The East Oregonian is on sale at B. B. Rich's News Stands at Hotel Portland and Hotel Perkins, Portland, Oregon.

Member Scripps-McLain News Association.

San Francisco Bureau, 408 Fourth St. Chicago Bureau, 909 Security Building, Washington, D. C. Bureau, 501 14th St., N. W.

Entered at Pendleton postoffice as second class matter.

have a newspaper reach a subscriber occasionally on time, or the same week it was printed. There is no department that needs shaking up so badly as the postoffice in general. None suffers so from stagnation and paralysis of alleged civil service.

There is room in Pendleton for a pressed brick plant, to keep alive the building activity now in progress here. There is no reason for the delay in starting on two or three fine buildings now contemplated and for which plans have been drawn. If the brick supply for the city cannot be increased, otherwise, Pendleton contractors should build a plant at once to avoid future delays.

The scenes on the Chicago race tracks, last Saturday, were a disgrace even to the millionaire toughs who patronize them. The city sent 50 armed constables to the race tracks, with instructions to shoot if the Pinkerton detectives, who had joined with the gamblers, in violating the law, resisted arrest. A rich thug is no better than a moneyless one, and should be meted out the same penalty on the rock pile.

That is a happy financial condition which finds the Oregon stockman able to hold his wool and his stock, for higher prices, but care must be taken that such are not held at peril of loss. Warehouse and insurance charges go on, while the producer is waiting for higher prices, and the markets are uncertain. Reasonable profits should satisfy the grower, but he is to be complimented on his ability to hold his stuff, and defy the "corner."

One of the greatest industries along the new Siberian railway, is dairying. The railroad company has now over 1,000 cars engaged in carrying dairy products from the pastures of Siberia to China, Manchuria and Japan. This trade belongs to the Pacific Coast, and must be restored to its rightful owner. Oregon dairy farms must look to their laurels. Before the Oregonian knows it, the Siberian farmer will be sending beef and butter into Alaska. The extent of stock-raising territory along the Siberian road is inviting to the Yankee, and he may turn his attention from the invasion of Canadian wheat fields to the subjugation of the steppes of the Cobi and Irkutsk.

Speaking of the cumbersome law in regard to the adoption of amendments by the Oregon legislature, the San Francisco Star, a progressive and fearless defender of the people's rights, says: "The first thing for Oregon to do is to strike out of its constitution the cumbersome requirements regarding amendments which were evidently written by men who considered their work too good to require any change. California has an excellent system in this respect, which might well be copied by our northern neighbor. Then let Oregon repeat its vote of last year for direct legislation, and thus place itself again among the more truly democratic states."

Before the boat that Portland is in touch with all sections of Oregon, dies away, like an echo in the distance, she turns the vials of her wrath upon Harriman for not building feeders for her trade. There is but one way in which Portland can get in touch with the state and stay in touch with it, and that is for her to interest her own idle capital in permanent railroads tapping the rich fields of Central Oregon. Harriman is working for Harriman, not Portland. If it is to his interest to build antagonistic lines, he will build them, no matter how detrimental they may be to the interest of Portland, or any other point. Cities are only means, not ends, with railroad magnates.

**MUST BE SOLD TO SETTLE ESTATE.**

I have a farm of 185 acres, located in the heart of the famous Grand Ronde valley. Its soil is a rich deep loam. It would make an ideal site for a stock farm for blooded stock. It has bearing fruit trees and splendid hay fields. It is on the Grand Ronde-Cove road and is but three miles from Hot Lake sanitarium. There are two hot springs on the place, which are worth the price of the whole property. There is a 15-room house, good barns and outbuildings on the place. It is paying well now, but the revenue could be readily doubled with small outlay for additional baths and rooms.

For particulars, address I. L. RAY, 120 Court Street, Pendleton, Ore.

### FLAG DAY.

In 1897 the American Flag Association was organized. June 14 was fixed as Flag Day, because on that date in 1777 the American congress declared: "That the flag of the 13 United States be 13 stripes, alternate red and white; that the union be 13 stars, white in a blue field, representing a new constellation."

The number of stripes having been increased by the admission of new states, our sure to be expanded future dawned upon our fathers and the original 13 stripes were unchangeably restored by act of congress on April 4, 1818, when it was enacted: "That from and after the 4th day of July next, the flag of the United States be 13 horizontal stripes, alternate red and white; that the union be 20 stars, white in a blue field, and that on the admission of a new state into the union, one star be added to the union of the flag; and such addition take effect on the 4th day of July next succeeding such admission." Since 1818 25 stars have been added to the flag. Owing to the fact that June 14 this year fell on Sunday, Flag Day was generally observed throughout the country on Monday, June 15.

### CUP IS COSTLY.

Sir Thomas Lipton caused considerable surprise when at a luncheon recently given him in Washington city he said that if he should win the American cup in the coming race, it would represent to him an investment of considerably more than \$2,000,000. The Washington correspondent for the Milwaukee Sentinel, referring to this incident, explains: "Sir Thomas said it would cost him a little more than \$1,000,000 to compete for the cup this year. This was partly due, he explained, to the fact that he had brought over his two challengers. Sir Thomas did not say what Shamrock III cost him to build, but intimated that it was close to \$500,000. The combined expense of his trial foot up this year, Sir Thomas said, \$1,000,000 and probably more. In contrast with the cost of the challenger, it was stated by one of the members of the party that the Rollins syndicate had invested only \$300,000 in the defender, and that this amount was expected to cover all expenses."

The Liberty Bell will rest in the center of the rotunda of the Pennsylvania building at the World's Fair.

### Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle, Home of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**THE QUEEN HOTEL** Clean comfortable rooms from 25 cents up. Newly furnished throughout. Guest Chop House in connection. Meals at all hours. Only white help employed. Give us a trial.

# ECZEMA SETS THE SKIN ON FIRE

No disease causes so much bodily discomfort, or itches, and burns like Eczema. Beginning often with a slight redness of the skin it gradually spreads, followed by pustules or blisters from which a gummy, sticky fluid oozes which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body but oftentimes upon the back, arms, hands, legs and face, and is a veritable torment at times, especially at night or when overheated.

The cause of Eczema is a too acid and general unhealthy condition of the blood. The terrifying itching and burning is produced by the overflow through the glands and pores of the skin of the fiery poisons with which the blood-current is overloaded. While external applications, such as washes, soaps, salves and powders aresoot hing and cooling they do not enter into the blood itself or touch the real cause of the disease, but S. S. S. does, and purifies, enriches, and strengthens the thin acid blood and cleanses and builds up the general system, when the skin clears off and Eczema with all its terrifying symptoms disappears.

Send for our free book on the Skin and its diseases. No charge for medical advice.

**\$50.00 Given Away**

To the first one handing us the nearest correct solution of the two following rebuses, we will give \$25.00 worth of furniture or other goods of your choice from our immense stock, \$15.00 worth to the second, and \$10.00 worth to the third.

The question is, how many different ways can the word "Furniture" and how many the word "Rader" be spelled in the following squares by spelling to the right, or downward, or any combination of down and right, or right and down, but always using contiguous letters but no two times, using exactly the same numerical letters, yet all spell the words "Rader" and "Furniture" correctly. For illustration, the word "Rader" may be spelled by using letters numbered 1, 2, 11, 12, 21, or 13, 22, 23, 24, 33, etc. The solution to be handed in sealed, giving only the number of combinations that can be made of each word, with no name attached, in order that the committee awarding the prizes will not know who is in the contest. But if requested, each winner must be able to write, numerically, each of the various ways the number of times they claim. In order to identify all solutions we simply number each envelope containing an answer and keep a memorandum of each. No one will be allowed more than one answer. Prizes awarded July 25, 1903. There is no sure thing that the first solutions will be correct. So if you decide you want to change your solution after handing it in you can do so by placing your second in the numerical order we receive the latter. No one connected with the establishment will be allowed to contest.
