A SAN FRANCISCO PHYSICIAN.

Uses Herpicide Successfully in Treating Sycosis of the Beard.

He says: "I recently treated a case of sycosis (similar to 'barber's itch') of the lower lip, with Newbro's Herpicide. There was an extensive loss of beard with inflammation extending well down on the chin. The result of the application of Herpicide was most gratifying. The loss of beard ceased and a new growth of hair is now taking place over the once inflamed area."

Trib-Notice-Trib.

The people of Pendleton are respectfully asked to fully investigate Trib, the world's greatest cure for the liquor and tobacco habits, and to anyone in need of a cure we say truthfully, Trib is an honest, positive cure. You do not use Trib in your coffee; you can't give it that way; but be sensible and take it for either of these habits the same as you would a remedy for any other disease. Here is a reference from a man well known in Pendleton. Read it. We have many more.

J. W. Daugherty writes on May 14, 1903: To whom it may concern:—I wish to say I completed a cure with Trib in February, and have had no desire to drink since. It will also cure the tobacco habit. I had a harder time to learn to smoke after taking Trib than when I first learned to smoke. I am quite well known in Baker City, La Grande, Sumpter and Pendleton and anyone wishing to stop using either liquor or tobacco, I would recommend them to take Trib. Price \$12.50. For sale by all druggists.
