C. R. DUTTON'S

Trib—Notice—Trib

The people of Pendleton are respectfully asked to fully investigate Trib, the world's greatest cure for the liquor and tobacco habits, and to anyone in need of a cure we say truthfully, Trib is an honest, positive cure. You do not use Trib in your coffee; you can't give it that way; but be sensible and take it for either of these habits the same as you would take a remedy for any other disease. Here is a reference from a man well known in Pendleton. Read it. We have many more.

J. W. Daugherty writes on May 14, 1903: To whom it may concern:—I wish to say I completed a cure with Trib in February, and have had no desire to drink since. It will also cure the tobacco habit. I had a harder time to learn to smoke after taking Trib than when I first learned to smoke. I am quite well known in Baker City, La Grande, Sumpter and Pendleton and anyone wishing to stop using either liquor or tobacco, I would recommend them to take Trib.

Price \$12.50. For sale by all druggists.

CROPS IMPROVED

SOUTHERN OREGON IS STILL NEEDING RAIN.

Apple Crop Has Been Curtailed By Hot Winds—Prune Crop Very Uneven, Varying From First-Class to Light—Greatly Improved Prospects in All Parts of the State Except the Extreme Southern.

The past week has been cooler, with beneficial rains in nearly all sections. In Morrow and Malheur counties, local storms did great damage over small areas by washing the soil, drowning vegetation, and inundating irrigation ditches. More rain is still needed in Southern Oregon, but elsewhere a marked improvement in the condition of all crops is noted. Fall grain is heading, and in most places the heads promise to be of good size, although the stalk is short. In Southern Oregon spring grain is heading, with small heads and short stalks. Spring grain in the Willamette valley is making good growth and the plant is thrifty and promising. In Eastern Oregon spring grain has improved considerably during the week and a fair crop is now expected.

The cutting of alfalfa and early clover has begun and the yields are generally reported below the average. Hops, corn, potatoes, sugar beets and onions are growing nicely. Gardens also show improvement, and early vegetables are plentiful.

The hot weather of the previous week did some damage to apples, but the outlook is still favorable for fairly good yields. Cherries are ripening

Columbia River Valley. Tygh, Wasco county, J. T. Harper.—Copious rains on the 11th and 12th insure a good crop of fall-sown grain; fruit prospects good; alfalfa being cut; gardens doing well.

Condon (Poplar Farm) Gilliam county, F. B. Stevens.—Thunder showers on 11th and 12th greatly benefited grain and grass; sheep all on summer ranges.

Douglas, Morrow county, H. W. Grabie.—Fore part of week warm; latter part cooler, with occasional showers; the rains will help spring grain.

Grass Valley, Sherman county, Geo. B. Bourhill.—Heavy rains on 11th and 12th; wheat doing well; a good yield is now assured; heavy wind on 11th did some damage to fruit trees and buildings.

Vinson, Umatilla county, Jos. Doherty.—Beneficial rain Thursday; crops will be light in this vicinity; stock is doing well considering the previous dry weather.

Pendleton, Umatilla county, E. W. McComas.—Early part of the week drying winds from the northeast caused considerable apprehension of further damage, but the damage has not been verified; Thursday and Friday copious showers over most of the wheat area has done much to relieve the situation; the weather remains warm, cloudy, and threatens rain; ideal weather for maturing the crop.

Plateau Region. La Grande, Union county, W. F. Gekeler.—Very warm and dry; hay crop will be very short, also grain it doesn't rain soon; pasture drying up; fruit prospects fine.

McEwen, Baker county, J. L. Yantis.—Week warm, with light showers during the latter part; all vegetation making rapid growth; prospect for hay crop good.

Vale, Malheur county, J. A. Newton.—Good rains during week; hay crop reported short; fruit damaged by late frosts, but not a total failure.

Deschutes, Crook county, John Atkinson.—Cooler, with thunder showers; crops doing fairly well, but need more rain; cattle improving.

Clarno, Wheeler county, L. H. Hale.—The rains came too late for fall grain; they will help spring grain.

Push, Lake county, Daniel Boone.—Weather favorable; grass and gardens growing fast.

Klamath Falls, Klamath county, Francis J. Bowne.—The southern part of this county has had several fine rains the past week; grain and alfalfa doing nicely.

Now is the accepted time to have your house painted or papered. A little painting here and there will help its looks wonderfully. Some nice, bright, new wall paper will lend a freshness to any room. Our stock of wall paper was never more complete—patterns in endless variety and every one new and up-to-date in color design. Better come in and let us show them to you and tell you what it will cost for your whole house or one room.

ALL TIRED OUT.

Tired all the time. Weary and worn out night and day. Back aches; side aches. All on account of the kidneys. Must help them at their work. A Pendleton woman shows you how. Mrs. Fred Noble, who lives at 219 Cosbie street, says: "I was troubled for three or four years with my back and kidneys, and was oppressed with a tired feeling the whole time. My back commenced to ache whenever I did the least amount of work around the house that compelled me to lift anything or stoop over. The kidneys were irregular and annoyed me especially if I caught cold. I felt sleepy or drowsy all the time. I used many different medicines, some of which helped me, and some of which did not. I saw Doan's Kidney Pills so highly recommended that I went to the Brock & McComas Co. drug store and got a box. They helped me from the first and did me more good than anything of the kind I had ever used. I am feeling better since the treatment than I had in a long, long time before. thanks to Doan's Kidney Pills."

Remember the name —DOAN'S— and take no other.

and the strawberry season is at its height. Prunes are uneven; some orchards promise large yields, while others will give very light returns, but the crop as a whole will probably be an average one.

Woman Scientist Bound to Get Up in the World.

New York, June 16.—Not satisfied with having climbed the Matterhorn, the Jungfrau, Popocatepetl and other of the most difficult ascents of Europe and America, Miss Annie S. Peck, A. M., formerly professor of Latin at Purdue University and Smith College, leaves New York today for South America, where she intends to try to make the ascent of Mount Sorata, 25,000 feet high, the highest point on this hemisphere.

Miss Peck will go to Panama and thence to the west coast to Arequipa, where the Harvard University observatory is, and will stay there a little while. She expects to get to Mount Sorata about the middle of next month. She will be assisted in the ascent by two Swiss Alpine guides.

DIED ON HER WAY EAST.

Mrs. Alexander, of Elgin, Succumbs to Consumption.

Sidney, Neb., June 16.—Mrs. Alexander, a passenger on Union Pacific train No. 4, died here last evening as the train was entering the yards, of consumption. Four little children accompanied her. Her home was at Elgin, Or., and she was on her way to Sumner, Mo. The body was taken in charge by Undertaker Essig and the husband notified. The children are being provided for by the Ladies' Aid Society.

PECULIAR CASE.

Alleged That Episcopal Clergymen Insulted a Parishioner's Wife.

Trenton, N. J., June 16.—Among the petitions to be considered at the meeting begun today by the New Jersey court of pardons is one asking for the release of Thomas G. Barker of Arlington, whose case has attracted wide-spread attention. Barker is serving a five years' sentence for having shot the Rev. John Keller, rector of Trinity Mission, Arlington, for an alleged insult to Barker's wife. Barker has now served nearly two years of his sentence.
