

Throw 'em Out Sale

This week ends the opportunity to buy goods at cost and less than cost. The building we occupy has been in litigation for years, but the final case has been tried and we trust the decision will be handed down before June 1st, when we wish to commence remodeling.

All prices advertised last week will still hold good this week, but at a corresponding hour both Friday and Saturday we will quote some exceedingly "warm" prices:

- From 9 to 11 a. m. 18 lbs. sugar \$1
- From 11 to 1 p. m. 6 bars Owl soap and one Tar 25c
- From 1 to 3 p. m. Mocha and Java Coffee, per pound, 27½c
- From 3 to 5 p. m. 5 packages A. & H. Soda 25c

Remember this is your last opportunity to buy fine china at less than cost. If these prices were offered by a department store in Portland it would take a half-dozen policemen to keep the people in line.

SUPERINTENDENT OF SCHOOLS FOR FIFTEEN YEAR

Professor Powell, of Washington, D. C. Recommends Pe-ru-na.

PROF. W. B. POWELL
SUPT. PUBLIC SCHOOLS
WASHINGTON, D.C.

Prof. W. B. Powell, of Washington, D. C., is one of the best known educators in the country. For fifteen years he has been Superintendent of the Public Schools of Washington, which is considered the best school system in the United States. Professor Powell is the author of a number of school books which are used throughout the United States.

This well known gentleman does not hesitate to recommend Peruna to his countless friends and acquaintances all over the United States. In a recent letter from 1410 N. street, N. W., Washington, D. C., to Dr. Hartman, he says:

"Persuaded by a friend I have used Peruna as a tonic, and I take pleasure in recommending your remedy. Peruna is indeed a good medicine and should be in every household."—W. B. POWELL.

SUCH straightforward evidence can not be overlooked. What the common people say carries weight, but when a man of national prominence says "Peruna should be used in every household it is a significant fact to the increase of prominence and undoubted efficacy of Peruna.

Peruna is of national fame as a catarrh remedy. It is the only internal systemic catarrh remedy known to the medical profession. It makes diseased mucous membranes healthy, whether it be the mucous membrane lining the nose, throat, lungs, stomach, kidneys or pelvic organs. It cures various diseases of all these organs, because two-thirds of the ills of mankind are due to catarrh. With healthy mucous membranes catarrhatic diseases lose their terror, the system is enabled to throw off contagion and health follows inevitably.

Mr. A. T. Wood, Mt. Sterling, Ky. writes:

"For many years I have been a sufferer from catarrh, and have spent time and money with physicians on used many kinds of remedies which were 'guaranteed sure cures', but I every case it was money thrown away. I reaped no benefit whatever from them. In my seemingly vain search for relief I purchased a bottle of Peruna, having no confidence in it what ever at the time. This was about one year ago, and I began to improve and was able to attend to my business without being constantly hampered by every kind of pain known to a human being. My hearing, which was almost entirely gone in one ear, got very much better. The medicine not only seems to cure, but to prevent disease.

"This winter when every one was suffering from influenza, I stood like a stone wall, absolutely proof against it. I am not a believer in 'patent medicines,' having found the majority of them false, but I do not hesitate to recommend Peruna as the best medicine for catarrh the world has ever seen. I keep a bottle of it at home constantly and shall continue to do so because I believe it to be the best medicine on earth. I never leave home that I don't put a bottle of it in my grip."

A. T. WOOD.

Mr. Evan D. Bowen, Dodge City, Kan. Conductor on the A. T. & S. F. R. R. writes: "I have had catarrh of the stomach for seven years, and I began to think that I never was going to be cured. At the time I began taking Peruna, I was unable to make more than one or two trips on the road at a time, not being able to keep anything on my stomach. I then weighed 108 pounds. I have been taking Peruna since that time and have never lost a trip, and now weigh 200 pounds."

—Evan D. Bowen.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

ARTESIAN WATER FOUND.

Another Fine Flow Found on the Bruce Ranch.

A fine 30-inch flow of artesian water has been struck on John Bruce's ranch, on Jump creek about 10 miles west of Froman's Ferry, says the Caldwell News.

Mr. Bruce has a tract of 445 acres and only water to irrigate about one-third of it, so he concluded to sink for artesian water to irrigate the balance.

The flow was struck at a depth of less than 500 feet and by reservoiring a quarter section may be irrigated from one well. Mr. Bruce will sink more wells to cover his entire tract.

Mr. Price has a drilling outfit, a combination hydraulic and standard rig, worth over \$7000 and one of the best in the state. He can bore any size hole from three to 22 inches, through any kind of substance. The cost of sinking is from 20 cents to 60 cents per foot, according to the size of the well.

The elevation of Mr. Bruce's well is 2300 feet and the flow comes out fully 80 feet above the surface of Snake river.

MEXICAN CATTLE FOR IDAHO.

23,000 Calves Shipped by Mormon Colony Syndicate.

El Paso, Tex., May 30.—The shipments of cattle through this part of the country, which is the largest center for beef on the hoof in the world, are unprecedented.

The Mexican Mormon colonization syndicate shipped 23,000 calves through here today for Idaho. Thirteen hundred Mexican cattle arrived here tonight for Canada. Over 13,000 Mexican cattle have already gone through here to the north in two weeks. Sixty thousand Texas cattle will be shipped north and east next week. The total for three weeks will be 100,000.

The World's Fair aerial tournament to be held at St. Louis next year has another entry. W. L. Tanney, of Wheeling, W. Va., has invented an airship with which he is going to compete for the \$100,000 prize.

What Others Say About the Underwood

Walla Walla, Wash., April 16, 1903.

J. S. Kees, Pendleton, Oregon. Dear Sir—Re-lying to your enquiry, I beg to say that I purchased an Underwood typewriter in 1896, and it has been in continuous hard use ever since.

I have not seen any of the new models, but this is a specimen of the work done by my machine after nearly seven years usage. I would not exchange it for any other make.

The only repairs I have had to the machine is to have the platen renewed twice during the time I have had it.

This was rendered necessary by the large amount of tabulating work, and the hard usage it was subjected to in manufacturing.

Signed—Yours Truly, S. B. CALDERHEAD.
