NOTES OF ATHENA

VERY SEVERE DROUGHT
HUDSON BAY COUNTRY.

Rain is Badly Needed Between Pendleton and Athena—improvements Being Made on the Highways—New Residence Approaching Completion—Several Cases of Illness, But None Are Severe.

Athena, June 10.—L. C. Kilgore reports having heard the crops in Hudson Bay vicinity are so blighted by the continuous hot, dry weather that some are already turning horses on their wheat and use it as pasture in order to realize anything therefrom.

R. J. Boddy, who has been quite ill, is somewhat improved, as is reported.

The crops are in need of rain very badly just now. Between Adams and Pendleton, along the Wild Horse creek, the grain is looking quite sickly, some of it heading at about six to eight inches.

R. E. Beck has gone to Crook county to look after his interests in said place.

W. R. and Sheldon Taylor are taking an outing and looking after their interests in the John Day just now.

W. W. Harrah, of Pendleton, was visiting and transacting business in the vicinity of Pilot Rock a short time ago.

Mrs. G. DeGraw, of Weston, is visiting her daughter, Mrs. Cora Barnes, in Lake Chain, Wash., at present.

C. C. Darr, the Adams road supervisor, has been making improvements on the road in his district lately.

Mrs. McDougal, of Weston, is visiting her son's family at Lake Chain, Wash., at present.

William Kilgore has about completed his new residence on his property in the city.

Mr. and Mrs. Fred Rosenswieg and their daughter, Miss Elsie, made a trip to their Franklin county farm a short time ago. Mr. Rosenswieg has returned and Miss Elsie is teaching school and she and her mother are holding down the farms.

Grandpa Helmick was fishing down on Umatilla river below Pendleton, this week.

John Smith remains about the same; not much improved.

Grandma Gerking remains about the same as usual.

Grandma King is reported to be quite ill at present.

Much Improved in Health.
Frank Mansfield is reported as improved so much as to be able to walk around town with a cane.

Scarlet Fever Case Improving.
The little 3-year-old daughter of Verne Bannister, who has been quite low with scarlet fever for the past five weeks, is improving slowly and there is hopes for her recovery now.

That Throbbing Headache.

Elgin Murder Case Called.
Union, June 11.—Wood and Nat Gray were this morning brought to trial for the murder of Arch Hargrath near Elgin in April. There are 46 witnesses to examine. Owing to the prominence of the case it is feared it will be very difficult to secure a jury.

"My Sons,"
said a great business man, "are my partners and they need all the strength and courage I can give them," and he forthwith paid for a \$1,000,000 policy in The Mutual Life Insurance Company of New York. Not without the most careful investigation, however, extending over six months. He was convinced by just such facts as led the President of a National Bank in New York to make the curious and shrewd provision in his will, which is contained in "A Banker's Will." Write for it and also for the account of the \$1,000,000 policy. "The Largest Annual Premiums."
