FLOOD'S VICTIMS

STRANGE INCIDENTS OF THE KANSAS DELUGE.

Particulars of the Rescue of Victims From Almost Certain Death—Strange Freaks of Flood and Fortune in Topeka.

The Denver Post of June 3, contains the following interesting details of the rescue of flood victims at Topeka, Kan.:

At 3 o'clock the water had receded exactly one and one-half inches an hour. Before this a rise of an inch had been reported. The gauge went up and down all afternoon until 3 o'clock a fall set in. At 4 o'clock the water had left the first floor of the Rock Island general offices, but was yet six feet deep just outside the building. It was then that a gang of telegraph linemen succeeded in getting a heavy wire cable stretched across the top of the pontoon bridge. A large sand dipper was attached to this and used to take large quantities of provisions to those who were not yet rescued.

The first flood victim to be rescued by means of the cable was Rev. A. N. Pearson, pastor of the North Topeka English church. He said: "We spent three days on the top of our house. We were fairly warmly dressed but had only two loaves of bread for our family of four during that time. All day Saturday and yesterday we had nothing to eat. Our situation was desperate and extremely uncomfortable, but we at no time lost faith in the ultimate ability of our friends to rescue us. Saturday my wife and children were rescued. Yesterday my turn came and I cannot begin to tell how thankful I am."

Minds Gave Way.

W. H. Keppard and wife, aged people, were rescued at 4 o'clock. They were so numb that they could not feel and had to be knocked down into the water before the men could reach them. They were standing close together in the attic of a house and so severe had been their experience that their minds gave way under the strain.

A Mrs. Anderson and her year-old baby were for three days in a tree in plain sight of people who were powerless to rescue them. The mother clasped her child close in her arms and managed to brace herself against a limb in a reasonably secure position. At 4 o'clock yesterday afternoon her rescue was very near, but she lost consciousness and both she and her child fell into the water and were drowned, being immediately drawn under by the current.

In a Tree Two Days.

Harvey Parsons, a local newspaper man, took a boat Friday night and made his way to a house in the hope of making some rescues. A woman and her baby, names unknown, were in the house, and Parsons took them into his boat. They had gone only a short distance when the boat capsized. Parsons contrived to get himself and the others up into a tree and there they remained until 3 o'clock yesterday afternoon, when they were rescued.

Fourteen people had entered a stranded street car, but soon had to seek the roof. Standing in this uncertain position for 24 hours, their condition was desperate until they were taken off with the aid of the big cable.

B. L. Wise, former city engineer, was dragged from the hay loft of a barn. He was unconscious and numb from cold, but soon revived. His story of the beginning of the flood is dramatic.

By the aid of the small steam and gasoline launches 40 men in South Garfield Park were rescued. They had perched themselves in trees but had had nothing to eat for 36 hours. These men were in a fenced grove where they could not keep a close watch of the situation. All they could see was the angry water rushing around among the trunks of the trees. One of them said they could not hear each other speak above the roar of the water. Uncertainty was thus added to their other misery, and not one of them had any hopes of escaping.

Children Almost Starved.

Patrick Beline, his wife and three small children were taken from the attic of their small dwelling. The parents were obliged to hold the two younger children constantly in order to keep their heads above water. They were nearly starved and probably cannot recover.

Miss Annie Noble, operator at the Union Pacific railroad headquarters in North Topeka, was forced to leave the building when the water covered the floor. With her mother and young sister the plucky young woman took up housekeeping quarters in an abandoned horse car. This was good enough shelter until the water rose a foot above the floor of the car. There they had to stay until today, when they were included among the rescued.

Near the Rock Island depot a passenger train of seven coaches is stalled by the flood. About 150 passengers are on it. They have not at any time been in real danger, but their real situation is anything but pleasant. They are well cared for by the road and most of them have remained

on the cars, preferring this arrangement to the uncertainty of securing suitable quarters.

Religious Services Held.

Notwithstanding their precarious condition, many of the sufferers held religious services today in the buildings where they were cooped. Fifty or more of the flood sufferers are living in passenger coaches on the Rock Island tracks. Water surrounds the cars, but there is no danger.

One man who worked with the life-savers all Saturday night was R. F. Hayden, probate judge of Shawnee county. Early yesterday morning he entered his boat to return to the north side. The strong current mastered him and he has been swept down the river. He has not been seen since.

Woodmen Attention.

Pendleton Camp No. 41, W. O. W., will hold their unveiling and memorial ceremonies on next Sunday, June 7, 1903, at Olney cemetery. All members are requested to meet at the hall at 3:30 p. m. to form in procession, leaving the hall at 4 o'clock p. m. for the cemetery. A full attendance of the camp is desired.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
