

Everybody Uses Groceries

Many people, however, do not know that most of their food is adulterated by scheming manufacturers. Such concerns do not get our trade. Our goods are fresh and first-class and our prices are as low as good groceries are sold for.

JUNE STATEMENT SHOWS EXCELLENT CONDITIONS.

Total Number Patients 1324—Finances in Good Condition—Repair Work on Several Departments Now Under Way.

The state board of asylum trustees held their regular monthly meeting yesterday afternoon and carefully went over the affairs of that institution with Superintendent J. F. Calbreath. The superintendent reported the general health of the asylum as being very good and that all work in every department and the farm work was in progress and that satisfactory results were being obtained. The crops will yield well this year and the hay harvest is well under way with much of the crop already taken care of.

A great deal of repair and improvement work is going on in several departments and the work of construction upon the new horse and cattle stables is pushed as rapidly as the conditions will allow.

The statistical report of the superintendent on the number of patients received, discharged, died and eloped during the month follows:

	Male	Female	Total

RANGE WAR THREATENED.

Sumpter Miners Organize Against Stockmen and Post Notices.

A little handful of dissatisfied mining men in the vicinity of Sumpter, have organized what they term "A Mines Protective Association of Eastern Oregon," and have taken steps to drive stockmen out of the mountains of that district.

Large numbers of stock from Grant, Union, Baker, Morrow and Umatilla counties annually range in the high granites on the headwaters of the John Day, Rock creek, Grand Ronde and other streams and this organization, which owns a few scat-

tering mining claims in that district, has undertaken the task of eviction. The following form of notice has been posted in the Cable Cove, Lake creek and La Bellevue districts:

Notice.
Office of the Mines Protective Association of Eastern Oregon.
Sumpter, Or., June 29, 1903.
This is to give notice to all sheepherders and their employers to keep their hands off the mining properties in what is known as Lake Creek, Cable Cove and the La Bellevue districts. The owners of the mining claims in these districts have formed the above association, and propose to protect their rights. All infringements of same will be vigorously followed up. So to avoid trouble, keep off.

DROWNED IN WALLOWA LAKE.

First White Man to Lose His Life in This Famous Body of Water.

Joseph, July 8.—On the Fourth of July six men were out on Wallowa lake boating, when two of the men in attempting to change places, capsized the boat, throwing the occupants into the water. Clifford Wade was the only one of the party who was able to swim ashore. With the assistance of men and boats all were finally brought to shore safely except Peter Millard, who was drowned. The young man leaves a wife and two little children. Mr. Millard was in the water an hour and a half. The other known members of the party were: Mr. Ogburn and son and Mr. Chenoweth. The names of the other two gentlemen have not been learned. The party was out for a pleasant time on the Fourth, and this accident was sad indeed. This is the first white person ever drowned in Wallowa lake.

LUNATIC CAUSES TERROR.

Escaped Crazy Man Spreads Consternation in Washington.

After spreading terror in a small community near Clyde, a demented man named Swift, from the Medical Lake hospital for insane, was captured by attaches of the sheriff's office yesterday and brought to the county jail, says the Walla Walla Statesman. Swift, who was a trusty at the asylum, suddenly disappeared two weeks ago and though the authorities of the institution heard vague rumors of his whereabouts as he made his way south, no direct information was obtained until Saturday, when a telephone message to the sheriff's office stated that a crazy man was out on the flat.

The man was captured at a farm house with little trouble and brought to this city yesterday and confined in the county jail. An officer of the asylum is expected to arrive in the city tonight or tomorrow to take Swift back to the asylum.

Swift's appearance among the farmers near Clyde is said to have spread consternation among the inhabitants. While not violent the man's acts were peculiar, and he had the reputation in a state of terror for a time.

Grasshopper Plague.

North Yakima, July 8.—Grasshoppers are becoming so plentiful on the reservation that the ranchers are becoming alarmed lest they become a plague before the summer is over. They have been increasing very fast during the past week, and have entered the 50-acre cucumber patch of H. M. Gilbert, doing some damage. The insects put in an appearance suddenly last week, and are rapidly spreading over the valley.

Every Saving Counts

One will find it a pleasure to make a trip through our furniture store, the stock of which is like none other, whether you have an entire house to fit out, or just a single piece to buy, it will pay you to come here, as nowhere else do we believe will be seen such excellent variety, beauty of designs and such quality at the price.
