ARE SCHWAB'S GUESTS.

Steel Magnate Gives an Exhibit of His Generosity.

Atlantic City, N. J., June 25.— Through the generosity of Charles M. Schwab, president of the United States Steel Corporation, 20 young women are to have the time of their life at this resort during the next few days. The young women compose the class of '03 of the Industrial Institute of Homestead, Pa., and it is in celebration of their graduation that Mr. Schwab decided to give them an outing. The graduates arrived in Atlantic City today on Mr. Schwab's private car, Loreto, and during their stay they will occupy the finest apartments at one of the leading hotels.

AS TO MANCHURIA.

China Will Retain Her Sovereignty in That Province.

London, June 25.—Mr. Cranborne in the house of commons today announced official advices from the Chinese government that negotiations are now progressing with Russia which would preserve Chinese sovereignty in Manchuria and that the rights of other powers will be respected.

KING PETER OF SERVIA.

New Monarch Refuses to Be Guarded on the Streets.

Belgrade, June 25.—Peter took the oath as king before the skuptschina this morning. After the ceremony he reviewed the troops. The populace were favorably impressed with the new king. Peter's refusal to permit any attendants to accompany him about the streets is having a good effect. Among the king's suite at the review were Colonels Maschin and Mischits, the assassins, which caused astonishment, as it was thought Peter was not favorably disposed toward them.

"Fighting Joe in Bronze.

Boston, Mass., June 25.—This morning occurred the unveiling of a colossal bronze equestrian statue of General Joseph Hooker on the grounds of the state house. The statue was erected by the state of Massachusetts. The statue is the work of Daniel C. French. It is colossal, measuring nearly 15 feet high, while the pedestal on which it rests is of nearly equal height.

NEW GIANT ON CHICAGO BOARD

ST. LOUIS MAN BREAKS INTO THE COMBINATION.

Phophsied That Armour Will Lose Five Million Dollars by a New Bull Movement Affecting July Deliveries. —Made His Money in Packing, May Lose it in Wheat.

Chicago, June 25.—The big battle between Cleage, the leader of the St. Louis coterie, and Armour, was resumed immediately on the board opening this morning. That Cleage has Armour in a bad fix is the general belief, and his statement that July wheat will be sent to a dollar a bushel before the week is out, carries dismay to Armour's followers. Armour denies being squeezed, but men in the opposition say if he loses a dollar he will lose \$5,000,000. Armour has been one of the most solid operators for the past eight years that has controlled the Chicago Exchange. His conservatism has been extreme and he has been usually satisfied with small profits. The family trait of cautiousness has dominated all his schemes, and he has never been a plunger in any sense, but has always worked on a well-defined system and usually identified as a bear.

GRAIN MARKETS.

Quotations Furnished by Coo Commission Company—R. L. Boulter, Local Manager, 120 Court Street. Minneapolis, June 25.—Wheat—While conditions are extremely bullish and the Northwest is very dry, it would be well to remember that we have had an advance of about 10 cents per bushel with but very slight recessions so that it might be well to be somewhat conservative on the bid side at present prices, but on a fair break we believe wheat will again be a purchase.

PROBLEM FOR ALL NATIONS

The Inland Steel Company is Up Against a Demand for Shorter Hours.

LABOR TROUBLES ARE ACUTE IN PORTUGAL.

Cavalry Troops and Warships Have Been Ordered to the City of Oporto Where a Great Strike is on—At Indiana Harbor the Fight is the Result of Several Years' Contention.

Chicago, June 25.—The next labor movement of national importance began this morning, in a strike against the Inland Steel Company of Indiana Harbor.

The machinists demand an eight-hour day without a reduction of wages hitherto paid for nine hours. For three years the machinists have been fighting for nine hours instead of 10.

In convention in May at Milwaukee they decided to fight for eight hours. The Inland Company contract which called for nine hours, was the first to expire. Other contracts expire daily from now until 1904. In each instance the same demands will be made before renewal contracts are signed.

Labor Troubles in Portugal.

Oporto, Portugal, June 25.—The strike situation is so serious here that it now appears as though the dissatisfied laborers are liable to get control of the city. They have become greatly excited over the troubles of their compeers in Spain and are becoming more and more assertive every day. Nearly all extensive industries are at a standstill.

The government has ordered a large force of cavalry and two warships sent to this point to suppress outbreaks of any alarming proportions.

Telephone Strike at Spokane.

Spokane, June 25.—Fifty telephone workers quit work this morning in obedience to the strike order from San Francisco.

Strike in New York.

New York, June 25.—A general strike was called today against all members of the Building Trades Employers' Association by the Builders' Union.

Board of Conciliation.

Wilkesbarre, Pa., June 25.—The board of conciliation met this morning. Warriner, Luther and Connell represent the operators; Nicholas, Fahy and Dettry the miners. Today will be devoted to organization rules.

Three Tramps Killed.

Lafayette, Ind., June 25.—A Monon freight was wrecked at Ashgold this morning. Seven cars were derailed and three tramps killed.

TEN HARVESTERS SOLD.

Rigby-Clove Factory Will Ship First Machine to Sherman County.

The first combined harvester from the Rigby-Clove factory will be ready for delivery probably next week. This first machine goes to C. K. Cockran, of Sherman county, and the entire force at the factory has been busy completing it, on account of the early harvest in that county.

The factory has constructed and will deliver nine other machines this season, as follows:

One to Alex McKenzie, of Adams; one to J. N. B. Gherking and one to Robert Coppick, Athens; one to John Leedy, Helly; one to William Howard, La Grande; one to Waitsburg, two to Spokane and one to Ritzville implement dealers.

The capacity of the factory and the present force of mechanics has been worked to the fullest extent this year in turning out these 10 machines. Orders for a great many more could have been taken, had it been possible to turn them out in time for the harvest.

It is the intention of factory people to greatly enlarge the capacity of the plant in time for next year's work. The demand for the combined harvester is gradually increasing as the farmers come to understand them more thoroughly.

The foundry turns out a great amount of local work, in addition to the castings for the harvester machinery.

HEPPNER WILL BUILD UP AGAIN

The Wonderful Vitality of the Western Community Seen There in Its Glory.

FROM THE VERY RUINS ORDER COMES FORTH.

Mrs. Van Orsdall Returns From Her Mission of Mercy—All the Fraternal Orders Have Done Nobly There —Destitute Citizens Show Wonderful Faith in Future of the City.

Mrs. C. C. Van Orsdall, Mrs. A. D. Stillman and Mrs. Ada Ross returned from Heppner yesterday evening.

Mrs. Van Orsdall went to look after the needs of members of the Women of Woodcraft, and to make arrangements for the distribution of the clothing and bedding and money collected by Pendleton Circle, No. 527.

Of the Grand Circle appropriation Mrs. Van Orsdall disbursed \$400, half direct to needy members, and half to the general relief committee.

"I found very few of our members in want," said Mrs. Van Orsdall, "and all, with commendable pluck, were anxious that some needier than they considered themselves, should be benefited first, and all anxious that the help extended be considered in the nature of a loan. That seems to be the universal spirit of the people of Heppner, and speaks volumes for the eventual rebuilding of the town.

"Heppner will be as good a town as it ever was, and the citizens will need little if any further outside help. They have recovered their nerve and are all loyal and determined. When one considers the appalling extent of the disaster and the terrible loss of life and property, it seems marvelous that the people have so quickly been able to bring order out of chaos.

"The relief committee, composed of the leading men of the city are thoroughly organized and are performing wonders in a systematic and thoroughly business-like way.

"They command the confidence of the public and will discharge their tremendous responsibility honorably and thoroughly.

"Our losses, as an order, are light—\$9,400. But the insurance paid by all the orders combined will reach a large sum, because in this day there are few who do not carry insurance in some one or more of the fraternal benefit orders.

"I wish, too, at this time, to say that the ready and substantial response of every fraternal order has been magnificent. No one represented in the town but what has come promptly to the front, both through their supreme and local organizations with money, supplies, clothing and other assistance.

"Out of a membership of 90 the Women of Woodcraft lost nine benefit and one social member—a small proportion, all things considered.

"The only danger now is from sickness. The sanitary conditions are inevitably bad. But thanks to the efficient and timely start toward bettering these conditions, and cleaning up the cess-pools, cellars and removing the slime and mud carried down by the flood, given by Dr. C. J. Smith, this danger is growing less.

"Another Pendletonian who did heroic work, and for whom on every side I heard words of heartfelt gratitude, is J. A. Blakeley, who worked in the worst of all places, the morgue."

J. A. Blakeley Returns.

Deputy Sheriff J. A. Blakeley has returned from Heppner, where he has been since the news of the flood reached this city. While in that place Mr. Blakeley was on duty in the morgue, and at last becoming worn out by the hard and unpleasant work of that place, was forced to come home for a rest.

"Up to the time that no left the city there had been 169 bodies brought into the room for burial preparations, and there are yet several large drifts below the town that have not been touched. The last bodies brought in were in a bad state of decomposition, and the work of handling them was almost unbearable. It is becoming so that the only way of positive identification is by the clothing or some article that is recognized as having been the property of an individual missed from among the living.

Twenty-five Dollars to Heppner.

The Order of the Eastern Star at

their meeting Tuesday evening, voted \$25 to the relief fund at Heppner. The money will be sent to Mrs. Gilliam, of that city, who is the head of the Eastern Star there.

CHRISTIAN ENDEAVORERS.

Famous Junior Church Societies Now in Session.

Elyria, O., June 25.—Hundreds of enthusiastic Christian Endeavorers have taken possession of Elyria for their annual state convention, which will be in session here during the next three days. Large delegations have arrived from Toledo, Columbus, Cleveland, Marietta, Dayton, Springfield, Findlay and other cities of the state, and the outlook is bright for a highly successful convention. Many prominent speakers will be heard, among them Dr. Francis E. Clark, founder of the society; Rev. J. Wilbur Chapman, the noted evangelist, and President H. C. King, of Oberlin College. The reports prepared by the officers for presentation to the convention show the society in Ohio to be in a highly flourishing condition.

LAST CONSISTORY.

Believed That Leo Will Never Attend Another.

Rome, June 25.—The public consistory took place this morning, probably the last one that Leo will attend. He is wan and emaciated and was carried in a Sedan chair between rows of kneeling thousands. The ceremonial was not adhered to. The religious forms was shortened, as the pope was visibly fatigued. At the close the pope placed the red caps and blessed the new cardinals.

Change of Venue.

Columbia, S. C., June 25.—The court today announced that Tillman's trial will take place in an adjoining county.

Passing Relief Measures.

Topeka, June 25.—The legislature finished this afternoon. It abated the taxes in the flood district and passed 49 bills for the relief of different localities.

Great Storm in Texas.

Dallas, June 25.—The destruction by last night's storm exceeds \$1,000,000. Two deaths are known and the list may increase.

POMEROY WOMAN ACQUITTED

MRS. LARTIGUE NOT GUILTY OF MURDER.

Plea of Self-Defense Was Made Good —She Struck Her Husband to Save Her Own Life—Jury Out All Night —Defended by Well-Known Attorneys.

Pomeroy, June 25.—After being out all night, the jury in the Lartigue murder case acquitted Mrs. Lartigue of the charge of murdering her husband last September.

Her plea was self-defense and she testified that Lartigue had shot at her three times and was in the act of striking her with the butt of his revolver when she struck him to save her life.

Mrs. Lartigue was formerly the wife of William Estes, a pioneer of Garfield county. She is a cousin of Superior Judge Chet Miller, of Dayton, both having Indian blood in their veins.

The mother and two sisters of Lartigue left Walla Walla last year for Honolulu, but Josephine, one of the sisters, returned to testify in the case against Mrs. Lartigue.

The woman was defended by M. F. Gose, of Walla Walla, and M. M. Goodman, of Dayton. Mr. Goodman also defended Ples Armstrong, the Baker county murderer.

INSANE FROM EXCITEMENT.

Mrs. Terwiller, of Milton, Was Taken to the Asylum This Morning.

Sheriff T. D. Taylor returned this morning on the early train from a trip to Salem with Lou Weston, who was brought here some time ago to testify in the case of the state against his brother Ed, who was charged with the larceny of a horse. Upon his arrival heer the sheriff found an insane woman awaiting him, and returned with her on the next train for the west.

The woman was Mrs. Eliza Terwiller, of Milton, and she has lost her mind as the result of the excitement attendant on the recent flood. She was brought from Milton last night and examined before Dr. Cole and Judge Fitz Gerald, who found her of unsound mind. Mrs. C. P. Davis accompanied Mr. Taylor as a guard on the trip to the asylum.

Wisconsin has decided on a \$20,000 structure for her state building at the World's Fair, St. Louis.

JEWISH ORDER SENDS PROTEST

Will Be Transmitted to the Russian Government by President Roosevelt

THERE ARE DOUBTS ABOUT IT BENEFITING THE JEWS.

Address Was Framed by the Order of B'nai B'rith and Will Be Signed by Many Prominent Americans—The First Official Recognition of the Hebrews in This Connection

Washington, June 25.—President Roosevelt has decided to transmit the petition of the executive council of the B'nai B'rith recording the treatment of Jews in Russia, to the czar. A letter, made public by Secretary Hay today, addressed to President Simon, of this city, says the matter which he has had to consider most seriously was "whether such proceedings will be of advantage to your persecuted, outraged co-religionists in Russia."

On this point he has decided to accept your opinion and that of other intelligent groups of American Jews whom you represent, and requests you to send him a petition in due form at earliest convenience.

"Of course you understand the president cannot tell you what reception your petition will meet with at the hands of Russia." The petition is to be signed by leading Americans outside of federal office holders and Hebrews.

BE DROPPED FROM LEAGUE.

Clubs at Helena and Portland Are Not Paying.

Spokane, June 25.—Manager Garrett practically admitted today that at next Monday's meeting at Tacoma of the Pacific National League clubs the teams at Helena and Portland will be dropped from the league on account of the poor attendance. The fight against the Coast League in Portland will be abandoned and the players will be used to strengthen other clubs.

Diamond's Conviction Affirmed.

Albany, June 25.—The court of appeals today affirms the conviction of Captain Diamond of the New York police, who was found guilty in 1901 of gross neglect of duty in permitting disreputable houses to exist in his precinct. He was fined \$1,000, which he paid.

WEDDING TOUR TO ALASKA.

Weiser Parties Married This Afternoon at the Presbyterian Parsonage.

There was a little bit of romance in the city today when Dr. A. M. Curl and Miss Maude Baker, both of Weiser, Idaho, were united in marriage at the parsonage of the First Presbyterian church by the pastor, Rev. R. J. Diven.

Dr. and Mrs. Curl have long been residents of the city of Weiser, where the doctor is regarded as the leading dentist of the place. For some time the friends of the two parties have been predicting that a marriage would soon be announced, but neither the doctor nor Miss Baker would confirm the rumor; but when it became known that both of the parties were planning to take an extended trip the friends became doubly curious and began to make preparations for the usual observance of such occasions.

But the ones most interested in the festivities who are adverse to the pomp and bustle usually attendant upon a wedding, planned to outwit the friends and last night quietly boarded the train and came to this city, where they were married this afternoon at 1 o'clock. W. S. Badley, of this city, was present as an old friend of the groom.

Dr. and Mrs. Curl will leave in the morning for Seattle, from whence they will embark for Valdez, Alaska, where they will spend some time in visiting that and the adjacent country before returning to Weiser, where the doctor will once more engage in the practice of his profession. Mr. and Mrs. Curl while in the city are stopping at the Hotel Pendleton.
