

ARE YOU LOSING WEIGHT

If so then your system is out of balance, and there is a flaw somewhere in your constitution, and a possibility that you are losing health, too. The falling off in weight may be slight, but it makes a wonderful change in one's looks and feelings, and unless the building up process is begun in time, vitality and strength are soon gone and health quickly follows. If you are losing weight there is a cause for it. Your blood is deteriorating and becoming too poor to properly nourish the body, and it must be purified and enriched before lost weight is regained. It requires something more than an ordinary tonic to build up a feeble constitution, for unless the poisons and germs that are lurking in the blood are destroyed, they will further impoverish the blood and weaken the system, and you continue to lose weight.

In S. S. S. will be found purifying and tonic properties combined. It not only builds up weak constitutions, but searches out and destroys germs and poisons of every description and cleanses the system of all impurities, thus laying the foundation for a healthy, steady increase in weight and future good health.

Food may be bountiful and the appetite good, but still the system weakens and we remain poor in flesh unless what we eat is properly digested and turned into rich, pure blood. S. S. S. re-inforces the stomach and aids the digestion and assimilation of food, and there is a rapid up-building of health and strength. S. S. S. acts promptly and beneficially upon the nervous system, strengthens and tones it up, and relieves the strain by producing sound, refreshing sleep. You can find no tonic so invigorating as S. S. S., and being composed exclusively of roots and herbs its use is attended with no bad effects. Old people will find that it braces them up, improves the circulation of the blood, and stimulates all the bodily organs, and persons of delicate constitutions can take S. S. S. with safety, as it does not derange the stomach like the strong mineral remedies, but acts gently and without any shock to the system. Those whose feelings tell them they are not strong or well, and who are growing thinner and falling below their usual weight, should take a course of S. S. S. and build up again. S. S. S. is recognized everywhere as the leading blood purifier and the safest and best of all tonics. We cheerfully furnish medical advice, without charge, to all who will write us.

WONDERFUL GAIN IN WEIGHT.

Huntsville, Ala., Jan. 10, 1903. Some years ago my general health gave way; my nervous system was shattered, and I could get nothing to do me any good till I began to use S. S. S. I commenced to improve at once. My appetite became splendid and from 135 pounds I increased to 180. I became well again by taking S. S. S. and would take no amount for the good it did me. My health is now perfect, and I believe if everybody would take a bottle of S. S. S. occasionally, they would enjoy life as I am doing. W. L. WINSTON.

BUNKER HILL DAY

CELEBRATE THE DAY THE BRITISH WERE DEFEATED.

An Occasion That is Growing in Local Importance—In Massachusetts It Rivals the Fourth of July.

Boston, Mass., June 17.—Bunker Hill day is being celebrated with a program that will not end before midnight. The gala day opened with salutes by the warships in the harbor, the navy yard battery and Fort Warren. The presence of the historic Liberty Bell, loaned for the occasion by the city of Philadelphia, made the celebration the most enthusiastic held in many years. The famous relic was exhibited throughout the day on Boston Common, where it was guarded by the Ancient and Honorable Artillery Company of Boston.

All public buildings were lavishly decorated and a large majority of the hotels and business blocks. Flags were flying by the hundred and nearly every residence added one or more to the blaze of color. Business was suspended and the streets were thronged in the morning. The military, naval and civic parade in Charlestown this morning opened the program of the day. The sailors and marines from the warships were enthusiastically cheered all along the route. Historical exercises, athletic contests, cycle races and rowing races were held this afternoon.

Rivals Fourth of July.

Bunker Hill day is the Massachusetts Fourth of July. It is observed nowhere else, but here it is celebrated with a vengeance. At midnight the church bells chimed, the whistles blew, the giant crackers exploded, and the pandemonium of noises made in the Charlestown district might have been heard around the world.

With each recurring year more and more "fuss" is made over the anniversary of the battle of Bunker Hill, and small gatherings have gradually grown to larger and more impressive ones.

FLYER WRECKED.

Open Switch Causes Serious Mishap in Pocatello Yards.

Butte, Mont., June 16.—A special to the miner from Pocatello, Idaho, says that the most disastrous passenger wreck in the history of the Oregon Short Line in recent years occurred within the city limits of Pocatello at 11:30 o'clock Monday, when No. 2, the eastbound fast mail, struck a misplaced switch at the west end of the yards, just as she was pulling into town, and went into the ditch.

As a result Fireman Henry Bowers is dead and Engineer Evan Williams, and Mall Clerk Ben A. Campbell are seriously injured, but there were no casualties of any kind among the passengers.

The accident occurred at the second switch at the west end, coming into Pocatello, the engine No. 807, immediately left the rail, but continued on the general course of main line, while the derailing of the engine further threw the switch so that the train took the siding.

After running a train length from the point of the switch the engine turned over on her side, the mail car and baggage car shot off in opposite directions and the composite car went off at another tangent, the sleeper, diner and chair cars remained on the grade of the siding.

From a private message it is learned that both mail clerks were injured. Ben A. Campbell has a severe scalp wound and is badly shaken up. Arthur J. Stimpson is incapacitated from duty. Both are residents of this city.

The resumption of work affects several hundred men directly, and as many more indirectly, all of whom report to work at last year's wage scale.

MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McEwen's Wine of Cardui. It tones above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in the medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies' Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

What Others Say About the Underwood

Walla Walla, Wash., April 16, 1903.

J. S. Kees, Pendleton, Oregon. Dear Sir—Re: lying to your enquiry, I beg to say that I purchased Underwood typewriter in 1896, and it has been in continuous hard use since.

I have not seen any of the new models, but this is a specimen of the work done by my machine after nearly seven years usage. I would not change it for any other make.

The only repairs I have had to the machine is to have the platen renewed twice during the time I have had it.

This was rendered necessary by the large amount of tabulating work, and the hard usage it was subjected to in many odding.

Signed—Yours Truly, S. B. CALDERHEAD
