NOTES FROM ECHO RIDGE AND VICINITY

OVER ELEVEN HUNDRED DOLLARS FOR HEPPNER.

Celebration Was Called Off and Fund Sent to Sufferers—N. P. Land Agent Looking After Interests—Hay Crop Good—Ball Game Friday.

Echo, Or., July 1.—Charles H. Miller, who has charge of the raising of funds for the relief of Heppner, today forwarded to Mayor Gilliam \$367.65, which is the balance collected since the other donation, which was collected by O. F. Thompson, was sent in. This, together with about \$75 which is yet to come in, will place Echo in the forefront of the towns that have responded so nobly when we take into consideration her population. The precinct polls about 150 votes, and the amount sent to Heppner will reach about \$1,100. The amount of cash sent at this time is \$367.65. Flour, by J. H. Koontz, 15 barrels, \$46; Overland Lodge No. 23, I. O. O. F., \$100; amount raised for paying for transmission of messages sent to many portions of the world, bearing news of the flood, \$32; amount previously taken by Mr. Thompson from Butter Creek, \$487.50; amount yet to come about \$75. County Surveyor J. W. Kimbrell and son have been here two days surveying the mill race and other property recently purchased by the Oregon Land & Construction Company of J. H. Koontz.

A. R. Upright, of Tacoma, who has charge of the N. P. R. R. lands, came in last night to look after the company's interest here.

C. W. Albright, of Portland, also came in this morning on his way home from Walla Walla.

Preparations are completed for the grand ball to be given here on Friday night of the 3d inst.

CANNOT BE TAXED.

Lands Sold by State Not Taxable Until All Payments Are Made.

Salem, July 2.—That lands held by private individuals under certificate of sale from the state cannot be taxed is the opinion of Attorney General Crawford. This question was recently submitted to the attorney general by one of the county assessors. The question was not submitted in writing and no written opinion has been rendered upon the subject, but Judge Crawford said today that after looking into the matter he has arrived at the conclusion stated above.

This is in accordance with what has always been the practice in this state. The state land board, in pursuance of law, sells land upon the installment plan, the purchasers taking deeds when they have completed their payments. Until they have completed their payments the state holds the legal title and the purchaser has no equity. The attorney general holds that in this state equitable interests in real property are not taxable and this applies to equities in land owned by private individuals.

For a number of years there has been more or less demand for legislation which will provide a means of taxing lands or certificates of sale so that each purchaser will pay taxes according to the interest he holds. The subject has been discussed a great many times but the legislatures have not seen fit to pass a law of that kind.

She was reared from girlhood in the vicinity of Hot Lake and is a daughter of Charles McClure, a well-known pioneer of this county.
