Headquarters for Fishing Supplies.

Throw 'em Out Sale

This week ends the opportunity to buy goods at cost and less than cost. The building we occupy has been in litigation for years, but the final case has been tried and we trust the decision will be handed down before June 1st, when we wish to commence remodeling

All prices advertised last week will still hold good this week, but at a corresponding hour both Friday and Saturday we will quote some exceedingly "warm" prices:

- From 9 to 11 a. m. 18 lbs. sugar \$1
- From 11 to 1 p. m. 6 bars Owl soap and one Tar 25c
- From 1 to 3 p. m. Mocha and Java Coffee, per pound, 27½c
- From 3 to 5 p. m. 5 packages A. & H. Soda 25c

Remember this is your last opportunity to buy fine china at less than cost. If these prices were offered by a department store in Portland it would take a half-dozen policemen to keep the people in line.

OWL TEA HOUSE

OREGON'S GRANGE

PROFITABLE MEETING OF FARMERS' ORGANIZATION.

Mrs. Weathered Speaks to the Session on Lewis and Clark Fair—Benefit of Grange in Farming Communities.

Oregon City, Ore., May 28.—The Oregon State Grange is now holding its 30th session in this city. Forty-seven regularly elected delegates responded to roll call when the grange convened, and by evening there were nearly 100 present.

A public meeting was held yesterday noon, when the grange was formally welcomed to the city. B. G. Leedy, state master, of Tigardville, presided. Robert A. Miller, of this city, gave the address of welcome, and assured the members of the organization of a most cordial reception to the historic city of Oregon City.

Austin T. Buxton, the state lecturer for the grange, of Forest Grove, responded to the address of welcome. He showed that the grange is working along educational lines, and is accomplishing much in the way of bettering the condition of the farmer. The city and the country are more closely associated now than ever before, and through the agency of the grange, he continued, the rural mail routes have been established, rural telephone lines have been established, and the farmers throughout the country placed in direct communication with the business and professional world to their great advantage.

Growth of Grange.

After some musical numbers, State Master Leedy read his annual address, which included also a brief report of the national meeting of the grange that was held at Lansing, Mich., in November, 1902. The grange, said the speaker, is the greatest agricultural order in existence, and is recognized as a leader along questions of legislation affecting the general and national interests. The growth of the Oregon State Grange during the past year was greater, he said, than for any one year in the last quarter of a century, while the financial standing of the organization is better than ever, and the order never exerted a wider influence for the better. The growth of the organization in membership has been steady. State Master Leedy recommended that the by-laws of the Oregon State Grange be revised.

The sessions of the grange Wednesday was devoted to routine work. Mrs. Edyth Tozier Weathered, of Portland, is expected in the city this afternoon and address the grange on the Lewis and Clark exposition. The grange will conclude its work tonight with a banquet.

WOOL FOR PENDLETON.

Agent of Scouring Mills Buys 120,000 Pounds at Lewiston.

J. Sheuerman, representing the Pendleton Wool Scouring Company, entered the wool market here Tuesday and purchased 120,000 pounds, the price ranging from 11 to 12 cents a pound, says the Lewiston Tribune. The purchases were made from the following parties.

J. H. Walker, of Alpowal, 50,000 pounds; J. McGill, of Alpowal, 25,000 pounds; Walker & Sampson, Lewiston, 20,000 pounds; James Armstrong, of Lewiston, 24,000 pounds.

Mr. Sheuerman has been out from Pendleton about a month and during that period has purchased about one and a half million pounds of wool. F. E. Green, representing the Koshland company of Boston, who purchased 85,000 pounds here on Friday, is still in the city, as is also Jack Lycette, who represents a Boston house. Mr. Lycette made a trip in the country yesterday to inspect a quantity of wool.

James Armstrong received 11½ cents a pound for his wool. The fleece was exceptionally heavy and he realized over \$2700 from 2400 head of sheep.

REASON OF IT.

Why California Market Was Broken for Freights.

San Francisco, May 27.—The estimated shortage in the wheat crop of California, combined with the fact that an immense tonnage is now on the way to this port, has already broken the market for freights. The tonnage on the way is estimated at

STEEL INDUSTRY NOT HURT.

Co-Operation By Employees Has Lessened Trouble.

New York, May 28.—Despite the great extent to which labor troubles have disturbed building operations all over the country, the makers of structural steel say there is no diminution in the volume of orders placed. The effect of the strikes has been discernible in certain localities, principally New York City, but only in the suspension of small operations. The larger number of consumers, and those who use the most material, have continued to place their orders for the season, in the belief that labor troubles are only a temporary affliction. Steel men say that one reason why matters have not been so serious as reports would lead the public to suppose, is the fact that employers have co-operated much more than ever before in helping one another out. The sales agents of several of the principal steel companies regard the uniform volume of orders as a very strong indication of the confidence of contractors and building firms in the early subsidence of the strike wave.

In steel circles it is freely predicted that the reduction in the price of pig iron will be a decided benefit to all branches of the industry. The same men who express this opinion have for months contended that the pig iron market has been forced to an artificial level, the maintenance of which would result injuriously to construction interests all over the country.

Walla Walla's School Building.

The contract awarded to E. G. Cox last Saturday evening by the board of education has not been signed by the successful bidder; in fact, Mr. Cox and the other two lowest bidders have refused to sign a contract under the requirements, says the Union. Because of his condition the board of education last night rejected all bids and decided to readvertise for bids in Walla Walla, Spokane and Portland newspapers.

Vacation Days.

Lehman Springs are going to be one of the popular resorts this coming season and when thinking of your vacation it should be at the top of the list of places you would like most

every test a positive cure for all forms of rheumatism. Address C. R. Dutton, Lehman Springs.
