## OPPOSE JUNKETS

LEWIS AND CLARK COMMISSION AGAINST PLEASURE TRIPS

Will Not Spend Money to Visit St. Louis to Investigate Plans—Distribution of Funds Now Made for St. Louis Fair—Salary of Assistants.

Portland, June 16.—The state commission for the Lewis and Clark Fair has decided against a proposal to send a special committee to St. Louis to investigate fair conditions and recommend the plan that should be adopted in preparing the Oregon exhibit. Inferentially the commission also went on record against the immediate employment of a superintendent of the exhibit, for a proposition to secure the services of such an official was opposed in the commission's meeting and the suggestion was not pushed.

Commissioners Albert and Flanders are to make a trip to the Eastern cities within a few days and both will visit St. Louis. A week ago the two men were authorized to represent the commission in full whatever the state of Oregon might expect in the way of favors and what could be done by this state in completing an exhibit for the Louisiana Purchase Exposition. These commissioners will not be paid for their services and the commission decided yesterday that their inspection and investigation, coupled with the correspondence of the secretary, would provide sufficient data for the commission.

The proposal for an investigation at St. Louis came from Commissioner G. V. Harry. He offered a resolution empowering the president of the commission to name a special committee to accompany him to the exposition at St. Louis, and followed up this proposal with a speech wherein he declared that the committees of the commission did not understand what was expected of them and the commission itself was in the dark regarding the scope of its work. Commissioner Harry insisted that the business-like method was to send a committee to St. Louis to investigate and ascertain what other states would do; the space that could be secured for Oregon, and the best methods of installing an Oregon exhibit.

Harry's Resolution Opposed. The Harry resolution was opposed by the commissioners present. Commissioner Thomas insisted that the exposition buildings were in course of erection and arrangements for the installation of exhibits incomplete. He held that correspondence would show as thoroughly as a personal visit what could be accomplished.

Commissioner Albert held that the visit he and Commissioner Flanders would pay to St. Louis would result in giving the commission the information that was sought. He believed that tracings of building plans could be obtained and the commission would understand what space might be allotted to Oregon without sending a special commission to learn.

Distribution of Funds. The state commission yesterday approved the following distribution of funds in connection with the St. Louis exhibit: Salaries and expenses, \$7500; press and publicity, \$5000; freight and transportation, \$10,000; minerals and mining exhibit, \$4000; agriculture and livestock, \$4000; fisheries, \$2500; manufactures, \$2500; fine arts, \$500; education and history, \$2500; forestry, irrigation and water supply, \$2500. It was also decided that no salaries should be paid attaches in charge of exhibits or the work of collecting them in excess of \$100 per month.

George Goodall was elected assistant secretary. Mr. Goodall is expected to perform the duties of stenographer and bookkeeper of the commission.

A Union Labeled Church. A union labor church is to be established in Chicago. At least W. B. Cook, of 314 West Monroe street, who is self-styled "labor preacher," declares so. First of all, "Rev." Mr. Cook will secure union headquarters. The building must be erected by union tradesmen and furnished by union clerks and union furnishers. The pastor must be union-labeled and the congregation will be compelled to show the union card at the door of the edifice. From union-labeled prayer books and hymn books the supplications and chants of union tongues will arise, and union buttons will be the symbol of the church. The choir will be paid the union musicians' wage scale and the contribution basket collectors will wear the card.—Detroit Journal.

Notice to Contractors. Sealed proposals will be received at the office of T. F. Howard, architect, until three o'clock p. m. June 27th, 1903, for the building of a third story to the Hotel St. George, according to plans for the same by T. F. Howard, architect. The right is reserved to reject any and all bids for the work. June 16th, 1903.

### Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds, to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for three years and doctoring all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Tallman & Co., druggists. Trial bottles free, regular size, 50c and \$1.

### Driven to Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c, at Tallman & Co., drug store.
