USEFUL INVENTION

E. C. JAY, OF THIS CITY, HAS CONTRIVED A MOTOR HOE.

Its Use at the La Grande Experiment Station Prove it to Be a Valuable Implement, and One Hundred Are Ordered for Use There—Its Manufacture Will Be Entered Upon on a Considerable Scale at Once.

Some time ago E. C. Jay, of this city, went to Union, where he went into the shops of the experiment station there under the direction of E. B. Lockenby, who has charge of the institution, and began attempting to improve some of the farm and garden machinery that is there used.

The experiment station at Union is a great place, and the men in charge there attempt not only to improve the things that grow, but also to improve the manner of their growth and the utensils with which they are cultivated. There is a section of land set apart for the use of the station and all of it is under cultivation. On it are grown all kinds of grains and grasses and garden truck. Every new species of plant is taken as it comes and is watched in all of the phases of its growth; and not only that, but it is cultivated under different conditions and in different soils until the best way of growing is ascertained.

For some time the management has been planning plows and harrows and hoes and cultivators, and for the help he might be in the latter line Mr. Jay was sent for and put to work in the shop. For a long time the men at work in the fields had been trying new hoes which were warranted to remove the pain from the back of the user, but none had been found satisfactory. If they removed the pain they failed to kill the weeds, and to accomplish this combination of results Mr. Jay went to experimenting. As a result of his researches and experimentation he has at last perfected a model which is such a success that he has been sent home by Mr. Lockenby with instructions to make 100 hoes for the use of the station, and after that is done he will manufacture them for the general market.

The blade of the new hoe is seven to eight inches long and works flat on the ground, sinking underneath the surface and getting at the roots of the weeds. The ends are dovetailed, so that it can pick the weeds from around the roots of the plants to be cultivated, and the principal beauty of the invention is the fact that the operator stands straight while working the field, thus eliminating the backache feature so well remembered by all of the small boys who used to weed carrots in the days of auld lang syne. The maker expects great things from his new idea.

BAKER HAS LIGHT AGAIN.

Enlarged Light and Power Plant is Now in Operation After a Month's Delay by Fire.

Baker City, July 16.—The new light and power plant has made an experimental run and is in first-class condition. The lights will be turned on tonight, after six weeks of darkness, caused by the burning of the plant, in May.

The size of the plant was increased by one-third, and a better service than ever will be furnished. New machinery, throughout, has been installed and all the latest and most improved appliances added. The entire cost of the new institution is about \$40,000.

Western Golf Tournament.

Milwaukee, Wis., July 16.—Some of the best golf teams of the West are participating in the annual open championship tournament of the Western Golf Association, which opened today on the links of the Milwaukee Country Club. Among the visitors are teams from Kansas City, Toledo, Chicago, Pittsburg, Minneapolis, Duluth and St. Louis. Prizes amounting to \$500 will be distributed among the winners. The tournament, which lasts two days, will be followed on Saturday by a special competition for the Marshall Field cup.

A NEW UNION.

How to Join and Get Quick Results at Small Cost.

Why not join our union of piano purchasers and save a hundred dollars? You can do it and we can help you. This is how it is done: We can well afford to sell ten or more pianos cheaper than one so have organized a union of ten members. You join and pay \$10.00 down and \$10.00 a month, the piano is yours. Now here is the best part of it. Every time a new member joins, the price of your instrument depreciates in price \$10; in other words, when the union is filled every member gets his instrument \$100 less than regular price. For example, a regular \$300.00 instrument can be had for \$200.00 by joining the union. Don't delay taking advantage of this great opportunity, as it will only last a few weeks of the dull season. This, combined with our easy payment plan and exchange contract makes it possible for everyone to have an instrument. Therkelsen's Piano House, 315 E. Court street. Everything musical.

It is asserted that the longest lived people are those who make breakfast their chief meal.

STATUS OF POLYGAMY.

Plural Wives Have No Legal Claim on Husbands for Support.

Salt Lake City, July 16.—According to a decision of the state supreme court, a man is under moral but not legal obligation to support his plural wives and educate his children by such unions. The decision was rendered in the case on appeal from the Utah county district court of a suit for separate maintenance brought by Mary Caroline Riddle, a plural wife of Isaac Riddle.

The supreme court is of the opinion that "notwithstanding celestial or plural marriage is one of the essential tenets of the Mormon church, the legal status of marriage exists between parties who in Utah, before the enactment of any statute upon the subject, though members of that church, having made a contract of marriage in which they mutually agree to assume and observe the legal obligations of that relation, and in pursuance of that agreement openly cohabit as man and wife and hold themselves out to the public as such. But in the absence of such an agreement the legal status of marriage cannot arise."

It was shown during the first trial that Riddle married Mary Caroline in the Temple at Logan, Utah, in the fall of 1886, while he was dodging deputy United States marshals who had a warrant for his arrest on the charge of polygamy, Riddle already having two plural wives.

Proposals for Wood.

Sealed bids will be received by me at my office in room 16 Judd building, until 6 o'clock p. m., of Monday, July 20th, 1903, for furnishing School District No. 16 with one hundred and twenty-five cords of four-foot wood, to be cut from live timber and thoroughly seasoned. To be delivered at the different school houses in the District in such quantities as the board directs. Payment to be made in school warrants of School District No. 16. The board reserves the right to reject any and all bids.

JOHN HAILEY, JR., Clerk.

Pendleton, Oregon, July 16th, 1903.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headaches. Twenty-five cts. and 50 cts. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free samples. W. H. Schmidt & Co., Druggists.

Breakfast

Is the "quick meal" of the day—have to hurry off to work—no time to cook. If you eat mush you can find any kind here. The kind that is served hot or the kind you eat cold.

Bacon, nice, sweet, thin slices, in convenient cans—takes just a minute to cook.

Syrup—the kind that makes you want to eat a dozen hot cakes. Small and large cans.

Coffee, the kind that is not equaled in Pendleton.

GENERAL NEWS.

The Interstate Levee Association will convene in New Orleans October 29.

Kaiser Wilhelm has bestowed an immense gold medal upon the American artist, John S. Sargent.

Mrs. Claudia Watson, a daughter of Claus Spreckles, the sugar king, has sued her father for \$500,000.

The American cable is soon to be extended directly from Manila to Shanghai, a distance of 600 miles.

An early settlement of the Manchurian open ports controversy is confidently expected in Washington.

Ninety thousand dollars will be expended on the North American Indian exhibit at the World's Fair at St. Louis.

The eastern end of the Ogden-Lucien cutoff on Great Salt Lake, has been finished and 400 Greek laborers discharged.

Recent French legislation against religious schools threaten to result in rioting and resistance in the French West Indies.

Mrs. Cynthia Hendricks slipped and fell at her home at West Monroe, N. Y. The accident caused her death. The day before she had celebrated her 101st birthday.

M. Loicq Lobet, member of the Geographical Society of Paris, is in San Francisco. He is promoting a scheme to build a railroad beneath Behring Sea, to be partly in a tunnel and partly enclosed in a cylinder.

Over 25 per cent of the foreign immigration to the United States in the year just ended, came from Italy. During the past 10 years more than 1,000,000 Italians have come to the United States and the ratio is constantly increasing.

The Illinois Central Railway Company issues a statement showing that the gross earnings of the company during the fiscal year just ended were \$45,145,400, and operating expenses and taxes for the same period amounted to \$31,731,000.

PACIFIC NORTHWEST NEWS.

The Canadian Pacific lost two locomotives in a fire at Kamloops, B. C., Wednesday.

The flouring mill at Union has closed down, after a year's run for lack of wheat. The new crop will be ready by August 1.

Portland is strengthening her city hall vaults in view of the daring hold-ups in the city. A very tough class of hoboes is in evidence there now.

Charles Wert and Thomas Struble, two small boys of Portland, died Wednesday of lockjaw, caused from wounds made with toy pistols, on the Fourth of July.

Andrew Olsen, of Swedeville, Or., was found hanging by the neck in a barn Wednesday. He was despondent and ill and had threatened to commit suicide.

Three prisoners broke out of the Multnomah county jail Wednesday morning, by sawing out the iron bars of a back window. They had help from the outside.

Boise City women, irrespective of party, centered their efforts on the election of the democratic candidate for mayor, J. W. Hawley, because he was pledged against gambling. Their votes elected him.

A systematic boycott on the Pacific States telephone from Vancouver, B. C., to San Diego, Cal., has been inaugurated by the operators, on account of the refusal of the company to settle the Spokane trouble, peaceably.

Judge Bell, of Seattle, has decided that the anti-gambling law of Washington does not apply to slot machines which pay cigars and candy, instead of money, and that they cannot be suppressed by the present statute.

James Stewart, formerly of Sumpter, shot his wife twice and then killed himself at Idaho Falls, Wednesday morning. He found Mrs. Stewart in company with a man of whom he was jealous, and falling to kill the disturber of his family, he turned the pistol upon his wife. She will not recover.

Deafness Can Not Be Cured

by local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.
F. J. CHENEY & CO., Toledo, O.
Sold by all druggists, 75c.
Hall's Family Pills are the best.

Home from vacation, feeling good, strong and healthy, would be the case after an outing at the most beautiful of Blue mountain resorts—Lehman Springs. There isn't a place in all the West where you can find a more convenient and delightful spot to spend a few days or a long time away from the heat, noise and worry of city life. The 15 natural hot springs are wonderful for their medicinal properties. Hotel accommodations are first-class, phone connections, free camping ground, 25 private cottages, large swimming pool, baths, golf, tennis, hunting and fishing. For further particulars, address C. R. Dutton, Lehman Springs, Or.

New Paper for Pasco.

E. P. Green, formerly publisher of the Columbia Courier, has made all arrangements to begin the publication of a weekly paper at Pasco. His plant has been shipped in and he will issue the first number next week. Mr. Green owns a large tract of land under the Kennewick ditch, and has made a success of irrigated farming, but still acknowledges the all conquering fascination of a print shop and will leave the management of the farm to enter the newspaper field once more.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure all chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1.00 F. W. Schmidt & Co., druggists.
