

BABY'S FUTURE

Something for Mothers
to Think About.

Lives of Suffering and
Sorrow Averted

And Happiness and Prosperity
Assured by

Cuticura Soap, Ointment and Pills
When All Else Fails.

Every child born into the world with an inherited or early developed tendency to distressing, disfiguring humors of the skin, scalp and blood, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfigurement is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest and most effective treatment available, viz., The Cuticura Treatment.

Warm baths with Cuticura Soap to cleanse the skin and scalp of crusts and scales, gentle applications of Cuticura Ointment, to allay itching, irritation and inflammation, and soothe and heal, and mild doses of Cuticura Resolvent Pills, to cool the blood in the severer cases, are all that can be desired for the alleviation of the suffering of skin-tortured infants and children, and the comfort of worn-out parents.

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chaffings, in the form of washes for annoying irritations and inflammations, and for many sanative, antiseptic purposes which readily suggest themselves.

Everybody Uses Groceries

Many people, however, do not know that most of their food is adulterated by scheming manufacturers. Such concerns do not get our trade. Our goods are fresh and first-class and our prices are as low as good groceries are sold for.

MESSAGE AROUND THE WORLD
IN TWO-THIRDS OF A MINUTE.

Formal Opening of the Manila Cable Will Take Place Tomorrow—One of the Greatest Events Since the Laying of the First Atlantic Cable.

New York, July 3.—Arrangements have been completed by the Postal Telegraph and Commercial Cable Co. for President Roosevelt to open formally, tomorrow morning the new cable to Manila. He will send a dispatch from his home at Oyster Bay to Governor Taft, congratulating him and the people of the Philippine Islands on the fact that at last they are to enjoy the benefits of direct telegraphic communication with the United States, and his message will convey to the people of the islands the sentiment appropriate to the day.

One Message East and One West.
Further interest will be attached to the feat by the fact that Governor Taft's reply will be sent by way of the eastern route, thus completing the circuit of the globe. The message from the president will go from New York to the Pacific Coast by the land lines of the Postal company and thence to Manila by the new cable line. At Manila it will be taken up by the Eastern Telegraph Company and hurried on to London, where it will again be turned into the lines of the Commercial Cable Company for transmission under the Atlantic.

The officials of the telegraph and cable companies are desirous of establishing a new record for speed and express their hope of having the message circuit of the world in the remarkable time of 40 seconds. To make the time calculated upon there will have to be instant communication between the various relays. Arrangements to this end were completed today and if all goes well Independence Day this year will mark an epoch in the history of the development of the world's telegraph service.

PLATINUM IN THE STANDARD.

Valuable Metal Discovered in Paying Quantities in the Well Known Property.

Sumpter, July 3.—Platinum in commercial quantities has been discovered in the Ruby vein of the Standard mine. Dr. Ed W. Mueller, general manager of the property, is authority for this statement. He is not prepared, however, to give out the definite platinum values encountered, but states that this rare metal he is satisfied beyond any question exists in paying amounts. In addition to the discovery reported by Dr. Mueller, platinum has been found in the spess from the smelter formerly operated at the Standard.

INTERNATIONAL MEET
AT ATLANTA, GEORGIA.

Applications for Accommodations Indicate an Attendance of Fully 10,000 Delegates to the Young People's Union—Been Preparing for a Year.

Atlanta, Ga., July 3.—Applications for accommodations received by the local committee on arrangements indicate that fully 10,000 delegates and as many more other visitors will be in Atlanta next week for the convention of the International Baptist Young People's Union. Preparations for the big gathering have been in progress for nearly a year and today the various committees were able to announce the completion of their work.

All signs point toward one of the most successful conventions in the history of the well known organization, which embraces in its membership thousands of young people throughout the land. All sections of the North as well as the South will be represented and as Canada will send a large delegation the convention will be truly international in character. The Piedmont park auditorium, where the general sessions are to be held, is being put in shape for the gathering and on the opening day it will present a brilliant spectacle both inside and out. In addition to the auditorium the Baptist churches and those of other evangelical denominations will be used as headquarters and for the side conferences which are always an interesting feature of the international conventions. Governor Terrell has promised to welcome the visitors on the opening day and a succession of brilliant speakers, including leading divines, educators and business and professional men from all parts of the United States and Canada, will be heard during the week.
