BANQUET THE GRADUATES.

High School Class and Teachers Royally Entertained.

The home of Mrs. Bond, on College street, was the scene of a merry gathering last Tuesday evening, when Mrs. Cronin and Mrs. Bond entertained the members of the graduating class of the high school.

The rooms were very daintily decorated in cut flowers and the class colors, a dark red.

The evening was very pleasantly spent in social converse and games, and at the close a most bountiful banquet was served.

Professor E. B. Conklin presided as toastmaster, and the toasts given were both witty and entertaining.

As this is the first class to graduate from the high school, so is it the first entertainment of the kind to be given and the young folks are loud in their praise of Mrs. Cronin and Mrs. Bond for their kindness to them.

Those present at the gathering were Mr. and Mrs. E. B. Conklin, Professor Roy Conklin, Miss Shepherd, Misses Mae Ferguson, Iter Neff, Fay Carney and Mary Rothrock; Messrs. Olin Arnspieger, Robert Cronin, Charles E. Bond and Willard Bond.

Electric Road Sure Go.

George E. Howe, chief engineer of the Bonta electric railway surveying corps, has returned from Prairie City, where he went to place another engineering crew in the field, says the Baker City Herald. Major Bonta is at Prairie looking over the ground for terminal facilities. Work, according to Mr. Howe, is being rushed on the survey.

A force of miners is at work on the Oregon Wonder and Will Cleaver groups of mines near Prairies City, owned by Major Bonta, and to afford an outlet for which the electric road will be built.

Coyote and Deer Lie Down Together.

F. E. O'Rourke, of Sumpter, says he saw six deer and one coyote Monday, while returning from Burnt river recently. The inference was that the bunch were grazing side by side in the same meadow lot.

"Extray!" yelled the bright newsboy "All about the terrible runty-gumpy-grah-rah!"

CHILDISH DEPRAVITY.

Tried to Poison Large Family to See How They Would Act.

Los Angeles, May 29.—Gladys Millard, 11 years of age, has been making systematic attempts to poison F. F. Ward and family and five visitors, with arsenic and powdered glass. The child was adopted by Mrs. Ward. Last Monday Mrs. Ward entertained visitors and all were taken ill after eating strawberries. The doctor thought Paris green was used. The child was not suspected and resumed her poisoning plot the next day and put poison in the asparagus and tea. Mrs. Ward nearly lost her life.

Suspicion was aroused and Gladys was questioned. She protested that she knew nothing until an officer called and put handcuffs on her. She then broke down and confessed.

She said she wanted to see how it acted on humans, as her folks used to kill cats that way. The child was adopted by Mrs. Ward in San Diego.

EASTERN HIGH WATERS.

Situation Very Serious at Des Moines—Oklahoma City Cloudburst.

Des Moines, May 29.—Although the water is slightly lower, serious breaks in the levee make the situation worse. The water has submerged the street railway's house and only a few cars were running. The electric light plant will probably be cut out by night, leaving the city in darkness. The water plant is being protected only by vigorous work. Three hundred of the finest homes in the city had to be abandoned during the night. Hundreds are living in tents.

Oklahoma Cloudburst.

Guthrie, May 29.—A cloudburst at Oklahoma City today left four feet of water in the business districts and the entire city is deluged. The damage will reach \$500,000. Four men were drowned in the Arkansas river near Tahama.
