WILL VOTE JULY 21

AS TO AN IRRIGATION
DISTRICT AT MILTON.

Long Mooted Question Will Go to
Popular Vote on the Date Above
Given—Law Provides for More Sys-
tematic and Economical Use of
Water—Distribution Will Be Regu-
lated by an Elective Commission.

The county court has adjourned to
meet again the 27th of this month,
and at that time it will canvass the
votes on the establishment of an irri-
gation district near Milton. Some
time ago the residents of that sec-
tion prepared a petition and submit-
ted it to the court asking for the es-
tablishment of the district, and the
court appointed the 21st of this month
as the time when the people should
vote on the matter.

On that day the residents of the
section will vote yes or no as to
whether or not the district shall be
formed, and at the same time will
vote for a set of officers to manage
the affairs of the district, should it
be formed. If three-fifths of the peo-
ple of the section are in favor of the
scheme it will carry, and if not it will
fail, and the present system in vogue
there will prevail.

The officers who shall be elected
will have charge of the apportioning
of the water to various users along
the river, telling them on what days
they may use the stream and for how
long. It will be their duty to inquire
into the conditions of each place,
and to distribute the water in a man-
ner fair to all, showing no partiality
to anyone, and dispensing no favors.
It is expected that there will be quite
an exciting time on the day of the
election, as there are a number of
those who have their ditches already
made to suit themselves, and the
water supply regulated for their own
convenience, who are opposed to the
innovation and would like to see it
fail.

FISH FOR BINGHAM.

Consignment of Young Trout Will Ar-
rive Tomorrow Morning.

A consignment of young trout, 20,
000 in number, for the streams of
Umatilla county, will arrive from
Portland tomorrow morning and
will be taken in charge by the Pen-
dleton Sportsmen's Association.
C. E. Brown, of Milton, will be here
to receive 1,000 of this number con-
signed to the Milton streams, and the
remaining 19,000 will be taken to
Bingham Springs by local sportsmen
and placed in a pond there, which has
been prepared for their reception.

They will be kept in this pond for
at least a year, in charge of Dr. Bingham,
who will attend to them during their
infancy.

After they have attained sufficient
age and strength to resist the rapa-
cious bull trout, which has a fondness
for such small fry, they will then be
turned loose in Meacham creek and
the Umatilla river to hustle for them-
selves and furnish sport for fisher-
men.

They are sent out by the secretary
of the State Fish and Game Associa-
tion, A. E. Gebhart, and are from the
Clackamas hatchery. They will be
closely watched and fed during the
next year for in this way the entire
number will live to populate the
streams, while if they were turned in-
to the streams in their present help-
less condition, the bull trout would
destroy fully half of them.

The Sportsmen's Association is
very proud of the opportunity to im-
prove the fishing streams of the coun-
ty and will take great pains to see
that they all become fit subjects for
rod and line.

Now on Vacation.

Ira Julian, the well-known and popu-
lar agent of the W. & C. R. railroad
at Helix, is in the city today. Mr.
Julian will take a six-weeks' vaca-
tion from his duties and will visit the
Sound, Portland and California while
resting. Will Lyons, of this city, is
agent at Helix during Mr. Julian's ab-
sence.

CHILD'S BODY FOUND.

peared Near Corvallis, Recovered
