RIDGE AND VICINITY ALBA HAPPENINGS

HEAVY PURCHASES AND SHIPMENTS OF BEEVES.

The Ridge Country Needs Rain—Seattle People Here on a Visit—The Stock Range is Badly Crowded—A Fluctuating Thermometer.

Ridge, June 13.—J. C. Lonergan purchased beef of J. Borne, Ukiah, kust Bros., H. W. Whittaker and Kopp Bros. They were delivered at Pendleton. Fair prices were paid.

William Futter, of Ukiah, made a trip to Pendleton this week to meet his brother and family, Mr. and Mrs. Antonio Futter, of Seattle, Wash.

William Farnwald returned from his sheep camp yesterday and reports grass as being badly blighted from hot winds and not so plentiful either. Ranges are badly crowded.

Charles Cunningham, who has been looking after his interests near Pilot Rock, returned to Pendleton yesterday.

We had a nice rain here yesterday, which was gladly welcomed by all. The thermometer has registered from 60 to 100 above; it is cloudy and about 70 now, with appearances for more rain. It is fine growing weather if we just had enough moisture.

Crops are blighted some yet, if our present weather continues, we will have a fair turnout yet. Most of the alfalfa between Pilot Rock and Pendleton is shocked and getting soaked.

THE CRY FOR JOBS.

Old Veterans Complain of Constant Mistreatment of G. O. P.

Washington, June 16.—The professional old soldiers are grumbling in the public prints about their ill-treatment at the hands of the government. One of the most indefatigable of these men is Dyrenforth, at the head of what is known in Washington as the Union Veterans' Legion. He breaks out into print every little while with the declaration that the soldiers are going to organize so as to get offices. Very little attention is paid to him, because he seems to make that a part of his stock in trade.

Another who has come forward with complaints is "Private" Dalzell. This man has kept himself before the public for 40 years by writing to the papers from time to time, and signing his communications "Private" Dalzell. He has written entertainingly, too, or else the papers would not have printed what he had to say.

FALLING HAIR STOPPED.

Baldness Cured by Destroying the Parasite Germ That Causes It.

Baldness follows falling hair, falling hair follows dandruff; and dandruff is the result of a germ digging its way into the scalp to the root of the hair, where it saps the vitality of the hair. To destroy that germ is to prevent as well as cure dandruff, falling hair, and, lastly, baldness. There is only one preparation known to do that, Newbro's Herpicide, an entirely new, scientific discovery. Wherever it has been tried it has proven wonderfully successful. It can't be otherwise, because it destroys the dandruff germ. "You destroy the cause, you remove the effect."

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in Lydia E. Pinkham's Vegetable Compound.
"I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months."
"I recommend it to all young women who suffer from female weakness."

FREE MEDICAL ADVICE TO YOUNG WOMEN.
All young girls at this period of life are earnestly invited to write to Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given; her address is Lynn, Mass.
Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to the belief that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries; less learning and more health needed.
