

OFF FOR OYSTER BAY

ROOSEVELTS LEAVE HOME
TOMORROW FOR VACATION.

Official Business at Washington Being Slack, President and His Family Will Spend a Few Weeks in Recreation.

Washington, D. C., June 26.—The president was busy today getting official business in shape so that he can leave Washington tomorrow for his summer vacation. There were a number of callers during the day, but the most of them merely desired to pay their respects to the president before his departure. The members of the diplomatic corps have scattered for the summer and official business at the capital has reached the stagnant stage which characterizes it during the summer months.

Aside from the postoffice investigation now in progress and the Panama canal treaty, about which nothing can be done for the present, there are no public questions of great importance to occupy the attention of Mr. Roosevelt and he is left free to enjoy his vacation with his family in the simple fashion that has become his custom. According to present arrangements he will leave Washington early tomorrow morning and reach his home at Oyster Bay about 5 o'clock tomorrow afternoon.

The citizens of Oyster Bay have completed arrangements to give the president an enthusiastic home-coming tomorrow. When the president reaches Long Island City he will be met by a committee, which will escort him until he reaches Sagamore Hill. The school children of Oyster Bay are to form two lines, and the president will ride through while the children wave American flags and sing patriotic songs. Audrey avenue, the main street, is being elaborately decorated. Here it has been arranged to have the president unveil a civil war gun, which has been presented to the town by the government.

FIREMEN DISBAND.

Walla Walla Volunteer Company Has Gone to Pieces.

The final disintegration of Walla Walla's volunteer fire department is expected to take place within a short time. Exempt certificates for old firemen, which have been expected for some time, have arrived and will be issued to members entitled to them as fast as application is made.

Firemen entitled to certificates must have served in one of the three volunteer companies, Our Boys, Tiger or Rescues, for seven years. These are exempt from road and poll tax and jury duty. Members should make application through their secretary, who in turn will file the application and receive the certificate from Deputy County Clerk Harry Debus, who is secretary of the department. It is estimated that there are nearly 100 of Walla Walla's old firemen entitled to exempt certificates. The volunteer department as an organization is already practically dissolved, the council some three months ago voting the members thanks for past services, and the issuance of the exempt certificates will completely dissolve an organization which formerly did effective work for the city.

KING EDWARD'S BIRTHDAY.

Was Born Sixty-Two Years Ago—General Observance in England.

London, June 26.—The birthday of King Edward, who was born November 9, 1841, was officially celebrated today, it having been decided, as announced in the London Gazette some time since, that his majesty's natal day was to be observed in London and on the home stations on June 26, this being the anniversary of his coronation and altogether a more suitable time for a military display than in November. On the other hand, as was the case last year, foreign stations will celebrate it on November 9, the actual anniversary of his majesty's birth.

WILD ANIMAL SALE.

Interesting Collection of Central Park Stock Disposed of.

New York, June 26.—A snug sum was realized for the city treasury at the auction sale of surplus animals of the Central Park menagerie. The animals disposed of included a lioness, 4 years old, that was born in the menagerie; another lioness, 5 years old; a buffalo, two zebras, or sacred cattle of India, and seven Dorset ewes and 12 Dorset ram lambs. The flock of park sheep yielded 440 pounds of fleece at the spring shearing and this was also auctioned off.

Queenston Battle.

Buffalo, N. Y., June 26.—At Lewis-ton today there was unveiled with interesting ceremonies a tablet erected to mark the site where General Winfield Scott planted a battery at the opening of the Battle of Queenston, October 13, 1812. The tablet was erected by the Niagara Frontier Landmarks' Association and the unveiling was performed by descendants of Major Benjamin Barton, who owned the land on which the battle was fought.

Mrs. Della Kirk, of Anaconda, Mont., has been acquitted of killing William Nemo. The evidence proves that he suicided.

an's Work

is the time when every housewife is thinking of putting up fruit and preserves. The fresh-flavor and keeping qualities all depend upon care used in canning. You can't do it with worn pans or rusty kettles—better prepare by getting the proper kind of kettles.

is better than Lava Enameled—its always white and sweet. Lasts a long time and in the end less than tin or iron. No danger of spoiling fruit with LAVA ENAMELED WARE.
