SLEW HIS DEATH WATCH.

A Montana Man Uses a 30-30 Rifle on His Guard—Swims the Missouri River and Makes a Get Away.

Havre, Mont., June 8.—A telegram from Glasgow advises Sheriff Cosner, of Valley county, who is here waiting a delayed train from the west, that William Hardee, a murderer under sentence of death, and three prisoners in for burglary, escaped jail Saturday, killing the death watch, Jack Williams, and beating Sheriff Dillard nearly to death. Hardee escaped once before, but was quickly retaken.

The escaped prisoners are armed and mounted. A posse has been organized to pursue the prisoners, who are desperate characters, and will doubtless fight to the death before they will be retaken. It is known that outside help furnished the weapons by which the prisoners escaped.

Hardee was sentenced last week to be hanged June 26.

William Hardee is under sentence of death for killing George Searley; Jack Brown is serving for assisting in a former jail break, and the two other jail-breakers are short term prisoners.

Under Sheriff Rutter was on guard in the cell where the four men were confined at the time. After Dillard came to get the supper dishes, the prisoners seized him and Rutter and overpowered them.

Shot Williams Down.

One of them then went to the kitchen and secured the Winchester and lay in wait for Jack Williams, one of the guards, who had been down town. When he appeared he was shot through the body and fatally wounded. Dillard and Rutter were then beaten almost into insensibility and the men left. A posse was soon in pursuit and caught sight of the three men on the opposite of the river.

Hardee was not among them. He was either drowned in crossing or left the rest of the party, which is thought more likely. Hardee has the rifle, and as he is to be hanged on June 26, it is not thought he will be taken alive or until he has killed some of his pursuers.

MORMONS TO LEAVE PRUSSIA

OFFICIALS BANISH CHURCH MISSIONARIES.

Local Pastors Not Molested, But Proselyting Must Cease—Hugh J. Cannon Has Taken Refuge in Switzerland.

Berlin, June 8.—Hugh J. Cannon, superintendent of the Mormon mission in Germany; his wife, his secretary and assistant secretary, were ordered by the police to leave Prussian territory within three weeks. Similar orders are about to be served by the local authorities on 86 other missionaries in Prussia, under the decision of the government to expel them all.

No explanation was given for the action taken, except that the presence of the Mormons was undesired. Mr. Cannon will move his headquarters to Zurich, Switzerland. He has engaged a house there near the one occupied by Calvin Cook, when he fled from France. From Zurich the missionaries will occasionally visit the Mormon communities in Prussia, who have 1,200 members in groups of 15 to 20 each. The German pastors continue their services.

Governor Bailey Weds.

Topeka, Kan., June 8.—Governor Bailey left for Kansas City today, where tomorrow evening he will marry Miss Ida Weed, an old-time friend, aged 35, and recently a saleswoman in a millinery store.

Quotations Furnished by Coe Commis-... sion Company—R. L. Boulter, Local... Manager, 120 Court Street.

Minneapolis, June 8.—Wheat—In sympathy with lower cables and heavier receipts our market opened a shade lower. Weather conditions in the Southwest show a slight improvement over Sunday, but rain is predicted for Kansas in the next 24 hours. Cash demand both domestic and foreign continues good. This reaction is a natural one and will put the market on a better basis. We believe wheat a purchase on these recessions.

Chicago, June 8.—

Table with columns: Grain, Opening, Close. Includes entries for July, Sept, Corn, Oats, Minneapolis, etc.

ST. LOUIS FLOODED

Nearly All the Suburbs Are Under Water to the House Tops.

TWELVE HUNDRED IN ONE VILLAGE ARE PRISONERS.

Water Is Still Rising and Has Broken Over the Old Granite Levee—Steamers Are Leaving Their Regular Runs to Go to the Rescue of the People.

St. Louis is practically cut off from railway transportation. Only a few trains are running irregularly westward over the Missouri Pacific. Thousands of excursionists are detained in this city unable to get out. Two steamers went to Madison at 10 o'clock in answer to a call for help. Twelve hundred there are prisoners in their homes. Refugees from nearby cities are being brought in here by the thousand. Many immense industries are idle, throwing thousands temporarily out of employment.

The Water Still Rising in St. Louis.

St. Louis, June 8.—The flood is 37 feet six inches at 10 o'clock this morning and is still rising. Water broke over the old granite city levee this morning and poured down on West Venice in a torrent. The inhabitants barely had time to escape. By 10 o'clock it had reached the roofs of the greater number of the dwellings there adding thousands more to the already large list of homeless. Hundreds are now sheltered in the Granite City schoolhouse, which so far is above water.

River at Highest Point.

The weather bureau at noon says the river gauge reached the highest point, 37 feet six inches, which it believes will be the crest of the flood. Look for fall tomorrow.

Up to 2 this afternoon nothing had been heard from the relief steamers sent out this morning. Nothing is certain regarding fatalities. The number of dead is variously estimated at from nine to 20, not including 15 reported drowned at Granite City last night. The latter are said to have been strengthening the levee when the break came.

All railway connections between here and Alton are cut off. Larger boats are running, but smaller craft don't venture out into the river owing to the rush of drift wood and debris.

More People Drowned.

Four boys were swept off a raft and drowned at East St. Louis this afternoon. Refugees from North Venice report that a house containing 13 occupants was swept away and all drowned. A woman with a small child in her arms was seen to drown in Madison. The marshal of Venice, and his wife, are reported to have been drowned this morning.

Waters Wreck Pontoon Bridge.

Topeka, Kan., June 8.—The pontoon bridge connections of South Topeka, with the flooded district in North Topeka, was carried out by the swift current this morning.

CALL FOR AID ISSUED.

Kansas City Appeals for Outside Aid for Her Homeless.

Kansas City, June 8.—Citizens, nearly all of whom were wage-workers, held a mass meeting today and issued a call for aid. Fifty-two hundred are homeless. The city treasury is depleted. The town is submerged by water or mud. The inhabitants are all in modest circumstances. So far but \$75 outside aid has been received. The mayor will acknowledge all contributions.

FRAUD IS ALLEGED.

Eppinger & Co., of San Francisco, Squeezed.

San Francisco, June 8.—Eppinger & Co.'s creditors meet at 4 o'clock this afternoon. It is believed that the warehouse certificates were irregular, the discovery of which caused the banks to force payment.

Arguments in the Merger.

FLYER IN THE RIVER

Engine, Baggage and Mail Cars and Several Coaches Leave the Track.

NOBODY WAS SERIOUSLY HURT, BUT CARS WRECKED.

Accident Caused a Delay of Nearly Twelve Hours to the Westbound Through Train—Wreck Occurred at Latourelle, Twenty-six Miles East of Portland.

Last night's Spokane flyer, train No. 4, which leaves Portland at 6 p. m., was wrecked one mile this side of Latourelle. The engine, baggage car and several coaches left the track. The engine was thrown partly into the river. J. Christian, the engineer, had his hand and arm quite badly cut from being thrown through the cab window, while the passengers were much shaken only a few were hurt. Some fishermen from Troutdale were bruised and cut, but not seriously hurt. The accident delayed traffic badly, the next regular east-bound train being over 10 hours late.

THEY WOULDN'T WORK.

So They Were Chained to Posts in the Heat of the Sun Till They Couldn't Work.

Washington, June 8.—Complaints have been made to the war department through unofficial channels, alleging that cruelty has been practiced on the inmates of the Malabi military prison at Laguna de Bay, near Manila. Six prisoners, it is alleged, refused to work because they thought the food was improper. They were chained to posts exposed to the heat of the sun. They again refused to work, when they were again chained to posts until one man dropped from exhaustion.

ROUGH WEATHER DELAYS TRIP.

Party of Scientists Narrowly Escape Foundering Off the Carolines.

Norfolk, June 8.—The schooner Van Name, bearing a party of distinguished scientists who are bound for the Bahamas on a two months' expedition, was compelled to put in here today. They encountered a terrific storm off the Carolines. Supreme efforts were required to escape foundering. They will await more favorable weather before proceeding.

AND STILL THEY STRIKE.

Massachusetts Paper Makers Want Higher Wages.

Holyoke, Mass., June 8.—Two thousand paper makers struck this morning. They demand an increase of wages. Twenty-eight mills are affected by the strike.

FLOOD DESOLATION.

Believed Loss of Property in South Carolina Will Reach \$5,000,000.

Columbia, S. C., June 8.—The search for dead in the mud left over thousands of acres along the Pacolet river is being made today. Fourteen bodies were recovered this forenoon. It is believed the heavy drop of mud has buried beyond recovery the greater portion of those lost. Many bodies were dismembered. More than a hundred are missing from Clifton alone.

The property loss will not be less than \$5,000,000. Mill officials are considering whether to call on the governor for troops to guard the district. Governor and mayors have issued proclamations calling for aid. Rations are being issued by the relief committee to 8,000 persons. The Columbia railway bridge over Congaree, 1,200 feet long, was swept out this morning.

A \$15,000 Fire at Stockton.

Stockton, Cal., June 8.—The Stockton athletic association's club house, including handball court, boat house and billiard rooms burned early this morning. The loss is \$15,000. Some of the club house racing equipment and the shells were saved. The crew will continue training.

Appointed Archbishop of Manila.

Rome, June 8.—Rev. J. J. Harlin, of St. Louis, has been officially appointed archbishop of Manila.

A SALEM WOMAN HONORED.

Miss Kittie Harbord Appointed a Member of the State Board of Pharmacy.

Salem, Or., June 8.—Miss Kittie Walker Harbord, of this city, was Saturday appointed by Governor Chamberlain, a member of the state board of pharmacy, to succeed L. W. Moody, of Portland, whose term expired May 20. Miss Harbord not only enjoys the distinction of being the first lady pharmacist to receive an appointment to a position of such responsibility, but so far as can be learned, is the first to receive such an honor in the United States.

She is a graduate of the Philadelphia College of Pharmacy, with the class of 1901, being one of four ladies to graduate from that high institution of learning out of a class of 118. She carried off high honors, and is today the only lady graduate pharmacist in the state of Oregon. She is a native Oregonian and was born in Yamhill county in 1876. She has been actively engaged in the drug business for over 10 years, and is thoroughly qualified in every respect to fill the position for which she has been chosen.

TURKS MEET DEFEAT.

in a Fierce Fight With the Insurgents the Turks Have Heavy Losses.

Vienna, June 8.—A dispatch from Sofia says a courier has arrived there who reports fierce fighting between insurgents and Turkish troops in the frontier villages of Zeargo and Sweger. A full Turkish battalion was engaged, but was compelled to retreat. The insurgents used bombs with deadly effect, destroying an entire Turkish company.

SAT IN THE GLASS CHAIR.

Flannagan, the Colored Murderer, Electrocuted at Sing Sing.

New York, June 8.—Flannagan, the colored man who killed Keeper McGovern in the west side prison, and for whom great endeavors have been made to gain executive clemency in vain, was electrocuted at Sing Sing this morning.

POPE LEO IS IN A DECLINE

THERE IS NO QUESTION THAT HE IS VERY INFIRM.

Probable That the Pontiff Cannot Survive Many Months—Eats Very Little and is Gradually Wasting Away.

Paris, June 8.—The Temps today prints the following dispatch from Rome: Leo XIII continues to receive, but those who see him notice the gradual decline, which, without exciting apprehension that any serious illness is imminent, do not warrant a continuance of the recent confident optimism.

His recent audiences were very fatiguing. Each time the pope received he was obliged to rest, sometimes for two or three days. During the last few days the pope has restricted his diet to milk, bouillon and eggs. This regime counts severely against a man 92 years of age. Very little fresh air is admitted to the pope's apartments in the vatican. His valet, Centra, opens the windows of the pontiff's sleeping room momentarily, night and morning, but the air is more or less vitiated and there is a lack of sufficient oxygen.

The correspondent of the Temps adds:

"I have had occasion during the last few days to see a number of persons on intimate terms with the pontiff, and I find their opinion is always unanimous that Pope Leo has been slowly wasting away; atrophying for some time. The pope rises late and does not celebrate mass, except on Sunday, when no one assists him except the faithful Centra, who serves him at the masses. The pontiff appears not to desire that others should see his infirmities. The trembling of his hands has become noticeable.

"I do not wish to unduly alarm the devoted friends of Leo XIII, but nevertheless I am compelled to state that the condition of his health actually is far from satisfactory."

A BOQUET FOR EMPEROR.

A Banker's Wife Throws a Boquet at the Kaiser and is Arrested.

Berlin, June 8.—While the Kaiser and empress were driving at Wiesbaden today a woman threw a boquet which struck his majesty's head, inflicting slight injury.

The empress, believing it to be an attempt to assassinate Emperor William, sprang from her seat in alarm. It was later learned that the woman who threw the boquet is the wife of a prominent banker. She has been arrested.

DEADLY COLLISION

Steamers Foul on the High Seas With Great Loss of Life.

ONE HUNDRED EIGHTY FIVE PEOPLE DROWNED.

Worst Ocean Horror in Many Years Takes Place Off the Southern Coast of France — Carelessness of One Captain and Cowardice of the Other Held to Be Responsible.

Marseilles, June 8.—The latest report of the loss of life from the sinking steamer Liban, yesterday, places the list of dead at 185, of which 33 bodies have already been recovered. The top mast is visible this morning. Divers are at work on the wreck.

The captains of both vessels are blamed. The captain of the Liban, because he did not direct his ship properly, and the Insulara, because he didn't do more to assist the passengers of the sinking vessel. The latter claims he was afraid that his own ship would sink, so he ran ashore for fear of foundering.

One man who lost his wife and four children is now a raving maniac. Another rescued passenger who has gone insane is a woman who lost her husband and five children. It now appears that the Liban was running at a 12-knot speed when she turned the Isle of Marie. Her speed was so great when she saw the Insulara that she could not change her course to avoid the collision.

IN A STATE OF SIEGE.

White and Jett Trial Causing Great Excitement in Kentucky.

Jackson, Ky., June 8.—Last night was another turbulent one. Many shells were fired about the outer edge of town. Jurymen who arrived last night were immediately given bunks in the courthouse and are guarded by soldiers. The anti-Hargis faction claim the defense have been favored in summoning men to serve. As usual, White and Jett were brought into court this morning under a heavy guard of militiamen.

DO YOU MEAN BUSINESS, MR. CLARK?

If So, Here is Your Chance to Get a Road in Los Angeles.

Los Angeles, June 8.—The city council this morning, by a vote of 4 to 3, agreed to give Senator Clark a chance to bid on a three-cent fare blanket franchise, in spite of the board of public works adverse report. If Clark means business he can get a three-cent fare road paralleling all of the Huntington lines in Los Angeles.

SMOTHERED IN A LUMBER CAR.

The Body of James McCormick is Found by Washington Mill Employees.

When some of the employes of the Washington Mill Company opened a car of lumber on the old O. R. & N. spur on Astor street in Spokane to unload it, they were horrified to discover the dead body of a man in one end of the car.

The car came by way of Hillyard Saturday from Milan, where it was loaded and evidently locked.

The finders of the body made haste to notify Coroner Smith, who found that the man had probably come to his death by suffocation, the face being blue with congested blood and the lips almost black. How the man managed to get into the car is a mystery, and it is suggested that some of the lumbermen at Milan, wishing to befriend the man and give him a free journey had allowed him to enter the car before it was locked, little thinking of the terrific heat that would be engendered by the lumber during a hot day on its run.

From letters found on the man his name is James McCormick, and from a note it appears that he worked four days in Silver King, Idaho, as a foreman of a track gang and quit work on May 29, going to Milan. The lumber car was loaded there June 1, and from appearances the man had been dead two days.

McCormick was probably 48 years of age and weighed about 150 pounds. The writers of letters found on him were communicated with.

One of the letters was from Gene Rowe, an employe of the Inter Mountain Publishing Company of Butte, Mont.
