"THE OLD SCRATCH."

How the Evil One Came to Be Popularly Known as "The Old Scratch."

One of the many familiar names of his satanic majesty is "The Old Scratch." It is undoubtedly due to the fact that scratching is so disagreeable that people thought it no worse than the evil one. A scalp full of dandruff keeps one scratching all the time; not only disagreeable, but considered very inelegant in polite society—as it should be—because one ought to keep the scalp so clean that it would not itch. To cure the scalp of dandruff effectively, use Newbro's Herpicide. It kills the germ that creates the dandruff, which is preliminary to falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Herpicide also is a very delightful and effective hair-dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.

A Great Agency

We Have Secured Control for This City of the Fulton Compounds, the Only Things Known to Medicine That Cure Kidney Diseases in Both the Primary and Secondary Stages.

The kidneys are not sensitive and the disease is sometimes fastened and already chronic with the very first symptoms. If it has hung on eight to ten months it is surely chronic. In either case why take chances? Why not take at first the only thing known that cures kidney disease in the chronic as well as the primary stages. The full case cited below, by permission, is especially valuable for its incurability, was doubly confirmed by consulting physicians, and after recovery under the Fulton Compounds the recovery was also doubly attested.

On May 1st, 1882, the son of E. C. Pell, then manager of the Pacific Coast Biscuit Company of Second and Polson streets, San Francisco, was declared by the family physician to have chronic kidney disease and incurable. Another physician was called in and confirmed the diagnosis. The whole body was swollen with dropsy, and a fatal termination looked for. The Fulton Compounds were then turned to as the only hope. On September 15 the dropsy had disappeared and the boy was well, and after double examinations the physician declared the recovery complete and gave Mr. Pell a written report which he now has.

Judge G. A. Cabaniss, the Police Judge of San Francisco, also attests the recovery under his own observation of a friend of his who also recovered when the case chronic Bright's Disease of the kidneys) was well known to be incurable according to all medical authorities.

Up to the advent of the Fulton Compounds medicine knew nothing that would cure kidney troubles after they became chronic. About nine-tenths of all cases are now curable, even after they have developed into the dreaded chronic forms of Bright's Disease and Diabetes. No statements are published or invited except from chronic cases that, like the above, are incurable by all other known medicines. If your kidney troubles persist, Fulton's Renal Compound will cure it quickly. It is of over eight to ten months standing it is the only thing known that will save your life. John J. Fulton Co., 405 Washington Street, San Francisco, sells the compound. Fulton's Renal Compound for Bright's and Kidney Diseases; for Diabetes, H. S. Free analyses made for patients. Send for pamphlet. We are the exclusive agents in this city.

THE FAIR

Crescent Saves Money

Do not be deceived by the health claims made by the Trust baking powders. Instead of saving your health they will ruin it, for they contain Rochelle Salts, an irritant to the bowels, stomach and kidneys. To prove this, drink a teaspoonful of Royal Baking Powder in a glass of water.

How would your health be if you took a Sedlitz powder with each meal? That is what you do when using Trust baking powder.

CRESCENT BAKING POWDER (Egg and Phosphate) is now being used by every housekeeper. As a matter of fact, it has taken the place of the old-time powders, and it is only a question of time when Cream of Tartar will have outlived its usefulness in the kitchen.
