I can heartily recommend Acker's Tablets for dyspepsia and stomach troubles. I have been suffering for eight months and tried many remedies without relief, until I got Acker's Dyspepsia Tablets, which I used only a short time and am now perfectly well. Thanking you for the speedy recovery, I am gratefully yours, Francis I. Gannon, Vancouver, Wash. Send to W. H. Hooker & Co., Buffalo, N. Y., for a free trial package. (Nothing like them.) F. W. TRAFFIC IS HEAVY

O. R. & N. IS RUSHED
IN ALL DEPARTMENTS.

Stock movement Heavier Than Usual—A Large Amount of Company Material is Being Handled—Improvements Being Made All Over the System.

Every department of the O. R. & N., reports the busiest spring season that has been enjoyed by that road for a number of years, in this city.

The shipment of stock has been unusually heavy from points tributary to Pendleton. Wool has been received in even greater quantities than last year and the amount of company material received for repairs, new bridges, buildings and track supplies is very heavy.

In addition to all the regular freight trains, there are extra trains in each direction every day. The large shipment of 2000 cars of piling to be used by the Oregon Short Line, in the Lacin cutoff over an arm of Salt Lake, has all been delivered, but the amount of through lumber and bridge timbers now being handled is greater than usual.

Oregon lumber billed to Union Pacific points in Iowa, Nebraska, Colorado, Idaho and Wyoming passes through Pendleton at the rate of 10 to 20 cars per day.

The movement of coal to the west is very heavy at present. The O. R. & N. uses Wyoming coal, mined at Kemmerer and Diamondville, and one of the main features of the westbound traffic is the supply of coal for company use.

All the available power at La Grande is kept busy night and day in handling the traffic over the mountains. There are 14 freight engines in service between Huntington and Umatilla, besides two helpers at Pleasant Valley, a switch engine at Baker City, which helps eastbound trains, one helper at Telocaset and three at Kamela, and about half the eastbound trains that leave Pendleton have a helping engine.

All these engines are hard worked. The crews are making almost double time and new men are being promoted and hired.

The amount of track and building material used by the company this season is unprecedented. Twelve steel bridges are being put in between Baker and Huntington, and extensive improvements are being made on the Washington division. The Chatcolet bridge, 4090 feet long will be entirely rebuilt.

It is not definitely known yet whether the track will be ballasted from Huron east, this year. A gravel bed has been located near La Grande but there seems to be some doubt about its extent and no preparations are now being made for ballasting.

The track already graded between this city and Huron is said to be the best piece of mountain track on the coast, and the company has been disappointed in not finding sufficient gravel with which to complete the work to Huntington.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle. Hall's Family Pills are the best.

PHOTOGRAPHERS' CONVENTION.

Knights of the Camera Begin a Profitable Convention.

Harrisburg, Pa. June 2.—The Photographers' Association of Pennsylvania, Maryland, West Virginia and Delaware, which was organized two years ago, has reason to be proud of its annual convention which began here today. Leading members of the trade are in attendance from each of the four states embraced by the association and the large attendance and interesting program combined to make the meeting one of great interest. This forenoon was given over to the reception of the members, many of whom are accompanied by their wives and families. The gathering was formally opened this afternoon with addresses of welcome, appointment of committees, roll call and the transaction of other business of a routine character. In conjunction with the meeting there is a large and comprehensive exhibit of photographers' supplies and of the best specimens of the photographers' art.

HIGH CLASS DRUGGISTS AND — OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations, sometimes have the name—"Syrup of Figs"—or "Fig Syrup" and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.
