BRIGGSON ITEMS

NORTHERN IDAHO HAS
POOR CROP PROSPECTS.

Condition of John Blom is improving Steadily—R. J. Boddy Recovering From a Long Illness—Rattlesnakes More Than Usually Numerous.

Briggson, June 15.—R. J. Boddy, who has been very ill for the past two weeks, is very much improved, and was able to come up to his ranch yesterday from Athena, where he has been for medical treatment.

Willie Narkaus, who has been attending the normal school at Weston, returned home Saturday, school having closed Wednesday.

John Blom is recovering. John Blom, who while visiting at the home of James Navin last Sunday, had a very narrow escape from being killed by being kicked on the top of the head by a horse, is much improved this morning. Had he been a foot farther from the animal, it certainly would have killed him. However, a slight injury to the top of the head and muscles of the neck are the results.

Charles Pinkerton, of Weston, was visiting friends here yesterday.

Thomas Narkaus returned last night from Grangeville, Idaho, where he has been on a business trip. He reports crops not in very good condition thereabouts.

All who attended the pioneers' picnic at Weston from this locality, report having had an excellent time. Their enjoyment was somewhat disturbed Friday by the torrents of rain and hail which fell. But Saturday was quite a good day. A very large crowd assembled and enjoyed themselves immensely, as was evident.

Harry Rosenzweig, from Athena, was in this locality on business one day last week.

Sudden Death of a Heifer.

A. M. Gillis lost a fine yearling heifer last Saturday in a mysterious manner. About noon it was turned out to pasture to go to the spring for water, which is but a short distance from the house. It returned and in a very short time it was noticed its throat began to swell, also a place on its shoulder, and in three hours the animal was dead. Examination was had, and it is thought it had been bitten by a rattlesnake while in the act of drinking. Snakes are said to be quite numerous hereabouts now, while heretofore they were almost unknown.

Mrs. Emma Ross, who has been very sick, is convalescing.

HOLDMAN ITEMS.

News From a Thriving and Busy Neighborhood.

Mr. Thompson is suffering from a very painful wound on the leg.

Mrs. F. L. McCrea is visiting with her mother at Echo.

Miss Cora Johnson, of Echo, is a guest of Miss Linnie Warbuton.

The dance at Holdman Friday night was a success. Everybody had a fine time.

Haying is in progress in the canyon.

Mrs. E. C. Johnson, of Juniper, spent a couple of days last week visiting relatives at Holdman.

Rains are still badly needed.

Mrs. Jake Parrish has gone to Newberg on a visit with her parents.

Mrs. Vorhies and daughter, Icy, and son Sam, went to the coast for the summer.

ALMOST A TORNADO.

Houses Unroofed and Trees Uprooted at Walla Walla.

Unroofed buildings, uprooted and twisted trees and broken down fences in Walla Walla and the rural districts was a result of the fierce gale which swept over the valley early last evening, says the Walla Walla Statesman. The roof was torn from the Kauffman Meat Company's slaughter house east of the city and the foreman's house was partially wrecked. Mr. Kauffman estimates his damage at \$200.

The Yenny warehouse in Baker street was badly twisted and telegraph poles and trees were knocked down in that vicinity. The presidential arch in Main street, went by the boards at 7 o'clock. Its destruction was watched by a hundred people on the streets. The debris was allowed to remain in the street today.

At the corner of Pleasant and Howard streets several huge balm trees were leveled in the street and interrupted travel until this morning, when workmen chopped them out.

Broken trees and fences are reported from all parts of the city where the gale almost reached the proportions of a cyclone. George LaDue, residing in Fern avenue, had a narrow escape from a falling tree. Several trees on his place were stripped of huge limbs.

ALL WENT IN THE HOLE.

Inland Empire League a Losing Proposition.

It is estimated, says the Walla Walla Union, that during the short life of the Inland Empire League, \$2,500 was lost by the management of the four clubs. Walla Walla went in over \$1,000, while Pendleton, Colfax and Dayton are about \$500 each to the bad.

It seems to have been pretty thor-

oughly demonstrated, after the experiences of the last season, that a "brush" league cannot be made to pay. This is the third time that league baseball in the Inland Empire has petered out before the season was finished.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds, to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Tallman & Co., druggists. Trial bottles free, regular size, 50c and \$1.

Notice to Contractors.

Sealed proposals will be received at the office of T. F. Howard, architect, until three o'clock p. m., June 27th, 1903, for the building of a third story to the Hotel St. George, according to plans for the same by T. F. Howard, architect.

The right is reserved to reject any and all bids for the work. June 16th, 1903.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
