NEWS OF ATHENA

HARVESTING OF HAY AND GRAIN HAS BEGUN.

Mrs. Barnett Nearly Drowned at Bingham Springs—The Sick and Injured Are Improving in Health—Wheat is Ripening Fast—Work Begun on M. E. Church.

Athena, July 16.—Miss Adie Banister left last Monday for Pullman, Wash., to visit her sisters, Mrs. Lola Coppick and Miss Mabel Banister.

W. R. Taylor and family have gone to the John Day to spend their summer outing and look after his ranch and stock there.

Mrs. Gerkin, of this city, was on the sick list last week.

A fire broke out in Charles Sherman's smokehouse and the wood work was entirely consumed. Being covered with sheet iron the fire did not spread, and the water works being handy, the firemen soon quenched the flames. Little damage was done.

Friends of the Johns family received letters last week informing them that Mr. Johns and family were spending a pleasant but damp season at the seaside. Melville is doing well his health being much better than usual.

Mrs. David Taylor is still improving in health, and is able to be up and around most of the time.

Mr. and Mrs. Glen Salling returned from Pendleton last Monday.

Mrs. E. K. Reeder and sister arrived in the city last Thursday from Tacoma to visit relatives and friends in the city.

A valuable milk cow was killed by the train Tuesday evening, while crossing the track near the trestle. It was the property of Charles McLean.

Miss Minnie Taylor is visiting Miss Lillie Banister, of this city.

Mr. and Mrs. B. Warren, of Union county, are visiting relatives and friends in this city.

Mr. and Mrs. Henry, after a short stay at her home in the city, left for Riverdale last Monday, where Mrs. Henry will spend the summer months with her husband.

William Tompkins and family have returned home from Waitsburg, where they have been visiting friends and relatives.

The congregation of the M. E. church have started to build a fine brick on the corner of Third and Adams streets. The cost is expected to reach \$15,000 when it is completed.

Samuel Boehr will make a business trip to Bingham Springs tomorrow.

William Lieualten is sud improving in health.

Mrs. Sarah McDougal and Mrs. Mary DeGraw have returned home from an extended visit in Washington at the home of their son and daughter, Mr. and Mrs. Laura Barnes.

Crops are looking fine in this vicinity at present. Harvest of hay is going on rapidly now. The wheat is ripening fast now under the hot days. In about 10 days harvest will be in full force, then there will be work for all.

Serious Accident.

Miss Ella Boehr and Mrs. Nora Barnett were the victims of what might have been a very serious accident while on their way to Bingham Springs last week. On their way out their buggy was in some manner broken. A passerby repaired the break and exchanged his team for their horse, which became frightened and ran away, demolishing the rig and slightly injuring its occupant. The gentleman was not dangerously hurt but the rig was entirely destroyed.

Anniversary of Battle.

The 25th annual anniversary of the Indian fight at the Willow Springs was held in this city July 6. The pioneers of the city who were in the Willow Spring fight are as follows: Jerry Stone, B. E. Ogle, J. H. Smith, and George Fitzworth.

Recovering From Kick.

Little Marvin Kilgore is just about well now from a kick received by a traction colt two weeks ago.

Nearly Drowned.

Mrs. Nora Barnett came near drowning while trying to swim at Bingham Springs last week. She went down, and it was a second before she came up again and her son, Rex, who was a short distance away called his father and they took her out.

FALSE THEORIES.

Lead to Worthless or Harmful Remedies.

Scalpulating the scalp may allay the itching of the dandruff, but that does not cure the scalp. The disease won't yield to quinine or opium nor alcohol, because it is caused by a germ or parasite. To cure dandruff the germ must be destroyed. Until recently there was no hair preparation or dandruff cure, or hair restorer in the market that would kill that insidious germ that dries up the scalp in little scales called dandruff, and absorbs the vitality of the hair, causing falling hair and finally baldness. Newbro's Herpicide is the only really scientific preparation to cure dandruff, prevent falling hair and baldness. Sold by all leading druggists. Send 10¢ in stamps for sample to The Herpicide Co., Detroit, Mich.

J. H. ROBBINS TO SPOKANE.

Former Pendleton Man May Locate Permanently in City by the Falls.

It is authoritatively stated from Sumpter, that Hon. J. H. Robbins, representative of Baker county, erstwhile banker and the leading mine promoter of the Sumpter and Bourne districts, has perfected arrangements by which he will go to Spokane, where he will in future reside, says the Baker City Democrat.

It is stated, but with what degree of truth the Democrat does not know, that Mr. Robbins has disposed of his principal mine holdings in the upper camps at a figure that makes him a wealthy man, and his going to Spokane is to give him a wider field to get action on his mine.
