THE WHEAT MARKET

T. G. MONTGOMERY READILY
EXPRESSES HIS OPINION.

Thinks the Crop Will Only Be Two-
Thirds as Heavy as Last Year—
Prices Will Stay Up—Old Wheat
Now in Demand.

Since wheat is the general topic of discussion in this part of the country at the present time and the majority of the men that one meets has some idea on the subject and they all differ, one of the large buyers of the county, T. G. Montgomery, was asked what he thought of the question yesterday evening, and in some of the phases of the argument he differs from many of those who have expressed themselves as to the coming crop and the prices of this season.

"Wheat at the present time has a strong market, but all of the demand is for old wheat and there is no effort being made to contract for the new crop," said Mr. Montgomery. "The mills want wheat now for their flour and they want old wheat, not new. In order to get this they will pay as high as 65 cents for the cereal but they will not go any higher, at least, not at this time."

"New wheat, if it were in the market, would bring from 60 to 65 cents, but there is no demand for it. The farmers will not contract for a low price and since those who would contract do it, for the purpose of gain, the farmers hold out and wait until the grain is threshed before they attempt to sell."

"Even when the new crop comes in the buyers from the camp of the milling men will want to mix the new with the old for they cannot make flour out of the green wheat used alone. So that when the market does open there is not a great deal of danger that the prices will be so high that the wheat will be out of the reach of the average man, for it will quickly settle down to the export price and stay there, perhaps, in the vicinity of 65 cents, though it may go a little higher or a little lower, though the latter is not likely."

"The idea that there will be a good crop is a fallacy for all of the indications and estimates point to a less yield than the county had last year. The county will give two-thirds as many bushels as was harvested last year, but it will not go above that. What wheat there is shows to be of a good quality, with the heads large and firm, but short of stalk and straw."

"With this weather the yield may be increased a little, or at least, the heads will fill better, but it is now too late for the weather to do much in that direction, for the heads are formed and the kernels have attained their maturity only waiting for the ripening which is near at hand."

"While the market is firm and the crop is not a failure, wheat might be higher and a great deal heavier."

CLEAN UP YOUR PREMISES.

Health Committee is Now Making a
Brisk Campaign.

The city health committee is making a vigorous campaign against dirty alleys, filthy closets, garbage and everything that conduces to disease and to this work they invite the business men and citizens of Pendleton to lend their assistance.

The hot weather season is approaching and the committee desires to have the city in the best possible sanitary condition to meet it. Very little sickness of any kind is now to be found in the city and this happy condition is due to the untiring efforts of the health board and citizens combined.

Wherever there is any filth, pools of stagnant water, foul garbage or anything that is repugnant to sight or smell, it should be cleaned up at once. Where the board does not happen to find such places as need attention, the pride of the home owner is depended upon to improve the conditions without notice from the board.

Co-operation of the citizens with the board is necessary to a clean healthful town. Don't delay in this work. It is a matter of civic pride as well as a matter for official enforcement.

FIFTY VISITING NUNS.

Sisters of St. Francis Have Been Entertaining for Two Weeks.

A large delegation of the sisters of the various convents of the Northwest, about 50 in all, have been the guests of the Sisters of St. Joseph's Academy for the last two weeks. The ladies have come here for a visit and recreation, their school work for the year having been completed. They are here to discuss the work for the year to come for the best interests of the many schools that they conduct. Most of the ladies have returned to their homes, though there are yet several here.

Pioneer Stage Man.

J. B. Keeney came up from Elgin Saturday evening, on his way to Camas Prairie, in Umatilla county, where he has large real estate and stock interests. Mr. Keeney is one of the old-time stage proprietors and drivers of Lang Syde, and is well and favorably known from Salt Lake City to Jacksonville, in this state.—La Grande Chronicle.

THE PEOPLES WAREHOUSE

Will Organize Thursday Evening.

The state organizers of the Order of Lions, gave a very entertaining exhibition at the corner of Main and Alta streets last night. They had some very amusing moving pictures, and some scenes that were beautiful, while the illustrated songs that they sang were well rendered and pleasing to the large crowd that was gathered on the streets to see and hear. The men are working hard to organize a lodge in the city, and it is said that they already have over 50 signed for examination. The lodge will be organized at Painter's Hall on the evening of next Thursday.

Winter and Summer.

HELD FOR TRIAL.

Nelson Brothers, Charged With Robbing C. L. Hastings, Are in Jail.

Albert A. and Walter Nelson, the two men brought down from Walla Walla, charged with the theft of \$200 from the person of C. L. Hastings, of this city, on the train on Saturday night, were arraigned before Justice of the Peace Thomas Fitz Gerald this morning at 10 o'clock and waived their examination.

The court held them to appear before the next session of the circuit court, and they were taken to the county jail. One of the men hopes to raise enough money to put up bail, and the other will probably lay out the time in the lock-up.
