NEED MORE FUNDS

APPROPRIATION FOR WAR VETERANS SHORT.

Already Over \$90,000 Paid Out and Many More Claims to Come in—Over 300 Claimants Yet to Hear From.

Salem, Ore., July 18.—The present outlook is that the \$200,000 appropriated by the last legislature for the payment of Indian war veterans will lack \$50,000 of being sufficient. According to an opinion rendered this morning by the attorney general to the secretary of state, those whose claims are not reached before the \$200,000 has been expended will be compelled to wait until another legislature makes an appropriation before their claims can be audited. This is a modification of the opinion rendered some time ago when the attorney general advised Mr. Dunbar that he should audit all claims presented, even though the appropriation had been exhausted.

The secretary of state has audited and paid claims to the amount of \$90,325.57. This leaves \$9,145.96 in the fund. There are on file claims aggregating \$12,180.50, so that it is apparent that those who have not yet filed their claims in the office of the secretary of state will have to wait until 1905 or later before the secretary of state can act upon their claims. The secretary will receive and file all claims presented, but will not audit any in excess of the amount of the appropriation. Those not audited will be reported to the next legislature for such action as that body may deem advisable.

About 720 claimants will have to wait until 1905 for their money. The claims audited and paid number 504. The average amount of these was \$178.51. Those yet to be presented will be smaller in amount than those already paid. The number of claims has been larger than was anticipated. Claims have been presented by veterans who reside in other states, some of them on the Atlantic seaboard, and those were not known to be alive. Men who are engaging in business of securing the allowance of claims of Indian war veterans are searching everywhere for persons who have a valid claim and thus more of the veterans are being found than was expected.

What the Law Provides.

Under the Oregon statutes, the secretary of state has no authority to audit the Indian war veterans' claims after the appropriation has been exhausted. If he did audit and allow them he would be responsible upon his official bond. The section of the statutes bearing upon this subject is section 2398 of Bellinger and Cotton's code. It provides:

"No warrant shall be drawn by the secretary of state in payment for any claim against the state unless an appropriation has first been made for the payment thereof; but where such claim has been incurred in pursuance of authority of law but no appropriation has been made for its payment, or if made has been exhausted, the secretary shall audit such claim and, if allowed, shall issue to the claimant a certificate as evidence of such allowance."

In the present instance it is clear that the Indian war veterans' claims were not incurred in pursuance of authority of law, for the claims were against Oregon Territory and the general government assumed all territorial debts.

OPPOSE REORGANIZATION.

Carter Harrison Is Pledged to His Party's Present Policy.

Chicago, Ill., July 18.—Mayor Carter H. Harrison desires to become a democratic national committeeman next year and hopes to be regarded as the chief force in Illinois directing the democratic politics of the state and the part the state plays in national politics. He is strenuously opposed to the proposed reorganization of the party and will make his fight for reorganization along this line.

The annual picnic of the Chicago Democratic Club, composed of the lieutenant and followers of the mayor, was made the vehicle today for calling attention to Mr. Harrison's aspirations and his attitude in regard to the control of the national party. In order to give a national character to the demonstration the speakers included several prominent democratic leaders from Missouri, Kentucky, Iowa and other states of the Middle West. In defining his attitude, Mayor Harrison said:

"Most of this talk about reorganization comes from men who, however eminent, are not especially noted for their loyalty to the party of late years. The platform promulgated by our last national convention is the political creed of the party and will continue so to be until another national convention shall change it. Of course, it is the privilege of anyone, inside or outside the democratic party, to urge an alteration of the platform, and when such an appeal shall be made it will be determined upon its merits and not upon the supposed importance of the handful of gentlemen who are assuming to tell the party what to do."

The question is, how many different ways can the word "Furniture" and how many the word "Rader" be spelled in the following squares by spelling to the right, or downward, or any combination of down and right, or right and down, but always using contiguous letters but no two times, using exactly the same numerical letters, yet all spell the words "Rader" and "Furniture" correctly. For illustration, the word "Rader" may be spelled by using letters numbered 1, 2,

11, 12, 21, or 13, 22, 23, 24, 33, etc. The solution to be handed in sealed, giving only the number of combinations that can be made of each word, with no name attached, in order that the committee awarding the prizes will not

know who is in the contest. But if requested, each winner must be able to write, numerically, each of the various ways the number of times they claim. In order to identify all solutions we simply number each envelope containing an answer and keep a memorandum of each. No one will be allowed more than one answer. Prizes awarded July 25, 1903. There is no sure thing that the first solutions will be correct. So if you decide you want to change your solution after handing it in you can do so by placing your second in the numerical order we receive the latter. No one connected with the establishment will be allowed to contest.

MUST BE SOLD TO SETTLE ESTATE.

I have a farm of 186 acres, located in the heart of the famous Grand Ronde valley. Its soil is a rich deep loam. It would make an ideal site for a stock farm for blooded stock. It has bearing fruit trees and splendid hay fields. It is on the Grand Ronde-Cove road and is but three miles from Hot Lake sanitarium. There are two hot springs on the place, which are worth the price of the whole property. There is a 15-room house, good barns and outbuildings on the place. It is being sold well now, but the revenue could be readily doubled with small outlay for additional baths and rooms. For particulars, address I. L. RAY, 120 Court Street, Pendleton, Ore.
