

A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by Lydia E. Pinkham's Vegetable Compound.

"Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me. Six bottles of Lydia E. Pinkham's Vegetable Compound brought me health and happiness in a few short months, and was worth more than months under the doctor's care, which really did not benefit me at all. I feel like another person now. My aches and pains have left me. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—Mrs. B. A. BLANCHARD, 422 Broad St., Nashville, Tenn.—\$3000 full felt if original of above letter proving genuineness cannot be produced.

When women are troubled with menstrual irregularities, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound

THANKS JAPANESE

ROOSEVELT EXPRESSES APPRECIATION OF BROWN RACE.

Says Growth of Japan is One of the Wonders of the Century—Wrote Autograph Letter to Members of Reform Association.

The distinction of receiving a personal letter from President Roosevelt, expressing his appreciation of the courtesies extended him by the Japanese people during his visit to Seattle, has been accorded Charles Sasaki and C. T. Takamashi, of the Japanese Reform Association, who were the representatives of the Japanese residents at the time of the president's visit.

The letter bears the autograph of the president and is written on White House note paper, dated from Walla Walla, as follows:

"Permit me to thank you most heartily not only for the beautiful set of tea things, which will be an ornament in the White House, but for your courteous letter of greeting.

"The astonishing growth and progress of Japan during the last half century, and especially during the last 25 years, have been one of the most remarkable features of the time; and it is a pleasure thus to be greeted by you, personally and because of your nationality."

The Japanese residents of Seattle furnished one of the most artistic attractions of the entertainment of the president. Besides the handsome presents given him, a novel feature of the marine parade was contributed by the Japanese, who chartered a float and tug, from which were discharged probably the most beautiful daylight pyrotechnics ever displayed in Seattle.

BOYS HAVE HYDROPHOBIA.

Three Children of Ritzville Bitten by a Dog.

Ritzville, June 3.—Hydrophobia has made its appearance in the families of J. W. Galbreath and Mr. Willis, both residents of Willis postoffice, a mail station 12 miles northwest of here. The victims are the two sons of Mr. Galbreath and one young son of Mr. Willis. The patients were taken to the Pasteur institute, of Chicago, for treatment.

The disease, it appears, was brought to this state from Minnesota by a small poodle pup that a brother of Mr. Willis brought out to give to him. This dog, in playing with another one of the dogs at that home, bit it and this dog in turn bit the children. The dog first afflicted, died with unmistakable signs of the dread disease, since which time several of the hogs and the dog itself have died with the disease. The hogs were bitten about three weeks ago, about the same time the children were bitten.

This is the first case of hydrophobia ever reported in this county. A great deal of fear is felt that some of the other dogs and stock in the neighborhood have been bitten.

Millers Meet in Detroit.

Detroit, Mich., June 3.—The Millers' National Federation, which has for its object the general advancement and protection of the flour-milling industry, began its annual convention in Detroit today and will remain in session through the remainder of the week. The convention has attracted a number of congressmen and other public men, as well as those prominently engaged in the milling industry in various parts of the United States and Canada. Matters of legislation and other questions of interest and importance are scheduled for consideration.

BOSTON'S BARBER REGULATIONS.

Board of Health Orders Sterilization of All That Barbers Use on Customers.

A special dispatch from Boston, May 5, 1900, to the N. Y. Sun, gives as new regulations of the Boston Board of Health as to barber shops: "Mugs, shaving brushes and razors shall be sterilized after each separate use thereof. A separate, clean towel shall be used for each person. Material to stop the flow of blood shall be used only in powdered form, and applied on a towel. Powder puffs are prohibited." Wherever Newbro's Herpicide is used for face or scalp after shaving or hair cutting, there is no danger as it is antiseptic, and kills the dandruff germ. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Sold by F. W. Schmidt & Co.

Chainmakers in Session.

Columbus, O., June 3.—The Chainmakers' Union of the United States opened its annual convention in this city today with delegates in attendance representing about 40 local branches. The presiding officer of the convention, which will probably be in session 10 days, is Jacob W. Bastine of Trenton, N. J. Reports to be presented to the convention show the organization is steadily increasing its membership and influence, the growth being particularly noticeable in Pennsylvania, Ohio and New Jersey.

King's Daughters in Sessions.

Detroit, Mich., June 3.—The annual convention of the King's Daughters began in this city today with a good attendance. Many of the 500 chapters located in the United States, Canada and the West Indies had delegates present. The sessions will continue through Thursday and Friday.
