### GENERAL NEWS.

San Francisco Jews have subscribed \$50,000 to the Kishineff relief fund. A tidewater ship canal will probably be built between the Frith of Forth to the Clyde, by a London syndicate.

Captain George E. Townsend, of St. Louis, aged 73 years, crazed by pain from a cancer in his face, hanged himself.

The pope has ratified the appointment of Rev. Thomas A. Hendricks, of Rochester, N. Y., to be bishop of Cebu, P. I.

In the 1903 graduating class at Yale was one man who spent \$100 during the last school year, and another who spent \$11,000.

The Illinois Steel Company yesterday turned out 1,894 tons of steel rails, breaking the world's record for any one plant.

Crowell, Allen & Wadley, of St. Louis, have paid \$500,000 for 24,000 acres of redwood lands in Sonoma and Mendocino counties, California.

New York City real estate assesses this year \$4,730,000,000. The personal assessment is \$678,000,000. The tax rate will be \$1.40, as against \$2.27 last year.

W. R. Hearst, of the San Francisco Examiner, Chicago American and New York Journal, has made the Georgia Technological School a gift of \$5,000.

Dr. J. W. Jewett, for 40 years examiner of drugs and similar articles in the New York customs house, has been removed. No cause has been made public.

Mrs. Bartles, the wife of a Chicago newspaper man, has been awarded 60,000 francs damages by the French court of appeals for injuries sustained by being run over by a cab.

There is a great revival of cotton raising in Porto Rico. Five gins were lately sent to the island from the United States, the first in 40 years. The area planted in cotton is constantly increasing.

### NORTHWEST NEWS.

The mid-summer carnival at Salem will open next Monday morning.

The little son of Albert Erickson, of Astoria, has not yet been found.

Mrs. Manly Martin, of Independence, Or., a pioneer of 1850, died Friday aged 88.

The next meeting of the State Federation of Women's Clubs will be held in Baker City.

The output of Washington salmon hatcheries will be increased, from 20,000,000 to 50,000,000 in 1904.

The customs receipts for the port of Portland for the year ending June 30, 1903, will amount to \$800,000.

The heavy rains of the past week have done serious injury to the strawberry crop on Puget Sound.

Captain William J. Bryant, for 18 years government inspector of hulls and boilers at Seattle, died Friday, aged 62.

John Wychoff, a demented boy of Albany, has disappeared from home, and it is feared has perished in the mountains.

The E. & E. mine at Sumpter has resumed work after a brief period of idleness, during which extensive repairs were made.

The two largest flour mills in Tacoma have been forced to close down temporarily on account of a shortage of orders in the export trade.

The "Greyhound," a famous Indian canoe, 45 feet in length, has been given to the Ferry Museum at Tacoma. It is over 100 years old.

Seattle citizens offer a \$1,000 reward for the person who robbed and murdered John Montgomery, whose body was found floating in the bay last week.

Miss Marie Ware and Horace McKinley are now on trial in the Portland federal court for defrauding the government in the Eugene land commissioner's office.

The Chinese cook on the "Bailey Gatzert," a Columbia river steamer, slipped from the gang plank at the Portland wharf, on Friday morning, and was drowned in sight of 50 people.

The Washington state fish commission will spend \$7,000 in the propagation of Columbia river salmon next year.

## NEWS OF ATHENA

### GENERAL "CLEAN-UP" CO-DUCTED BY MAYOR.

New Methodist Church and Other Buildings Under Way—Professor M. L. Watts Will Be Principal of Public Schools—Corn Crop Growing Nicely.

Athena, June 27.—Mayor David Taylor is moving things around industriously of late. Under his direction new water pipes have been laid in various parts of the city; a new fire and hose house has been erected near the depot; several new side walks ordered made; a number of ordinances passed that will be for the general good of the people. Moreover, he has had a general "clean-up" about every portion of the city, taking precaution to move all waste matter, surface water and other deleterious substances. His sanitary regulations are so complete there is not the least likelihood of any fevers, contagious, or other malignant diseases breaking out, and the health of the entire city will be, to use a peculiar medical phrase, "distressingly good."

Many buildings are being erected here and a general prosperous condition is evident. N. A. Miller's large brick furniture store is rapidly building and will soon be ready for occupancy. The Methodist church, which will cost more than \$10,000, is in rapid progress of erection and other improvements are in line.

William McCulloch, one of our congenial young men, who clerks in E. R. Cox's large hardware store, left last evening for Corvallis, where he will be married to one of that city's accomplished young women. Athena has a scarcity of marriageable young women, it seems, as most of the young men leave town to get married.

The corn crop in this vicinity bids fair to a fine yield. Robert Coppock, has more than 200 acres in and Hon. T. J. Kirk has a like amount. Quite a number of others have smaller crops.

Miss Edyth McBride is spending her vacation in Washington.

Professor M. L. Watts has been elected principal of Athena's public schools for the next year's work. He is one of the county's most worthy young men, is about 30 years of age, is a graduate of the Eastern Oregon Normal School at Weston, and of the State University at Eugene. At both places he won honor and distinction in his studies. As yet the board has not employed the assistant teachers.

Dr. M. V. Turley, Weston's leading physician, was on the street Tuesday shaking hands with his many friends. He was accompanied by a brother-in-law from Iowa who is looking over the country for a location.

The family of A. M. Gillis is spending a few weeks on Weston mountain.

### RAILWAY CONGRESS.

Delegates From Thirteen Countries Are to Meet in Brussels.

Brussels, June 27.—The International Railway Congress met today and was formally organized. The delegates were formally received by M. Liebaert, minister of railways, posts and telegraphs. The business sessions will commence Monday and continue through the week. The discussions will cover a wide range of subjects relating to improvements and developments in railway traffic and management.

Thirteen governments are represented at the present congress and in addition there are representatives present from leading railway companies throughout the world. The railways of the United States are officially represented by William F. Allen, of New Jersey. This invitation to hold the next meeting of the congress in Washington has been accepted and Mr. Allen will use his best endeavors among the delegates here to secure a large attendance.

### WESLEYAN BICENTENNIAL.

Will Be Celebrated at a Methodist College in Connecticut.

Middletown, Conn., June 27.—Wesleyan University has completed elaborate preparations for the celebration of the Wesleyan bi-centennial during the coming week, and from all indications the occasion will mark an epoch in the history of the institution. President Raymond will deliver the baccalaureate sermon tomorrow morning. In the evening the Rev. Dr. William F. McDowell, secretary of the Methodist board of education, will deliver an address. The Rev. Dr. George Jackson, of Edinburgh, Scotland, will speak Monday evening, and Tuesday evening Woodrow Wilson, president of Princeton University, will discuss the theme of "Wesley's Place in History."

### Epworth League Conference.

Jackson, Ga., June 27.—Clerical and lay delegates are arriving in considerable numbers for the North Georgia Conference of Epworth Leagues, which will be in session here during the next few days with Rev. R. F. Eakes presiding. A highly attractive program has been arranged among the scheduled speakers being Bishops Candler, Galloway and Dr. DuBose. The local chapter of the organization has made arrangements on an extensive scale for the entertainment of the many visitors.

### OREGON IS PROSPEROUS.

Governor Chamberlain Writes a Stirring Letter to Easterners.

Salem, June 25.—In response to a communication from the Ohio Valley Manufacturers' Association, asking Governor Chamberlain's views upon the business situation and outlook in this state, the governor yesterday answered the questions in the order of their asking, as follows:

"Oregon is prosperous and prospering. Her crops of all kinds have been abundant during the last two years. Her mining interests are rapidly developing. Manufacturing enterprises are springing up in our midst, and there is a steady influx of immigration, which promises well for the future.

"I have every reason to believe that our state will be benefited by the development of the coming year. Prospects at present are most flattering in every field of industry, and I can see nothing now that will tend to retard the growth of our state and the prosperity of our people.

"The coming presidential campaign no matter what its results may be, will not have any appreciable effect upon the business conditions of this state. I am of the number of those who believe the inevitable laws of supply and demand, regulate the growth and development of a state or county rather than the personality of the individual who happens to be a candidate for president or the questions that enter into the campaign."

### JOE LANE'S TREATY TREE.

Stood on Banks of Rogue River, Near "White Rocks."

It is a matter of early Oregon history that the land marks of early Oregon have not been better preserved. Features whose interest would increase with the years have been suffered to be destroyed through ignorance or indifference. In 1853 there was some trouble with the Rogue River Indians, though the war did not occur until two years later. In 1853, General "Joe" Lane, whose name is inseparably connected with the history of Oregon, made a treaty with the Rogue River Indians on a spot which is now included within the present city limits of Grant's Pass. He met the Indians under a black oak tree on Rogue river just above the "White Rocks." Old timers are still able to point out the stump of this tree, but the tree itself has been cut down and sawed into stove wood in these latter years, probably, by some man who never heard of Joe Lane.—Medford Inquirer.

### That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by Tallman & Co., druggists.

### Stock Farm for Sale.

The Ogle stock farm, consisting of 3000 acres, about 250 head of cattle, plenty of water, grass and timber. Range has never been sheeped off. All under fence. Will grow all hay required. Call on or write to Bentley & Hartman, Pendleton, Oregon.

### Stock Cattle for Sale.

Have for sale 50 head of cows, 25 calves by side; 10 2-year-old heifers, and 15 yearling heifers. ELMER SPIKE, Echo, Ore.

## Your Wife

can be provided with an annual income for life, in event of your death, at less cost than you can make the same provision for your children.

The low rate makes very attractive this form of contract, devised and introduced by The Mutual Life Insurance Company of New York.

On August 1, 1903, a young business man of New York took out Policy No. 1,000,000 in favor of his wife. He paid three premiums of \$500.00 and in September, 1902, he died. The Company at once paid his widow \$1,000.00 and will continue to pay her that amount annually as long as she lives.

In writing for terms, state the amount of annual income you would like to provide for your wife, the amount of cash you would like returned and give the ages of both.

THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK, RICHARD A. MCCURDY, President.

THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK, Richard A. McCurdy, president, Alma D. Katz, manager, Boise, Idaho, Frank L. Hammond, District Manager, Pendleton, Oregon.

### Suffered Eight Months

I can heartily recommend Acker's Tablets for dyspepsia and stomach troubles. I have been suffering for eight months and tried many remedies without relief, until I got Acker's Dyspepsia Tablets, which I used only a short time and am now perfectly well. Thanking you for the speedy recovery, I am gratefully yours, Francis J. Gannon, Vancouver, Wash. Send to W. H. Hooker & Co., Buffalo, N. Y., for a free trial package. (Nothing like them.) F. W. Schmidt & Co., druggists.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period—how they can avoid pain, suffering and remove the cause.

"I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds and feet wetting. "If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment and was cured a month later. I am like another person since I am in perfect health."—Miss AGNES MILLER, 25 Potomac Ave., Chicago, Ill. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

The monthly sickness reflects the condition of woman's health. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates menstruation, and makes those periods painless.
