COLD STORAGE AFFAIRS.

New Plant Will Be in Operation Monday Next.

The new Ross Cold Storage plant will be in at least partial operation Monday next, when the manufacture of ice will begin. The plant will not be used at first to its full capacity for producing ice, but will be as soon as all the details of the machinery are in operation.

Already very much of the space of the cold storage rooms is contracted by the local merchants, saloon men, fruit and butter packers and meat market people.

Undoubtedly the cold storage plant fills a long-felt want and has come to stay.

CITY'S TEACHERS

**ALL BUT TWO HAVE BEEN
EMPLOYED FOR NEXT YEAR.**

Many, But Not All, of the Salaries Were Increased—Three Teachers Entirely New to Pendleton Were Employed—Janitors Not Yet Hired.

The city school board met last Saturday night and chose all the teachers for the ensuing school year with the exception of two. The board will meet again very soon to fill these two vacancies and the names will be made public in a few days.

Of the names given below three only are those of people who are new in the city's schools.

The teachers, with the exception of the two not yet employed, are as follows, with the amount of their salaries appended:

E. B. Conklin, per year	\$1600.00
Roy Conklin, per year	900.00
Jessie M. Shepherd	85.00
Mary Ritner	75.00
Carrie L. Epple	65.00
Eva L. Wood	65.00
Neva Lane	65.00
Elizabeth Parrott	65.00
Lucetta Conklin	60.00
Miss Myrtle Smith	60.00
Eva Froome	60.00
Sadie Baum	60.00
Loretta Starr	60.00
Mabel Jones	55.00
Miss Duncan	50.00
Stella Maple	50.00
Nettie Cannon	50.00

The three last named—Misses Duncan, Marple and Cannon are the only teachers who have never been employed in the city schools. Miss Duncan taught last year at Echo and Miss Cannon near Athena. Miss Marple has taught several terms but spent last year at Monmouth College.

The following will enjoy a raise in their salaries: Miss Shepherd, \$5; Miss Ritner, \$8.33; Misses Epple, Wood, Lane, Parrott, Froome, Baum, Starr and Jones, \$5 each; Miss Willis, \$10. None of the Conklins' salaries were raised.

The janitors have not yet been chosen, but will be in a short time.

ATHENA TOURNAMENT.

Good Attendance From Pendleton and Other Points.

The Athena tournament was attended from Pendleton by F. W. Walte, H. J. Stillman, J. M. Spence, S. R. Thompson, D. C. Clark and W. J. Sewell.

Stevens, of Pomeroy, made the highest average for the meet, missing but 13 birds out of 490, which is an average of 97.4 per cent. H. J. Stillman scored the second high average, or 89 per cent. The last day of the shoot Stevens scored 150 out of a possible 155.

High Prices for Horses.

Cooke Bros. sold a band of 18 mares at public sale Saturday which averaged about \$55 a head, says the Condon Globe. George Neal was the auctioneer. This was the highest average price ever obtained for a band of horses at a public sale in Condon. James Cordell also sold a band the same day for which fair prices were realized.

COLFAX CATTLE SALE

**SECOND ANNUAL AFFAIR AT
COLFAX A DECIDED SUCCESS.**

**Good Prices for Stock Which Will Be
Used to Improve Inland Empire
Herds.**

Colfax, Wash., June 8.—The second annual sale of the American Shorthorn Breeders' Association in Colfax was held at the county fair grounds Saturday afternoon. It was a decided success. Thirty-four head of thoroughbred shorthorn cattle were sold and added to the number owned in the Inland Empire. The attendance was not large, but nearly every one present was a stockman and wanted to improve his herd.

The bidding was spirited and good prices were obtained. Females were in greater demand than males for two reasons. First, stockmen have been importing thoroughbred bulls for two or three years and the country is pretty well stocked with bulls. The sale last year consisted almost entirely of bulls. The second reason is that stockmen are now engaging in the raising of thoroughbred cattle. Instead of grades, and it is necessary to have thoroughbred cows to do this. There has been such an increase in the number of thoroughbred cattle in Whitman county during the past three years that the number and quality of thoroughbred cattle owned in this country will compare favorably with many counties in the older and more thickly populated states of the West.

The 34 head of cattle sold brought a total of \$5,410, and an average of \$159 per head. There were 20 females and 14 males sold. The females brought a total of \$3,635, an average of \$181.25 per head, while the males brought \$1,775, an average of \$123.20. The highest price paid at the sale was that bid by M. F. Gose, of Pomeroy, for a 2-year-old heifer, on which the bidding was spirited.

DEATH OF MRS. FINCH.

**Woman Who Lost Her Hand in the
Laundry Mangle Passed Away Last
Night.**

At 12:20 this morning Mrs. Jennie Pearl Hickman died at St. Anthony's hospital after just five weeks' suffering following the accident in the Stephens & Jordan laundry, May 4.

Mrs. Finch was 26 years, 2 months and 22 days old. She was born in Colfax, Wash., and received most of her education there. She was the daughter of W. F. Hickman and wife. She was married June 12, 1901, to A. H. Finch, of Colfax, at the home of her parents.

With her husband she came to Pendleton in April last and had just begun housekeeping a few days prior to the accident in the laundry. The accident was peculiar, but no blame could attach to anyone but the victim, who put her gloved fingers upon the revolving steel rollers but a few moments after the steam power had been turned on the first day the laundry was opened. Her right hand was jerked between the rollers, horribly crushing it to the wrist. The left hand was badly mutilated in her efforts to extricate the right. A few days after the accident it was found necessary to amputate the right hand at the wrist. The left was crippled, but amputation was not necessary.

Eventually blood poisoning set in, from the direct effects of which she died. She was unconscious for a week prior to her death.

At the time of the accident her husband was foreman of the laundry, and she had called to see him put the plant in operation.

Mrs. Finch was a member of the Methodist Episcopal church from her childhood and the funeral will take

NEED RAINS BADLY.

**But They Need It Still Worse in the
Grande Ronde Valley.**

William O'Brien believes that immediate and profuse rains are needed to develop even a 40 per cent crop of wheat, while if there are no more rains at all there cannot be more than a one-fourth crop.

He lately returned from the Grande Ronde valley, where rain is needed worse than here. In some places in that country the grain crops are entirely dead for want of water.
