COMMERCE - TRADE

BUTTER CHEAPER, BUT EGGS HAVE ADVANCED 4 CENTS.

Strawberries Are Fluctuating and Uncertain - Tendency Toward Decline in Price of Live Hogs - Veal Has Advanced One Cent Per Pound for the Dressed Article.

The surface of the market list looks as though some small boy had hit it with a tack hammer a couple of times and then quit. A small hole has been punched in it on one or two places and a lump raised here and there.

Butter has dropped from 40 to 30 cents per roll while eggs have taken wings and flown from 12 1/2 to 16 2-3 cents per dozen.

In live hogs there is a range of one hundred cents to the hundred pounds, and they have dropped in the market 25 cents on the hundred.

With strawberries it is a case of now you see it and now you don't. The California berry is still quoted at 12 1/2c, though it is rumored that some places sold at three boxes for 25c.

However, this is uncertain, and not universal, and it is a little early for low prices anyway. The Walla Walla berry is now in the market and is selling for 20c per box, with plenty of buyers. The strawberry market will remain at least

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can do by using the genuine.

It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Toledo, O. Contains no mercury, and is taken internally acting directly upon the blood and mucous surfaces of the system.

In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Toledo, Ohio.

Sold by druggists, price 75c per bottle. Hall's Family Pills are the best.

A Sure Thing. It is said that nothing is sure except death and taxes, but that is not altogether true.

Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that.

Mrs. C. B. Van Metre, of Shepherdstown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely."

It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by Tallman & Co., druggists. Trial bottle free. Regular sizes 50c. \$1.

medium until the Hood River and Milton crops begin to move, then everyone can have shortcake three times a day.

With this growing weather veal has come up half a point and now sells at 7@8c dressed.

The big business is dead and buried along with the wheat and won't be resurrected for some time yet. It seems to be the tendency among all kinds of stock to wear their skins, at least the buyers can not get hold of them in any quantity.

The Wheat Trade.

Portland, May 28.—There has been very little wheat disposed of during the past week. Stocks in the country in first hands were very small, and whatever remains are only small parcels.

A few unimportant sales have been made during the week, in small lots only. There is some demand for wheat for the U. K. and a couple of ships have been taken for that destination during the week.

Wheat is here for the same, and a few ships have been reported fixed from Tacoma to the same point. There is plenty of wheat at that point as well. Club is quoted at 71c; blue stem, 74c.

Flour—There has been no new developments in the flour market of the world during the past week. Millers say the situation is unchanged and what few offers that are received are below the price that they have fixed on their output. Quotations range from \$3.75 to \$4.25 per barrel.

San Francisco Markets.

San Francisco, May 28.—The wheat market is dull and very little business is passing, as stocks are exceedingly low and there is no doubt that a large amount of wheat will have to be imported here and throughout the state to keep the mills in operation to supply the home consumption, or close the mills down and secure large stocks of flour. Crop conditions are not very flattering at the present time and it is doubtful if the crop will be as large as that of last season.

Reports from a great many sections of the state are that the crops lack moisture and that the same will be a failure. Quotations for shipping wheat range from \$1.32 1/2 to \$1.37 and milling \$1.40 to \$1.50 per cental.

Walla Walla, May 28.—Cold, showery weather has prevailed in the Walla Walla valley for several days, and wheat raisers are quite discontented with conditions. Showers come almost daily. The rain is certainly welcome, but the prolonged chilly atmosphere is retarding wheat and making the already late development still later. Wheat is now a good month behind.

Boston Wool Market.

Boston, May 28.—The wool market was very quiet this week, and, excepting a series of transactions with the mills, not much business was transacted. Prices are firm, however. Territory wools head the list of sales, and prices are as follows:

Fine staple wools, 52@53c; scour, 52@53c; fine, 50@53c; good fine medium wool sold at 47@48c; medium 42@44c; Idaho fine, 14@14 1/2c; fine medium, 15 1/2@16c; medium, 16@16 1/2c; Utah and Nevada, fine, 14@14 1/2c; fine medium, 15 1/2@16c; medium, 16@16 1/2c; Montana, fine choice, 18@18 1/2c; fine medium choice, 17@17 1/2c; staple, 18@18 1/2c; medium choice, 18@18 1/2c; low, 16@17c.
