Trib—Notice—Trib

The people of Pendleton are re-
spectfully asked to fully investigate
Trib, the world's greatest cure for the
liquor and tobacco habits, and to any-
one in need of a cure we say truth-
fully, Trib is an honest, positive cure.
You do not use Trib in your coffee;
you can't give it that way; but be
sensible and take it for either of
these habits the same as you would
a remedy for any other disease. Here
is a reference from a man well known
in Pendleton. Read it. We have
many more.

J. W. Daugherty writes on May 14,
1903: To whom it may concern:—
I wish to say I completed a cure with
Trib in February, and have had no
desire to drink since. It will also cure
the tobacco habit. I had a harder
time to learn to smoke after taking
Trib than when I first learned to
smoke. I am quite well known in
Baker City, La Grande, Sumpter and
Pendleton and anyone wishing to stop
using either liquor or tobacco, I would
recommend them to take Trib.

A BAD FALL.

Might Have Resulted Fatally Had Help Not Come.

A resident of Pendleton has been persuaded to tell the story of a severe accident which befell him. Here is a lesson to be drawn from his experience.

G. W. Baker, carpenter, living at Tustin and Aura streets, in Pendleton, says: "A year ago this coming April, while living in Seattle, Wash., I fell from a staging to the ground, 12 feet below, and struck squarely on my back. I was laid up for five weeks in bed and ever since then my kidneys have been affected. The secretions were highly colored and contained a sediment like brick dust. I had dizzy spells and headaches and a dull aching pain through my loins and kidneys and back. I procured Doan's Kidney Pills at the Brock & McComas Co. drug store and have used seven boxes. I consider myself cured. The urinary difficulty is a thing of the past and I have neither headaches, dizziness, nor pains in my back."

For sale by all dealers. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

VALLEY FORGE DAY

ONE HUNDRED TWENTY-FIFTH ANNIVERSARY.

Washington's Headquarters Are Exactly as He Left Them—Commemorates One Scene of the Patriots' Greatest Suffering and Privation.

Philadelphia, Pa., June 19.—Representatives of patriotic societies of a dozen states gathered at Valley Forge today and celebrated the 125th anniversary of the evacuation of the famous Revolutionary camp ground by Washington and his troops. The program consisted of a parade in the forenoon and commemoration exercises in the afternoon, the chief oration being delivered by Henry Cabot Lodge of Massachusetts. The historic structure that served as Washington's headquarters was the rendezvous of the day and here gathered the many visitors to listen to the tales of suffering and privation endured by the brave Continental troops on the hallowed ground on the banks of the Schuylkill.

Washington's Headquarters.

The headquarters appear today almost precisely as it did when the Father of his Country was domiciled within it. From cellar to attic it is in a state of good preservation. The doors, with bolts and locks, are the very same his hands moved. The floors are those over which the great chieftain walked in many a weary hour. The window glass and sash are unchanged since the days when his anxious eyes looked through them at the soldiers' huts upon the hills.

All this has been made possible through the efforts of the Valley Forge Anniversary Association, under whose auspices today's celebration was held, and who through their persistent efforts have saved the historic old spot, a fitting memorial of the scenes it commemorates.

LONG CRUISE AHEAD.

Warships Going to the Azores for Tactical Practice.

New York, June 19.—To attain proficiency in ocean cruising the battle-ships Kearsarge, Illinois, Alabama and Massachusetts, accompanied by the colliers Sterling, Lebanon and Caesar will leave the Tompkinsville anchorage within a few days for the Azores. The island are not in any sense to be the object of mimic attack, the main purpose being to find out the highest speed at which all the ships, which are of varying speeds, can be kept together and the colliers kept close enough at hand to provide fresh supplies when needed.

It is estimated that enough coal will be carried to enable the ships to make the Azores without having to coal on the way. They will recall there and the tactical drill will be repeated on the way back. Then the ships will get ready for the summer maneuvers on the Maine coast. The trip to the Azores will be made under the command of Rear Admiral Barker, commander in chief of the North Atlantic fleet.

ENGLISH DERBY.

Immense Winnings by Maximum II—All Royalty Attending.

London, June 18.—The Hold cup, valued at 1,000 sovereigns, with 3,000 sovereigns additional was today won at Ascot by Maximum II, McIntyre upringing, Glass second, Elba third. There were four entries. Despite the threatening weather the king, queen, prince, Princess of Wales, Princess Victoria and scores of others of royalty rode in semi-state to attend.

GREAT DISCOVERY.

Metallurgical Science Greatly Stimulated by It.

London, June 18.—The Echo announces that Mellard, the discoverer of a method for soldering aluminum, has now discovered a new metal called seltium, which is light, strong, workable and uncorrodable. Its production is exceedingly cheap, from matter hitherto supposed to be worthless. "Worthless things" are revolutionizing all metal industries.
