Deafness Can Not Be Cured

By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.

SUNDAY SCHOOL IS IN A THRIVING CONDITION.

Transaction in Beef Cattle—Residence of Mrs. James Davis Burned—Alba Has a Live and First-Class Choir Organized—Crops Are in Fine Condition.

Alba, July 13.—The Sunday school organized by Rev. McGilvray, of Pendleton, with Joseph Gibson as superintendent, is in a flourishing condition. Rev. McGilvray has promised to return in the near future and preach several times during the hot weather.

Haying has begun. Crops are looking finer than for several years, especially spring sowing of wheat, which is looking finely. Loneragan, the cattle buyer, was here last week looking for beef animals. He bought 42 head of V. V. Smith. Generally speaking, Mr. Loneragan finds beef animals not fat enough for the market, although they are in a thriving condition. They are fattening later this season than usual. Stockmen are reserving a large amount of pasture for their beef cattle to use this fall.

The Alba choir met last night for practice at the home of Mrs. Ed Brehm. It is composed of Miss Prosser, Miss Perry, Miss Dick, J. Clemer, McStorker, R. McGee, Walt Rinehart and the Ross brothers.

Residence Burned.

The residence of Mrs. James Davis burned here on the 3th of this month at 12 o'clock at night. There had been no one living in the house for two weeks, as the family had been out on the ridge living on their homestead. The building was insured.

ASTONISHING RESULTS.

Follow Each New Discovery of Science.

The great strides that medical science has made in the last few years is due to the germ theory. When the germ of a disease has been discovered, the doctors have not been slow in finding a drug to kill it. In a few years it will be rare to find a bald-headed man or woman. The falling out of hair is due to a dandruff germ, and now it has been discovered how to kill this germ. The remedy used is called Newbro's Herpicide. Its success has been marvelous. No failure has been so far reported. It is also a delightful hair dressing free from oil or sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich. F. W. Schmidt & Co., special agents.
