PEERING ON THE BORDER

Hope Still Retains a Clear Mind, But Physical Strength Almost Gone.

NOW "A MATTER OF A FEW HOURS ONLY."

His symptoms have practically ceased, swelling of the limbs has subsided, he recognizes that his time is rapidly drawing near and calls for the Franciscan blessing.

July 14.—An official bulletin this morning reads: "Up to 8 o'clock this morning no change was noted in the grave conditions yesterday evening. His respiration is 38, temperature 38.5, pulse 36.5 centigrades. (Significant, Mazzoni.)"

Matter of a Few Hours.

Following the bulletin issued by the doctors, it was stated that he would live another day. He has a very efficient heart action, and his strength is steadily weakening, does not show any immediate exhaustion. The attendants, however, have despaired and believe it is a matter of hours only.

He continued in practically the same condition all the morning. He spoke a few words which were scarcely audible. His eyes clearer, his eyes indicated an expression that he understands what is passing in the room. Dr. T. J. Quinn this morning invariably inquires by saying: "The condition is very alarming."

ATTEMPTS TO DEFEAT IT WITH TECHNICALITIES.

Hearing in the Supreme Court at Olympia on a Writ of Habeas Corpus for a Spokane Gambler—Is the Law Constitutional?

Olympia, Wash., July 14.—The supreme court has heard arguments and taken under consideration the habeas corpus proceedings brought by Fritz Dietrich, of Spokane county, to determine the constitutionality of the new anti-gambling law of this state.

Senator Will G. Graves, of Spokane, represents Dietrich, who was arrested recently under the law and sentenced to one year in the penitentiary for violating the new anti-gambling law.

Senator Graves holds that the new law is unconstitutional in that it is amendatory to the act of 1879, covering the crime of gambling in the state, while making no reference to the former law as required by the constitution. The state holds that the new law is separate and distinct, and therefore is not required to mention the former law in either its title or the body of the act.

Senator Graves applied for bail for Dietrich, who is languishing in jail at Spokane, and is an old man. It is expected that the court will hand down an opinion within the next few weeks.

SALOONISTS IN TROUBLE.

One Hundred and Sixty-Two Were Arrested Yesterday in New York.

New York, July 14.—There were 162 arrests during Sunday in Manhattan and Brooklyn for alleged violations of the excise law. This was said to have been the largest number made in one day. Just what caused the activity of the police in the enforcement of the liquor laws was not made known. Strange detectives from outlying precincts detailed to duty in the Tenderloin and the regular officers there, learning of the invasion, lost no time in locating un-locked side doors, etc.

At the big hotels, the usual conditions prevailed—those who wished liquid refreshments were served with real sandwiches, for which they had to pay.

FELL WHILE DRUNK.

Not Believed Now That Jockey Ryan Was Foully Dealt With.

Chicago, July 14.—The police now believe Willie Ryan, the Oakland jockey, fell from an elevated structure on the Lake Shore, while intoxicated at the end of a two-days' debauch. Ryan is lying in the hospital with a broken back. He was found Sunday afternoon. Stories at first circulated led to the theory that he had been murderously assaulted and thrown there by two unknown men.

DYNAMITE EXPLOSIONS.

Attributed to Anarchists, But They Do Little Damage.

Vienna, July 14.—Two dynamite explosions, evidently planned by anarchists, occurred at Agram this morning. The first bomb was outside the residence of Dean Mantuner, of Agram cathedral. Considerable damage was done, but the dean, who is 80 years old, was unhurt. Shortly afterwards a second bomb exploded in the cellar of the newspaper, *Journale Novine*, doing small damage.

ANTI-GAMBLING LAW ON TRIAL

St. Louis, July 14.—A plot of ground consisting of 10 acres, located on a hill at the World's Fair was formally dedicated today as the site for the replica of the city of Jerusalem, one of the distinct exhibits of the Louisiana Purchase Exposition.

FAIR PLOT IS DEDICATED.

The dedication ceremonies were conducted by about 50 natives of Jerusalem, and fully 10,000 people witnessed the Oriental rites and ceremonies.

SYMPATHETIC STRIKES.

President Arthur, Conservative as Usual, Opposes Them.

Winnipeg, July 14.—The National Brotherhood of Locomotive Engineers' convention opened here this evening. President Arthur arrived today and gave out the statement that he is opposed to sympathetic strikes.

Gone on a Vacation.

Charles Wall, who is employed by M. A. Rader as a salesman, has taken a vacation and left this morning for the harvest field, where he will attempt to harden himself sufficiently to withstand the long, easy spell of the winter indoors.

More Favorable in the West.

Washington, July 14.—Crop report for the week ending yesterday are favorable to the entire Pacific Coast. In North Dakota and Northern Minnesota spring wheat is thin and heading short.

Kishineff Petition.

Oyster Bay, July 14.—President Roosevelt is today engaged on the Kishineff petition. Siras, Levi and Wolf are with the president, reviewing the matter.

Cannot Stand the Strain.

Hamilton, O., July 14.—Arguments opened in the stranger Knapp case this morning. The prisoner has lost his air of bravado and is pale and nervous, with a hanging expression.

MARCHING ON WALL STREET

Mother Jones' Army of Girls and Old Men is Rapidly Dwindling Away.

ITS MEMBERS STRIKERS FROM THE TEXTILE MILLS.

The Leader Expresses Great Indignation at the Indifference of the Preachers and Contempt of Politicians—Intention is to Parade Up and Down Wall Street Saturday.

New Brunswick, July 14.—Mother Jones has only a remnant of her army of protest composed of striking Pennsylvania textile workers who were marching on Wall street to see Morgan. The army has dwindled down to 70, mostly girls and elderly men. Many revolted last night and refused to sleep out of doors on account of mosquitoes, but finally secured a hall.

Mother Jones paid her respects today to clergymen of various towns through which the ragged army passed, saying: "When I asked clergymen to aid children broken down in the factories, they have invariably referred me to politicians for help. God help the poor, struggling working children when the church turns them over to the tender mercies of political leaders."

If the army's schedule is carried out, it will parade up and down Wall street Saturday.

CHICAGO IN A MERRY LABOR WAR

TWO MURDER MYSTERIES

Expose of a Murder in New York Leads to Discovery of Another Killing.

SECOND HOMICIDE WAS DONE TO HIDE THE FIRST.

The Sound Country is On Hand With One of Its Periodical Tragedies, a Brutal Murder for Money—No Clues, Though Body Was Found When Warm.

New York, July 14.—In the opinion of the police, the murderer of Chas. W. Roxbury, the tea expert, who was fatally beaten last Friday, near his home in the Bronx, concluded his time by putting his woman accomplice to death. That a second crime, and one of a revolting nature has been committed, the officials say there is every reason for believing. A careful search of the entire city is being made, to discover whether any young woman is missing.

There is but a vague clue upon which to base a search for the woman or her body. This is the description furnished by the young woman with whom Roxbury was walking when he was assaulted by a man and woman. Roxbury's companion fled from the scene, and her view of the murderers was only a brief one.

The bundle of woman's clothes of fine texture, soaked with blood, found near the scene, is the basis for the belief that the man who held up Roxbury killed his companion later to destroy all evidence against him. In the bundle were, among other things, a light shirtwaist and a skirt of dark material. Indications are that the woman who wore the clothing was killed either by a blow delivered with a sharp instrument on the back of the neck or her throat cut. The shirtwaist is much stained with blood.

Another Seattle Tragedy.

Seattle, July 14.—An unknown man, well dressed, of good appearance, and about 35 years of age, was murdered on the railroad track four miles from Auburn on Saturday night. His body was found in a clump of bushes just off the railroad track, where it had been dragged, the marks of the heels of the unfortunate man as they were dragged through the dirt, were plain. His pockets had been turned inside out, evidently for robbery, but if robbers accomplished the murder, they overlooked three silver dollars that were in a vest pocket.

A bullet hole was found just back of the left ear. There was a slight warmth in the body when it was found, showing that death had occurred only a short time before. Some section men working on the Palmer cutoff not far away from the scene of the crime, say that they heard a shot in that direction about an hour before the dead body was found by the section boss. A close search was made for a pistol, some persons believing that the man might have shot himself. No weapon was found, and anyhow, the bullet hole is in such a position that the dead man could not have shot himself. There was a picture in his coat of four men, taken at Monroe, Wash. Near the body was a grip filled with clean linen that had not been disturbed. There are no laundry marks on the stuff.

The officers are badly handicapped in this last murder mystery, for they haven't the least clue to work upon. The sheriff says he is certain that the person or persons responsible for the murder of the unknown man are members of the gang that held up Marshal Berner and attempted to throw him on the deadly thro rail of the Interurban railway, the same

ones who murdered James Montgomery a few weeks ago, and at least a part of the gang that cracked three iron safes in Seattle less than two weeks ago.

ACCUSED OF MURDER.

Young Lady Charged With Murdering Her Sister.

Bloomington, Ill., July 14.—A tremendous sensation was caused here at noon today by the arrest of Maude Jordine, the 17-year-old daughter of Andrew Jordine. The crime for which she was arrested was the brutal murder of her sister, Mabel, the 2-year-old daughter of Mr. and Mrs. Andrew Jordine, on the last Thursday night.

The girl is charged with the crime and other warrants are in preparation which will prove equally sensational. The allegations are that the defendant had a special interest in the removal of the baby and was a principal in the murder.

HUNG THIS MORNING.

Dougal Confesses at the Last Moment to Several Crimes.

Chelmsford, England, July 14.—Dougal, the Moat house murderer, was executed at 8 o'clock this morning. Shortly before he was taken from his cell he made a new confession of crimes, acknowledging his guilt.

SMILED WHEN HE WAS HUNG.

Wife Murderer and All-Round Tough Executed at San Quentin.

San Quentin, July 14.—Frederick Fisher, the Riverside wife murderer, was hanged this morning at 10:30. He ascended the scaffold smiling, accompanied by Adjutant Montgomery, of the Salvation Army. Fisher did not make his expected address. He just set his teeth as the cap was drawn. He slept all night and ate a big breakfast. His grandparents were jail birds and he inherited criminal instincts.

NEW RAILROAD COMBINATION

BALTIMORE TO EL PASO VIA KANSAS CITY AND ST. LOUIS.

Scheme Comprises the Development of Baltimore as an Export City—Will Reach as Far West as Ogden, Utah.

Pittsburg, July 14.—George Gould, who, with a party of Wabash and Missouri Pacific officials, spent the time here today in inspecting the Wabash extension of this city, in an interview said:

"It is our purpose to weld the Wabash roads into one grand system before long that will reach from Ogden, Utah, and El Paso, at the Mexican border, thence to Kansas City, St. Louis and Baltimore. We intend to make the latter city our seaport on the Atlantic. It is a magnificent one but has been neglected. We propose to develop and make it a grand port. We do not intend to go to New York, Baltimore is the best port on the Atlantic for the exporting of such commodities as will make up our tonnage—coal, grain and packing-house products."

DISLIKE THE KING.

Dublin City Council Refuses to Welcome Him Officially.

Dublin, July 14.—Wild scenes today marked the second day's debate by the municipal corporation on the question of presenting an address of welcome to King Edward on his arrival in Dublin. The public gallery was filled with people long before the meeting. Lord Mayor Harrington made a violent speech against the address and compared the nationalists who favored it to men "who had sold the Irish people."

ARBITRATION WINS.

Great Strike Called Off in New York on a Compromise.

New York, July 14.—Some 20,000 skilled mechanics in the building trades returned to work under the modified plans of the Employers' Association. The number who had returned to 20,000 by Wednesday. Unions with that membership having voted to accept the terms of the employers, one of the objects of which is to do away with walking delegates and refer all disputes to a joint board of arbitration.

With the mechanics a large number of laborers returned to work, and operations were resumed by material supply men.

HUNT WINS OUT IN WALLA WALLA

Ankeny Mayor is Elected by Fifteen Votes, After a Hot Campaign.

ALVAH BROWN, "BOXER," IS CITY MARSHAL.

Many Local Affairs Ventilated in the Campaign—Result is Taken as Evidence of Waning Power of Ankeny Forces—Election Has a General Significance in the State.

Walla Walla, July 14.—One of the quietest elections in the history of the city passed off yesterday despite the extremely bitter fight of the campaign.

The democrats and "boxer" republicans united against Mayor Gilbert Hunt and sought to encompass his defeat.

Many nasty local matters were thoroughly "aired" during the campaign, but Hunt won the race for the mayoralty by 15 votes, despite the united efforts to defeat him and bring disgrace upon his official record.

Brown, the "boxer" candidate, as he is called, won over Kees and Hillman by 300 votes. Brown is an anti-Ankeny man.

One Ankeny and two anti-Ankeny councilmen were elected. The fight centered on the offices of mayor and marshal. The offices of treasurer, street commissioner, attorney, sexton and clerk were almost forgotten in the hot fight over the more important ones.

Following is the list of city officials in full:

Mayor—Gilbert Hunt.
Treasurer—Le F. A. Shaw.
Justice—J. J. Huffman.
Marshal—Alvah Brown.
Street commissioner—H. H. Crampton.

Attorney—H. S. Blandford.
Surveyor—E. S. Clark.
Assessor—W. F. Merchant.
City clerk—R. P. Reynolds.
Health officer—C. P. Gammon.
Sexton—Pardon Bentley.
Councilman first ward—William Glasford.
Councilman second ward—J. Z. Smith.
Councilman third ward—Eugene Boyer.

The result is taken as evidence of a decline in the Ankeny forces, in general.

The very slim majority of Hunt over Dement and the election of an anti-Ankeny marshal by 300 votes over two Ankeny candidates in the field is taken as conclusive proof that the sentiment in favor of the senator and his side is on the wane in the politics of the city.

The result of the fight in Walla Walla has a significance throughout the state. It is a side show from the last legislature, accompanied by the same political differences and underlying aims. It was Ankeny against the field.

IRISH ORANGEMEN.

Troops and Police Out in Full Force to Prevent Riots.

Belfast, July 14.—The Orangemen are today engaged in their annual celebration of July 12, in their customary way. About 100,000 men participated in the celebration here. The entire police force was on duty and the troops were confined to barracks so as to be ready in case of emergency. At Rostrevor, County Down, there are 1500 police and soldiers in the town and vicinity, which gives the place the appearance of being in a state of siege. The nationalists mostly refrained from counter demonstrations.

Barrett Coming Home.

Portland, July 14.—John Barrett, the newly appointed minister to Argentina, has written to Attorney C. J. Schnabel of this city, that he will arrive in Portland in August, preparatory to embarking for the South American republic in September following. Mr. Barrett is now in St. Louis, where he is working in the interests of the exposition to be held in 1904.

Arrested for Assault.

Ruber City, July 14.—H. J. Jones, a miner of Sumpter, is now in jail here for criminal assault on Mabel Bates, a 12-year-old girl, from Haines.
