NOT THE LARGEST CROWD.

Estimates Say Bryan Day Surpassed
Roosevelt's Crowd.

Many people who saw the great crowd that greeted William J. Bryan in this city on July 16, 1897, differ with the statement that the crowd that came to see Roosevelt yesterday was the greatest that ever assembled in this city, says the Statesman. Not more than eight thousand people heard the president at the Whitman college grounds, while fully 10,000 heard Bryan at the Paine school.

Bryan held his crowd better. Yesterday it was noticeable that many people after seeing the president and hearing a few sentences of his address, sauntered away. On Bryan day there were several thousand people who had come in wagons, in buggies or on horseback from Columbia, Garfield, Asotin, Whitman and Umatilla counties, besides the thousands that came on the excursion trains. It is safe to say, therefore, that the crowd that gathered to see Bryan was fully as great as the crowd that assembled to see President Roosevelt, and it was probably greater. There can be no question that the crowd that heard Bryan was greater than the crowd that heard Roosevelt.

BROTHERS TO BE HANGED.

Triple Execution for the Murder of
One Man.

Clarksville, Tenn., May 28.—The three negro brothers, John, Pete and Clay Johnson, will be hanged in the county jail tomorrow unless there is an unlooked for reprieve. The case of the condemned men has attracted considerable attention as it is the first time in the history of the state that three brothers have been sentenced to be hanged at the same day. Last October the three Johnson brothers attended a negro festival and started a fight. A negro named Redmond tried to quiet them and they chased him to his home, where they shot him to death.
