SAVAGE

Is truly its proper name, for no rifle was ever made to equal a Savage. Simplicity in construction and operation, and great accuracy make them self-evident and never surpassed. The new 22-calibre Savage is a marvel for a small gun. We have just got a few right from the factory and would like to have you see them.

DOCTORS' MEETING

SEMI-ANNUAL CONVENTION OF EASTERN OREGON.

Medical Association Holds One Day Session at Hot Lake Tomorrow—Will Discuss Scientific and Professional Subjects.

The semi-annual meeting of the Eastern Oregon Medical Association will be held at Hot Lake in Union county tomorrow.

The physicians have prepared an interesting program for the occasion and will mix business and pleasure for a day at this famous resort.

Dr. Cole, Ringo, Smith and Botkin, of Umatilla county are on the program for papers on different subjects and will probably all attend the meeting.

Dr. Woods Hutchinson, of Portland, secretary of the state board of health, will be present and read a paper on "The Clinical Significance of Bile." Dr. Hutchinson is an able speaker and a close student, and his address will be one of the most interesting numbers on the program.

Following is the program arranged:

1. "Etiology and Treatment of Peritonitis." Dr. W. J. May, Baker City.
2. "The Dallas." Dr. Willard Smith, La Grande.
3. "Clinical significance of the Bile." Dr. Woods Hutchinson, Portland.
4. "Report of a Case of Enterolith." Drs. E. E. Ferguson and J. A. Reuser, The Dalles.

In the afternoon the following papers will be read: the business session also being concluded.

5. "Observation of Strained Chiasm." Dr. W. D. Cole, Pendleton.

Discussion—Dr. Kenneth, A. J. McSweeney, Portland; Dr. M. R. Hall, La Grande.

6. "Relation of the Physician to the Public School System." Dr. A. W. Berlin, Athena.

Discussion—Dr. C. J. Smith, Pendleton; Dr. W. L. Parker, Baker City.

7. "Symposium on Scarlet Fever." 8. "Etiology and Morbid Anatomy." Dr. B. W. Gregg, Wallawa.

What we know about

Baking Powder

Do not be deceived by the health claims made by the Trust baking powders, for they contain Rochelle Salts, an irritant to the bowels, stomach and kidneys. To prove this, drink a teaspoonful of Royal Baking powder in a glass of water.

The Trust baking powders appeal to the prejudices of the people by advertisements that claim all but their powders contain injurious acids and minerals.

CRESCENT BAKING POWDER contains no injurious mineral or alum and \$500 reward will be paid to any person or persons finding any injurious substance in food made from Crescent Baking Powder.

On the contrary, cream of tartar is made from the bleaching and settling of wine, found on the bottom and sides of the casks. It contains all the injurious impurities and sediment of the grape, and when combined with water undergoes a chemical change, compounding an irritant known as Rochelle Salts.

There are no cooking failures from Crescent Baking Powder, if thoroughly mixed with the flour before adding water.

You can't afford to pay 50 cents for Trust baking powders to support corrupt politicians and boosters of the state of Missouri.

They have recently been exposed and convicted by the grand jury in St. Louis for corrupt practice relating to the Pure Food laws.

Trust baking powder can buy physicians as well as legislators, so do not be deceived.

CRESCENT BAKING POWDER (Rice and Phosphate) is now being used by every housekeeper. As a matter of fact, it has taken the place of the old-time powders, and it is only a question of time when Cream of Tartar will have outlived its usefulness in the kitchen.

EVADING THE DUTY.

Alleged Fictitious Assays of Mexican Lead Ores.

Washington, July 14.—The treasury department today confirmed the report that gross irregularities had been charged in connection with the assays of imported lead ores at El Paso, Texas. The department was asked by the collector there to appoint a commission with Government Storekeeper Fulkerson as chairman, to investigate the charges. This the department declined to do, instead directing Special Agents Evans, of El Paso, and Johnson, at New Orleans, to make the investigation and instruct Mr. Fulkerson to turn over to the special agents any facts in his possession bearing on the subject. Mr. Fulkerson refused to do this on the ground that agents would not treat his evidence as confidential, whereupon the department directed that charges be preferred against Fulkerson for insubordination.

It is reported that Fulkerson has resigned, but the department has no knowledge of this action if it has been taken. The investigation is now in progress.

PRISONERS MUST WORK.

County Jail Boarders to Be Employed on Roads.

Portland, July 15.—Unless a change in the program as at present arranged occurs the working of county jail prisoners on county roads will be discontinued some day this week. There are about 18 prisoners available for this purpose, and they will be accompanied by two deputy sheriffs as guards, armed with shotguns. Care will be taken to appoint men as guards who are good shots, and they will be instructed to bring down any man who attempts to escape. The prisoners will be made to understand that they must work.

Great Camp Meeting.

Des Plaines, Ill. July 15.—For the forty-fourth successive year the Des Plaines camp meeting, one of the greatest summer assemblies held by the Methodists of America, was formally opened today under auspicious conditions. The program extends over two weeks, during which time there will be revival services conducted by many eminent leaders of the denomination.

HOUSEHOLD CARES.

Tax the Women of Pendleton the Same as Elsewhere.

Hard to attend to household duties. With a constantly aching back. A woman should not have a bad back. And she wouldn't if the kidneys were well. Doan's Kidney Pills make well kidneys.

Here is a Pendleton woman who endorses this claim:

"Mrs. George Hays, living at No. 223 1/2 North street, corner of West 11th street, says: 'I can recommend Doan's Kidney Pills to all sufferers from backache and other kidney troubles, with utmost confidence that they will do everything that has been claimed for them by those who have used them as well as by the makers. The trouble for which I used them was principally backache, with which I had been bothered off and on for a long time. It hurt me badly when I stooped to do any housework that caused a strain on the back. I read an advertisement about Doan's Kidney Pills and decided to try them, feeling that they could do no harm, even if they did no good. I got a box in the store of Brock & McCone Co. and used only one box, as that was sufficient to relieve the backache and I have not felt it since.'

For sale by all dealers. Price 50 cents per box. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—DOAN'S—and take no other.

FARMER SAVE MONEY.

Use the Combined Harvester.

I will sell one good as new and guaranteed to do the work, for less than one-half the original cost; also choice of two good headers, ready for the field, with four new header beds. Will take cutting in payment. Also an A-No. 1 steam threshing outfit complete, consisting of a new 20 horsepower Russell engine and 23-inch separator with blower. Everything ready for the season in good shape, at a very low figure. For particulars, enquire of C. A. Hunsate, 202 Second street, Walla Walla.

Proposals for Wood.

Sealed bids will be received by me at my office in room 16 Judd building, until 8 o'clock p. m. of Monday, July 20th, 1903, for furnishing School District No. 16 with one hundred and twenty-five cords of four-foot wood, to be cut from live timber and thoroughly seasoned. To be delivered at the different school houses in the District in such quantities as the board directs. Payment to be made in school warrants of School District No. 16. The board reserves the right to reject any and all bids.

JOHN HAILEY, JR. Clerk.

Pendleton, Oregon, July 10th, 1903.

The Innocent Suffer With The Guilty

The world to-day is full of innocent sufferers from that most loathsome disease, Contagious Blood Poison. People know in a general way that it is a bad disease, but if all its horrors could be brought before them they would shun it as they do the Leprosy. Not only the person who contracts it suffers, but the awful taint is transmitted to children, and the fearful sores and eruptions, weak eyes, Catarrh, and other evidences of poisoned blood show these little innocents are suffering the awful consequences of somebody's sin. So highly contagious is this form of blood poison that one may be contaminated by handling the clothing or other articles in use by a person afflicted with this miserable disease. There is danger even in drinking from the same vessel or eating out of the same tableware, as many pure and innocent men and women have found to their sorrow. The virus of Contagious Blood Poison is so powerful and penetrating that within a short time after the first little sore appears the whole system is infected and every drop of blood in the body is tainted with the poison, and the skin is soon covered with a red rash, ulcers break out in the mouth and throat, swellings appear in the groins, the hair and eyebrows fall out, and unless the ravages of the disease are checked at this stage, more violent and dangerous symptoms appear in the form of deep and offensive sores, copper colored spots, terrible pains in bones and muscles, and general breaking down of the system.

S. S. S. is a specific for Contagious Blood Poison and the only remedy that antidotes this peculiar virus and makes a radical and complete cure of the disease. Mercury and Potash hold it in check so long as the system is under their influence, but when the medicine is left off the poison breaks out again as bad or worse than ever. Besides, the use of these minerals bring on Rheumatism and stomach troubles of the worst kind, and frequently produce bleeding and sponginess of the gums and decay of the teeth. S. S. S. cures Blood Poison in all stages and even reaches down to hereditary taints and removes all traces of the poison and saves the victim from the pitiable consequences of this monster scourge. As long as a drop of the virus is left in the blood it is liable to break out, and there is danger of transmitting the disease to others. S. S. S. is guaranteed purely vegetable and can be taken without any injurious effects to health, and an experience of nearly fifty years proves beyond doubt that it cures Contagious Blood Poison completely and permanently. Write for our "Home Treatment Book," which describes fully the different stages and symptoms of the disease.
