AFFAIRS IN OLD KENTUCKY.

More Efforts Are Expected to Release the Prisoners Are Expected.
 Jackson, Ky., May 29.—Judge Redwine convened court this morning. Jett and White were brought in by a large escort of soldiers, and turned over to the acting sheriff. Judge Redwine announced that he would appoint a man to take Sheriff Little's place Monday next, on which day he would call the trial of the two prisoners. Attorneys are now consulting regarding the county from which the jury may be selected.

It is positively rumored the mountaineers will make a determined effort to release the prisoners. Within 24 hours the number of strangers in the city largely increased, notwithstanding all the small mountain passes leading into the city, were guarded last night and no one was permitted to pass. The people show a hostile disposition toward the troops.

STEAMER FOUNDERED.

Portion of Both Passenger and Crew Were Lost.
 Sydney, N. S. W., May 29.—The British steamer Oakland, foundered near Port Stephens today. A part of the passengers and crew were lost. Details are lacking.

GERMAN BAPTISTS.

National Annual Conference in Session in Ohio.
 Bellefontaine, O., May 29.—The annual conference of the German Baptist brethren, familiarly known as Dunkards, opened today. By Sunday there will be 50,000 visitors here. The question of the next meeting place is already under discussion. Iowa, Missouri and California are all working.

GERMAN SHIP WRECKED.

Had on Board Sailors From Another Wrecked Ship.
 Cooktown, New Guinea, May 29.—The German ship Wa Jen, from New York to Yokohama, was towed in today, dismasted and with rudder gone. She had been compelled to jettison a big portion of her cargo. She had on board eight of the crew of the bark Edith, which were picked up from a wreck shortly before her own disaster. Captain Oertel, of the Edith, and ten of his crew, are missing. The Edith was lumberladen from Puget Sound to Port Pirie.

GREAT FLOODS IN KANSAS

RAILROAD SERVICE IS BADLY INTERRUPTED.

Mills, Packing Houses and Homes Being Abandoned—Bridge at Topeka Will Probably Go Out.

Kansas City, May 29.—The Missouri and Kaw rivers continue to rise. The Rock Island and Union Pacific service between here and Topeka has been abandoned. The residents of Argentine, Armourdale and Kansas City, Kan., continue to vacate their endangered homes.

SITUATION SERIOUS AT TOPEKA.

Topeka, May 29.—The Kaw is rising an inch an hour. It left its banks this morning flooding 200 houses. The street railway bridge is down at one end and will probably be swept away. Many families are moving their effects in boats. All the mills and packing houses are in flooded districts.

The Kaw river in its great rise, has cut through a farm west of North Topeka, cutting off 5,000 inhabitants on an island which promises to be permanent. From all over the state reports are serious. More than 60 towns had to rescue families from submerged houses.

IMMENSE STAKES WON.

Twenty-five Thousand Dollars Won in a Horse Race in England.

Epsom, England, May 29.—The Oakes stakes of 5,000 sovereigns, next in importance to the great Derby, was won today by Our Lassie, Cannon up; Hammerkeep, Skeefs Martin up, second; Sky Scrapper, Danny Maher up, third.

CHEMICALS CAUSE FIRE.

Kansas City Drug House Suffers a Great Loss.

Kansas City, May 29.—The Lilly wholesale drug and chemical manufacturing house suffered severely from fire this morning. Fifty thousand dollars' damage was done before the flames could be controlled. The accidental mixing of inflammable chemicals caused the fire.

PRESIDENT AT SALT LAKE CITY

Addresses Are Made in Mormon Tabernacle To Many Thousands.

SPOKE PRINCIPALLY ABOUT IRRIGATION.

President of the Church and Other Prominent Mormons Were Fellow Guests With Mr. Roosevelt at the Home of Senator Kearns.

Salt Lake City, May 29.—The welcome which Utah gave to President Roosevelt was quite in keeping with that of other Western states, noisy as human voices, steam whistles and guns could make it, and as cordial in words as in other manifestations of patriotic joy.

The vicinity of the Oregon Short Line station was densely crowded upon the arrival of the presidential special. The president was cordially greeted by Governor Wells, Senators Kearns and Smoot, Mayor Thompson and other dignitaries of state and city. The president was escorted to the Mormon tabernacle, where he delivered his address, by a parade of military and civic societies. Main, State, Brigham and other streets through which the procession passed were gayly decorated, and the sidewalks, windows and roofs were packed with cheering spectators.

Mormon Guests at Breakfast.

Salt Lake, May 29.—The president, addressed the school children and later breakfasted with Senator Kearns. Among the guests were President Smith and Apostle Smoot, of the Mormon church.

Spoke on Irrigation.

Salt Lake, May 29.—The president addressed 12,000 people in the Tabernacle. He spoke principally on irrigation. Secretary Moody followed and made a big hit by promising to name one new battleship "Utah."

CIRCUIT COURT.

Fifteen Days for Larceny, Eighteen Months for Assault.

Judge W. R. Ellis held a short session of the circuit court today at which time John Case, accused of the larceny of a pistol from Charles Sams on July 9, 1902, was arraigned and pleaded guilty. In view of the circumstances surrounding the case, Judge Ellis fined him the minimum fine of \$30, or 15 days in the county jail. Case took the latter sentence.

Case was in the habit of borrowing the pistol and became so accustomed to doing so that he was told to get the weapon whenever he wanted to use it. After a time some trouble arose between the two and while Case had the pistol Sams had him arrested for larceny.

George Dickson, the negro accused of assault with a dangerous weapon on Henry Shorter, April 22, last, was arraigned and pleaded guilty. He was given 18 months in the penitentiary, and will be taken down soon.

NO HACKS ON MAIN STREET.

Walla Walla Prohibits Hack Stands From Being Maintained on Principal Streets.

Walla Walla, May 29.—An ordinance passed by the city council Wednesday night has caused consternation among express and draymen, hackmen and delivery wagon owners. The ordinance is a sweeping one and prohibits any part of the nine principal business blocks of the city from being used by hackmen as stands.

One of the largest hack lines in the city will test the validity of the law as the abandonment of their usual stands on the main streets will work great damage to their business. The ordinance is similar to the one passed some time ago, prohibiting hitching racks on Main street and part of a civil improvement crusade.

Fears Assassination.

Berlin, May 29.—The Post says Prince Ferdinand of Bulgaria has doubted his body guard fearing assassination. He has lately received many threatening letters.

Grand celebration in Pendleton on the Fourth. Come and bring the family.

PACKING HOUSE IN PENDLETON

Company With Capital Stock of \$25,000 Was Incorporated Today.

THIS INDUSTRY WILL FILL A LONG-FELT WANT.

Will Do a General Cold Storage Business Also—Is Preliminary to the Erection of a Large Plant in This City.

Articles have been filed by Henry W. Schwarz, Frank J. Greulich, Chas. J. Greulich and John F. Greulich, all of Umatilla county, incorporating the Schwarz & Greulich Meat Company with a capital stock of \$25,000, divided into 250 shares of the par value of \$100 each. The principal office of the new company will be located at Pendleton, and it is the purpose of the firm to engage in the buying, selling and slaughtering of livestock; the buying, selling, packing, curing, manufacturing, preparing and storage of meats and meat products, butter, cheese and eggs, and maintaining and operating a cold storage plant and packing house, and doing a general butcher and meat business, and cold storage and packing business, buying and selling at wholesale and retail all kinds of products usually kept for sale and storage in a meat market and cold storage and packing house, and buying, selling and renting real estate; and loaning and investing money; and to perform any and all business necessary in furthering the interests and to the advantage of the corporation.

Leased Meat Market Quarters.

The firm of Schwarz & Greulich crossed their plant on Main street some time ago and the members are taking a vacation. During the summer their place of business will be occupied by a fruit house, which will soon open for business.

About the first of September the incorporation will again resume operations, and will enlarge their plant. There is a good opening for a large packing house in this city and it is the expectation of the promoters of the new corporation to expand into one of the largest concerns of the kind in the state, in conformance with their intention expressed some time ago, of building a packing house in this place some time within the next year.

Gashed With an Ax.

Baker City, May 29.—As the little son of Samuel W. Sherrerd was standing by the barn on his father's ranch at Wingville Tuesday, an ax thrown from the roof by his brother struck him on the head, the blade inflicting a severe cut over the forehead about three inches in length.

The accident was of a peculiar character. One brother was using an ax on the roof of the barn. When he finished what he was doing, he threw the ax from the roof, preparatory to clambering down himself. His brother happened to be standing below directly in the line of fire, with the result above stated.

The wound is fortunately not of a very serious nature, although grave injury might easily have resulted from the accident.

PRESBYTERY IN ACTION.

Denounces Reed Smoot, the Mormon Member of Congress.

Los Angeles, May 29.—The Presbyterian assembly this morning formally denounced Mormonism and Reed Smoot, and passed a resolution calling on every member of congress to secure Smoot's expulsion from congress.

Sent to the County Hospital.

Peter E. Shanessy, the ex-soldier who was brought from Meacham yesterday, charged with insanity, was examined by County Judge Hartman and Dr. Cole and was sent to the county hospital in hopes that a course of treatment would benefit him.

SHAMROCK BACKED UP.

Compelled to Return to Port With Defective Rigging.

Glasgow, May 29.—Shamrock III as compelled to return to Lamlash on account of a defect in her rigging. She again started across the Atlantic this morning.

MEANS COMMERCIAL WAR.

Chamberlain's Plan for Tariff Union With Colonies.

London, May 29.—The topic of discussion today is Chamberlain's collocation project. As 40 per cent of America's exports come to England, the plan admittedly means commercial war with America. Many leading papers today print figures inviting a commercial campaign. The provincial papers on the other hand, oppose. The question is exciting the public more than anything since the Boer war.

TEXTILE OPERATORS STRIKE.

Believed That 75,000 Employees in Pennsylvania Mills Will Go Out.

Philadelphia, May 29.—A strike is on in the Kensington mill district, and it is expected that by Monday next 75,000 textile workers will be out, demanding a 55-hour week. The known insularity of the occupation is a great factor in the discontent of the operatives in the Kensington district. Not only is the complaint of long hours, but the prevalence of nasal and pulmonary disorders among textile workers adds to their discontent.

INJURED FOR LIFE.

Result of Being Annoyed by a Mash-er in Chicago.

Chicago, May 29.—Laura Stieckler, the young woman who jumped from a hotel window to protect her honor from H. Mills several weeks ago, is still in the hospital.

When the case against Mills was called in police court this morning, it was stated that she is injured for life. The attorneys interested in the crusade against mashing, represented her this morning. The case went over until June 8.

STRIKE CONFERENCE.

Attempts of Employers and Employees to Get Together, Fruitless.

Chicago, May 29.—After five days of futile conferences the laundry owners and employees again got together this morning, but accomplished nothing.

Charged With Murder and Forgery.

London, May 29.—Stephen Dougal was today committed for trial, charged with murdering Miss Holland and burying the body, and on a second charge of forging her name to securities.

CUT OFF ARMS TO SAVE LIFE

EITHER AMPUTATION OR BE SCALDED TO DEATH.

Defective Switch in New Jersey Causes a Wreck, Resulting in Several Deaths.

Newark, N. J., May 29.—An east-bound freight train crashed into and derailed a freight train standing in the yards this morning, killing two laborers of a wrecking crew and injuring five others, and badly scalding the engineer and fireman on the incoming train. Both were pinned under the locomotive.

One laborer was also caught and held where he was struck by escaping steam. His companions, with an axe, chopped off his arm to liberate him and thus save his life.

The wreck was caused by a defective switch.

Iowa Floods Receding.

Des Moines, Iowa, May 29.—The rivers are receding in all parts of the state. The damage done here aggregates \$500,000.

GRAIN MARKETS.

Quotations Furnished by Coe Commission Company—R. L. Boulter, Local Manager, 120 Court Street.

Minneapolis, May 29.—Wheat—Cables were rather firm today in view of our decline near the close yesterday, showing but a small fractional decline. Reports of damage are coming in rather freely, especially from Kansas and Nebraska, where the prediction is freely made that in a number of localities the crop won't average half a normal yield. We think this slight recession should be taken advantage of to buy wheat on.

HIGH SCHOOL GRADUATION

Most interesting Program is Faultlessly Carried Out at Opera House.

BEAUTIFUL DECORATIONS AND PLEASING MUSIC.

Very Large Audience Listened With Rapt Attention—High Grade of Ability and Thoroughness of Preparation Shown in All Exercises.

The Frazer was packed from pit to dome last night with an interested audience of friends gathered to witness the graduation of the high school class of 1903.

The stage was tastefully decorated with flowers and wildwood branches and draped with flags making a bow-er wherein sat Dr. C. J. Smith, the president of the school board, Professor E. B. Conklin, principal of the high school, and the graduating class. Over the drop curtain hung the class motto, "On the threshold," beautifully wrought in crimson.

Rev. Jonathan Edwards opened the exercises with an eloquent invocation, asking the blessing of God upon the class, who had so faithfully trodden the path of endeavor to its joining with the great highway of life.

Fred Hartman's vocal solo, "Out on the Deep," was well rendered and well received. Mr. Hartman has a strong and pleasing voice under good control.

The salutatory was presented by Miss Mary Rothrock in a very pleasing and graceful manner. The young lady handled her subject well.

Miss Mae Ferguson's oration, "A Tribute to the Soldiers of the Late War," was an evidence of the patriotic spirit instilled in the hearts of the pupils by the American school. Her eulogy of the soldiers who fell upon the battlefields of the foreign countries in defense of the country's flag, was eloquent of feeling and true Americanism.

"When the Heart is Young," was sung very pleasingly by Miss Adele Pickle, and the vast audience listened attentively while the old story of youth and age was so sweetly unfolded.

Iter Nell told in her oration, "Luck vs. Pluck," the folly of the blind belief in chance and taught the necessity of earnest endeavor. The oration was well handled and showed the value of effort in a new light.

Robert Cronin, in his oration, "The Grand Army of the Republic," held out in eloquent words the deeds of the old soldiers and told of their part in the building and cementing of our states into the greatest nation of the earth.

The valedictory was given by Olin Arnsperger and was well presented. The leave-taking of the class was impressive and the young speaker showed clearly the new responsibilities devolving upon the students as he steps out over the threshold into the world of active life.

Miss Pickle and Fred Hartman sang a duet, "O, That We Two Were Maying," in a way that captivated the audience, after which Dr. Smith, in a few well chosen words, presented the diplomas.

The vocal solo by Miss Ethel Garfield, of the Weston Normal School, was the sweetest piece of the evening. She gave the old ballad of "Bonnie Sweet Bessie," and by her vocalization and the rare sweetness of her voice, sang her way into the hearts of the audience, who demanded of her an encore, which she gracefully accorded. The second number was a catchy little melody entitled "Would You?" and sang of the preference given love over riches or position. Miss Garfield has a voice of pleasing sweetness and power which she can handle with perfect ease and naturalness, and which wins for her the plaudits of whomever may be favored by its tones.

Bremerton on the Blacklist.

Washington, May 29.—Acting Secretary of the Navy Darling at noon today made the following official announcement: That under present conditions no vessel of the navy will be sent to Bremerton, Wash.

Operation for Appendicitis.

W. E. Garretson left yesterday for The Dalles, called there by the illness of his wife. Mrs. Garretson has been troubled with appendicitis, and was to have been operated upon in The Dalles today.
