thing for  
club to invest in, not for the cele-  
bration alone, but for future  
Political meetings, open-air  
in fact any meeting require-  
a large hall, easily accessible to  
people, could use the tent to ad-

The placement of the tent was dis-  
and several members of the  
advised putting it on the island  
by the Main street bridge. Here  
would be in a cool and shaded spot,  
from the noise and crowd of  
street, and could be used as a  
place for the women and  
children, lined by a surfet of sight-  
ing at the parade and races. Here  
could be erected a large plat-  
form upon which could be given a  
open during the afternoon to  
the people, and free to all.

Prizes for Beautiful Floats.  
Chairman Thomas Fitz Gerald, of  
committee appointed to have  
of the floats and the lodge,  
society and business house  
in the parade, asked for \$50  
to act as a nucleus for prizes to  
be given the three best floats put  
out. The committee gave the sum, and as it  
stands, three prizes, one of \$25,  
one of \$15 and one of \$10 will be  
given as first, second and third prizes  
to the lodge or business house put-  
ting out the best and most appropri-  
ate float on the day of the celebra-

G. Frazier, the chairman of the  
committee on general arrangements,  
asked for some instruction in regard  
to the amount of money he could  
be arranging for prizes and in  
regard to the various details of  
entertainment.

It was told that the club hoped to  
pay \$1500 for his use and that he  
would depend on that sum and per-  
centage more. The finance committee  
was instructed to hurry up the sub-  
committee list and report the amount  
needed at the next meeting.

Music by Three Bands.  
C. Sharp, the chairman of the  
committee, reported having  
secured the Military Band of the  
Cavalry at Walla Walla, con-  
sisting of 25 pieces. He was also re-  
ported to have secured for the two  
Pendleton bands and would engage them for  
the celebration.

Speech by Hon. J. N. Williamson.  
The letter was read from J. N. Wil-  
son, accepting the invitation to  
speak and stating that he "would be  
in the city with something short and to  
the point."  
Children and Evening Parade.  
The subject of entertainment was  
taken up and discussed. It was  
agreed to have two parades,  
one in the morning at 11 o'clock, and  
the other in the evening after dark.  
The evening parade is to be illuminat-  
ed and made an especial feature of  
the day's entertainment. Directly  
after the parade, the races and  
entertainment will be  
held. Each event will give prizes

and will be made as interesting as possible.  
**Free Dance or Free Vaudeville.**  
During the afternoon there will be either a free dance or continuous vaudeville performance by a troupe of trained actors. Negotiations are in progress with various companies, and it is probable that a free show by some bright, clean company will be one of the features of the afternoon's entertainment.  
Seats will be provided for all and ample shade and refreshments. The people of Pendleton will for the day be the hosts of their neighbors from the outside and will teach them the spirit of brotherhood among the people of the Inland Empire.

The meeting adjourned to meet Friday evening at 8 o'clock in the council chamber, when the committees will definitely outline their policies.

### ARID LAND OPENED.

Can Be Purchased With Water Under Carey Act Terms.  
Salt Lake City, Utah, May 28.—General Manager Filer, of the Twin Falls Land & Water Company, announced that the state land board of Idaho decided to throw open to settlement 60,000 acres of land under the company's irrigating canals and that an official announcement to this effect would be made during the present week.  
The lands will be made available for public entry under the terms of the Carey act on and after July 1 next. The 60,000 acres are located along the Snake river in Lincoln and Cassia counties, Idaho, and tracts not to exceed 160 acres each may be secured by settlers who will begin to secure irrigation water next spring. This is regarded as one of the biggest enterprises of the kind ever undertaken in the United States.

### GREAT YACHTING EVENT

SHAMROCK III HEADED FINALLY FOR AMERICA.

Sir Thomas Lipton Sends With Her a Large Crew of Sailors for Reserve.

Gourock, May 28.—The Shamrock III with an escort left the Clyde today for the trip across the Atlantic. Immense crowds on a turbin steamer accompany her 50 miles. Sir Lipton is sending a crew of 170 over to sail the boat.

**Trial Race Today.**  
Glencove, May 28.—A smart 12-knot breeze is kicking up small, white-capped seas in the Sound this morning. If the wind holds the fourth trial race of the Reliance, Constitution and Columbia will go over the same course as Tuesday. The fine showing of the Constitution has increased the interest. Long before the scheduled hour there was an immense concourse of craft at Matinecock Point. At 8 rain began, flattening the wind to seven knots.

**INVESTIGATING MURDER.**  
Edwin Gould and Several Other Aristocratic Witnesses.

Ardley, N. Y., May 28.—Several millionaire members of the exclusive Ardley Club have been subpoenaed to testify in the inquest over the body of John Hefferman, who was killed on the club grounds Sunday night. The inquest will be late this afternoon. Edwin Gould, General Schuller and several others scarcely less prominent will appear.

**REVOLT IN RUSSIA.**  
Ten Thousand Rebels Reported Under Arms.

Berlin, May 28.—The Tageblatt reports an outbreak amounting to a rebellion in the Russian province of Voronoh. Ten thousand insurgents are under arms and a big army has been sent to suppress the disturbance.

**LOCKOUT OR WALKOUT.**  
Six Hundred Freight Handlers Are Out in Kansas City.

Kansas City, May 28.—The railroads here today took the initiative and locked out union freight handlers who have been threatening to strike for several days.  
The railroads deny they locked out the freight handlers, but claim 600 walked out. Their places are being filled with non-unionists.

**Herbert Spencer Critically Ill.**  
Manchester, Eng., May 28.—The Despatch today prints that the condition of Herbert Spencer, the famous author, is such as to cause great anxiety. It is believed he can live but a short time longer.

## MORE TROUBLE FOR THE TURK

### Earthquakes Add Their Tremors to the Sultan's Tottering Throne.

### MURDERING REFUGEES ALONG THE FRONTIER.

Desperate Fighting Between Government Troops and the Macedonian Insurgents—Empire of the Porte Beset by Man and the Elements.

Vienna, May 28.—A dispatch received here today states that a large number of fugitives from Adrianople while attempting to cross the frontier at Markebillare were shot down by Turks.

**War in Macedonia.**  
Vienna, May 28.—Die Zeitung today prints a dispatch from Uskub, Macedonia, which reports fierce fighting between Turkish troops and insurgents near Batah. Both sides lost heavily. The most notable feature of the fighting was the large number of women who carried arms for the insurgents.

**Armenian Earthquake.**  
Constantinople, May 28.—Malazgird, an Armenian town, has been destroyed by an earthquake. Two thousand people were killed, including 700 Armenians and 400 soldiers in the garrison. A number of houses in neighboring villages also collapsed and hundreds of cattle were killed. The shock was felt at Constantinople but no damage was done here.

**Details of Earthquakes.**  
Washington, May 28.—Vice-consul Ojalvo, at Ezeroun, Turkey, sends the state department by mail an account of an earthquake at Malazgird, April 29. He reports 520 killed and the city in ruins. Earthquake shocks have been felt almost continuously there since November 19.

**UNEASY IN CHICAGO.**  
Twelve Leading Hotels and Restaurants Conceded to the Demands of Unions.

Chicago, May 27.—Representatives of 20,000 waiters, cooks, hotels and restaurant employes today presented demands for a 20 per cent increase in wages, and gave notice that unless a scale is signed by Monday they will strike. Twelve of the largest hotels and restaurants have agreed. The unions guarantee sobriety and punctuality and assume all responsibility for honesty.

There is a laundry conference this afternoon, and the freight handlers are also holding a meeting.

**Walcott-Smith Go.**  
Portland, Or., May 28.—Followers of pugilism in this section are looking forward to seeing an interesting contest when Joe Walcott and "Mysterious Billy" Smith come together before the Portland Athletic Club tonight for a 20-round bout. The fight was originally scheduled for several weeks ago, but postponed at the request of the club. Since that time both men have been keeping up their training and from all appearances they are in good shape for the encounter.

**Strike Broken.**  
Omaha, Neb., May 28.—The boiler-makers for the Union Pacific, who have been on strike eleven months, went to work this morning.

Estimates now place the Nome gold output this season at \$10,000,000.  
Only 10 arrests were made in Spokane during the president's visit.

## TROOPS DEFEND JACKSON JAIL

### Unsuccessful Attempt Made Last Night to Release Jett and White.

### SEVERAL FEUDISTS WERE WOUNDED IN THE ASSAULT.

Troops Had Orders to Shoot Their Prisoners Rather Than Allow the Besiegers to Take Them Away—More Trouble Inevitable.

Jackson, Ky., May 28.—There was an attack on the guards at the jail last night which was repulsed. There was much shooting throughout the night. Jett and White, accused of the murder of Marcus, are in the jail following their indictment by the grand jury.

It is believed that several of the attacking party were wounded. More troops will be called for immediately, as the desperate character of the effort made to save Curtiss Jett is now apparent for the first time. It was thought the arrival of the Hotchkiss gun yesterday would subdue the friends of both Jett and White. The troops are well handled, with pickets located on the four corners of the square.

The feudists advanced at 1 o'clock this morning and charged when ordered to halt by the pickets, who filed inside the jail when the fusillade commenced. The troops fired from the jail windows. The soldiers guarding Jett and White were ordered to shoot them if the jail was forcibly entered. The firing was exchanged until dawn.

**CHARGED WITH INSANITY.**  
Ex-Philippine Soldier Taken in Custody at Meacham.

Peter E. Shounessy was arrested at Meacham this morning by Marshal Porter, of that place, and brought to the county jail with a charge of insanity booked against him.  
Shounessy is an ex-soldier, having served in the Philippines with the regular infantry. He was on his way from the Sound country to La Grande when, he claims, he had a spasm and was brought here. He is rational at times and talks intelligently, saying that he wished to go to a hospital, where he would receive treatment.

He has had two or three attacks such as he had yesterday. He has not been examined as yet, but will in all probability be sent to the asylum, as he shows marked symptoms of epilepsy.

**SIGNALING FROM MARS.**  
Again the Scientists Believe it is Possible.

Cambridge, Mass., May 28.—It is believed possible that Mars is signaling the earth. A telegram received from Professor Percival Lowell, who is at Flagstaff, Ariz., states that a large projection on Mars was found the night of May 26, which lasted 35 minutes.

**CLERKS MEET AGAIN.**  
Effect Partial Organization and Adjourn Till Next Week.

The clerks of the city held a meeting last evening in Painter's assembly hall, at which time they partly affected an organization.  
Next week they will complete the formation of their society, and will outline the policy to be pursued by them in the future, as to the entertainment of their membership.

## PIONEER DROPS DEAD.

### Sudden Demise of Hance Hamilton, of Elgin.

Elgin, Or., May 27.—Hance Hamilton, an old resident of this section, was found dead Tuesday morning by J. H. Harryman. The body was discovered lying on a pile of wood, and it is supposed that heart disease was the cause and that Hamilton's death occurred late yesterday evening.

Hance Hamilton was about 60 years of age and was not married. He has lived in this vicinity for 30 years.

The sum of \$1,200 was found in the springs under his bed clothing. He sold his farm not long ago for \$6,000, and the balance of the money is in the bank.

**DETECTIVES NERVOUS.**  
Felt Relieved When President Was Out of Butte.

Pocatello, May 28.—The secret service men with the president breathed sighs of relief on leaving Butte, which was considered the last dangerous spot on the trip.  
Trouble was feared at St. Louis, Milwaukee, Chicago, San Francisco and Butte, on account of the large number of foreigners. The president stopped the train on the prairie near here to witness the clever riding of Blackfoot Indians and cowboys.

**OKLAHOMA FLOODS.**  
People Drowned in the Canadian River—Railroads Blocked.

Fort Worth, May 28.—The high water situation in Oklahoma is growing more serious. Several lives are reported lost in the Canadian river, where the people are unable to escape the raging waters. During the night no trains were moving and all wires are down.

## DESPERATE OHIO FARMERS

### POSSES SEARCHING FOR TWO NEGRO CRIMINALS.

There is No Doubt of a Lynching, if the Guilty Men Are Found Who Committed Dastardly Assault.

St. Clairsville, Ohio, May 28.—Armed posses are scouring the country in pursuit of two negroes who assaulted Mrs. Maud Pugh, one of the most prominent women in the county. They afterward strapped her hands and feet together and gagged her. She was found by the road in a critical condition.  
As this is the third criminal assault in this county within two weeks the negroes will undoubtedly be lynched if caught.

**ALL RECORDS BROKEN.**  
Great Loss of Property From Floods in Iowa.

Des Moines, Ia., May 28.—The Des Moines river is four feet higher than last year's record. Eleven hundred people are homeless. Terror hovers over the lowlands, augmented by the knowledge that the flood will go higher. Breaks in the levees are constantly occurring, although hundreds of men are working feverishly.  
The magnificent new arch bridge in progress of construction, was carried away this forenoon. Another bridge seems inevitably doomed.

Only two persons have been drowned so far, although many families are being rescued from the upper stories of houses in row boats. The break in the levee this forenoon flooded 50 residences in North Des Moines, making approximately 600 houses submerged in the city.  
Reports from west and southwest Iowa say the floods exceeds all previous records.

**Bad Floods at Cedar Rapids.**  
Cedar Rapids, Ia., May 28.—Cedar river rose during the night and forced 75 families from their homes.

**ATTEMPT TO LYNCH IN KANSAS.**  
Mob Breaks into Jail, But Prisoner Was Not There.

Yates Center, Kan., May 28.—The negro, Wood, held under bonds for enticing from home and assaulting Mrs. Linds, was spirited away from the jail this morning to prevent lynching. He was probably taken to Wichita. Three hundred men tried to lynch him last night, and battered down the door of the jail with a telephone pole. The county attorney was tied and refusing to be quiet, was hissed into silence. The sheriff, with armed deputies with Winchester, stood the mob off. It was finally dispersed.

**Tenth Victim of Auto Accident.**  
Paris, May 27.—Renault, the autoist, died this morning, making the 10th victim of the Paris-Madrid race.

## A DARING RESCUE

### Fatal Accident in East Pendleton Narrowly Averted This Morning.

### ALBERS DUPUIS SAVES HIS SISTER FROM DROWNING.

Little Girl Stumbles into Byers' Mill Race, But is Saved by 9-Year-Old Brother's Presence of Mind and Bravery.

This forenoon about 10:30 o'clock, Clarice, the 5-year-old daughter of J. A. Dupuis, who lives at 1112 East Railroad street, narrowly escaped drowning. In fact, had it not been for the presence of mind and personal courage of her 9-year-old brother, Albert, she would in all probability have been drowned.  
The little girl was running down the front steps of Mr. Dupuis' dwelling, when she stumbled at the bottom and before she could regain her balance tumbled across the narrow path and fell headlong into the race, the bank of which is only about three feet from the lower stair of the front door-steps.

Her brother, who was close behind her, was the only witness of the accident. Without the least hesitation, he slipped over the bank and seized his sister's clothing before she had time to either sink or float away from the bank. The little fellow had to exert every iota of his strength to lift his sister upon the bank and was almost exhausted by the time he was out himself.

The bank is very steep; so precipitous, in fact, that a person of ordinary height goes in over their head two paces from the edge. The boy is a good swimmer, but it is hardly possible that he could have rescued his sister had she sunk, or floated out where the water was deep. There is no doubt about his being perfectly willing, though, to have attempted the rescue even then.

### ANOTHER STRIKE THREATENED

Trouble at Chicago May Exceed All Former Proportions.

Chicago, May 28.—The labor situation presents conflicting phases today in greater number and threatens serious developments. It seems almost certain that 20,000 waiters and also all the freight handlers will strike.  
Sixty boiler-makers struck at the Allis-Coalers plant this morning, which may involve 500 other workmen.

**LOCKOUT IN PORTLAND.**  
Men Say it is Part of Plan to Injure the Unions.

Portland, May 28.—All metal workers in the shops and structural iron buildings were locked out this morning. The men have no grievances, and say the lockout is part of a plan to break up the Building Trades Council.

### TRYING TO SETTLE.

Negotiations in Progress Concerning West Virginia Strike.

Indianapolis, May 28.—Vice-President Lewis arrived this morning for a conference with President Mitchell. It is believed they are considering an offer for a settlement of the West Virginia strikes.

### GRAIN MARKETS.

Quotations Furnished by Coo Commission Company—R. L. Bouler, Local Manager, 120 Court Street.

Minneapolis, May 28.—Wheat—Cables showed rather a poor response to our advance of yesterday. The weather conditions show little signs of improvement, more rain being predicted in the next 24 hours. Reports of extensive damage to the winter wheat from floods and insects continue to come. We can see nothing to discourage the believer in better values for wheat and believe it to be a purchase.
