

BOYCOTT IN FORCE

UNION MEN FINE MEMBERS KEEPING 'PHONES.

Manager Says "Nothing to Arbitrate"—Eight Hundred 'Phones Ordered Out in One Batch—The Maximum Wages \$45 Per Month.

The boycott of the trades council upon the Pacific States Telephone & Telegraph Company went into effect today, says the Spokane Press.

A committee consisting of Messrs. Heskett and Taylor of the trades council and Hinneaman of the building trades waited upon District Manager Bush of the Pacific States Telephone & Telegraph Company this morning and presented 500 removal orders, the balance being withheld for the present. Mr. Bush stated he would telegraph the matter to President Sabino of the company in San Francisco and that he would meet with the committee again at 5 o'clock this afternoon to further discuss the matter.

The steam engineers of the city have placed a fine of \$25 on any member of their union who keeps a telephone in his residence until after the strike is settled.

At the meeting of the trades council last night resolutions in condemnation of the Pacific States Telephone & Telegraph Company and endorsing the Doerr-Mitchell Company in their application to the city council for a telephone franchise were passed.

When asked by a Press reporter if arbitration would be considered, G. B. Bush, district manager of the Pacific States Telephone & Telegraph Company replied that so far as the company was concerned there was nothing to arbitrate.

"All the positions made vacant have been filled," said Mr. Bush. "The fact of the matter is, the company can not afford to pay any larger wages than they do at present, as this office is not a paying institution but is losing money."

The announcement that the telephone company is operating at a loss in this city is a startling one, but Mr. Bush stated it was a fact. He continued:

"The wages being paid by us is about the highest in the United States for a city of this size. Here we pay \$20 for the first month and raise the girls every three months. The average wages we pay is \$31.50 per month."

The girl operators now out on strike say they worked the first two weeks for nothing and the next two for \$10. After a month at the business they received \$20 and a raise of \$2.50 every three months until \$45 is reached. It requires about three years of service to reach the maximum wage.

RESCUED FROM CREVASSE.

Mrs. Johns Saved From Death in Yosemite Canyon.

Yosemite, Cal., July 18.—Mrs. A. A. Johns, of New York, who lost her way while on a walk Monday evening and fell down a crevasse in the Sentinel fissures, was rescued yesterday from the two-foot ledge on which she had lodged and will recover.

When the rescue party found Mrs. Johns she was on a narrow ledge 300 feet from the rim of the crevasse walls. She had partially broken her fall by catching at juniper bushes and scrub cedar trees through whose branches she had plunged.

When the rope had been lowered Clerk Potter of the hotel descended to examine the ground and determine the best course to pursue in getting Mrs. Johns from her perilous position. She was weak from exhaustion and lack of food and benumbed by the frosty chill of the night. With difficulty the rope was tied around Mrs. Johns' waist and an effort made to hoist her to the rim above. This proved futile because of her weight.

By leaning over the precipice Mr. Potter would discern another and larger ledge a hundred feet below. He determined to try this plan of rescue. Giving the order to those above to lower the rope, Mr. Potter swung the inanimate form of Mrs. Johns out over the tiny strip of rock upon which she had been for 15 hours.

After much work Mr. Potter was able to lodge the body of Mrs. Johns on the larger ledge and then descend on himself. Calling to one of the mountain guides above, Potter had him descend the rope to the ledge upon which all three were now resting. Then the two picked up Mrs. Johns and together they made their difficult way around dangerous ledges and over yawning precipices until, finally worn out and exhausted, they reached the rim above once more.

Mrs. Johns is suffering from nervous shock, but as no bones were fractured she will recover.

NO RACE SUICIDE.

Large Increase in Birthrate in New York City.

New York, July 18.—The vital statistics for the first half of the year have just been published and a glimpse at the figures shows that there is no danger of race suicide in New York. On the contrary, a marked increase is shown in the birthrate. The births reported numbered 46,400 against 45,252 for the first half of last year. This increase was due

in part to the more careful reporting of births. The number of births for the year will possibly number between 97,000 and 100,000. The death rate for the first six months of 1902 was 19.54 per 1,000.

Deafness Can Not Be Cured

By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; plus cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.

BENITO JAUREZ.

Birthday of the Conqueror of Maximilian.

City of Mexico, July 18.—This was the birthday anniversary of the liberal party president, Benito Juarez, and in honor of his memory appropriate memorial exercises were held in the cemetery of San Fernando. A long procession marched to the cemetery wherein lie the remains of the illustrious soldier, who led the successful struggles against the Maximilian empire. The procession included workmen's societies, members of the federal district and city governments, scientific societies, officers of the garrison, members of congress and members of the liberal patriotic committees. Orations were delivered by prominent public men and at the conclusion of the exercises the tomb was almost buried beneath the floral offerings of the different societies and Masonic lodges.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure all chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1.00 F. W. Schmidt & Co., druggists.

Economy Brand Evaporated Cream

is an essential to those who have tried it. Compare the other brands with those bearing our cap label and you will find that they lack watery in comparison. Economy Brand runs smoothly from the can, is uniform in appearance and is the purest and most pleasant tasting.

Ask your dealer for the kind that has the cap label.

HELVETIA MILK CONDENSING COMPANY, HIGHLAND, ILLINOIS.

"The Breakers"

Where to Stop at North Beach.

The Breakers Hotel is conducted to attract the best patronage, and is a summer hotel that is unsurpassed on the Pacific Coast north of the famous California beach resorts.

The building has an ocean front of 100 feet, is 76 feet wide and four stories high, or 73 feet from the ground floor to the top of the observatory.

It has handsomely furnished rooms, single or en suite, for 250 guests, each room being carpeted.

The house is lighted by electricity with electric lights and electric call bells in every room, and these lights make it one of the most brilliant beacons on the entire coast.

The entire lower floor is thrown open to the public, and, being beautifully carpeted, the spacious reception room and large airy halls always form favorite gathering places for guests. The billiard and pool room is also quite popular for merry gatherings.

An Aeolian and Pianola in the commodious parlor furnishes delightful music at all times, and musicals are pleasant features during the entire season.

The Breakers has a regular orchestra which furnishes music for informal dances and balls, and the large dining room, with its smooth, hard floor, makes an ideal hall for regular dancing parties.

An abundance of fresh and salt water fish, clams, oysters, crabs and other sea food is always on our menu; our entire supply of milk, butter and cream comes from our own herd of Jersey cows, and poultry and eggs are supplied from the hotel farm adjoining the grounds.

There are hot and cold, fresh and salt water baths in the house, with private baths and toilets.

The waves of the ocean at high tide roll within 200 feet of the hotel, and the beach in front is superb for surf bathing.

On the grounds are bowling alleys, golf links, tennis courts and croquet sets; on the lakes, just back of the hotel, is a fleet of sail and rowboats, and on Shoalwater Bay, just east of the lakes, is a gasoline launch for parties of fishermen, pleasure seekers or others who prefer the warm, still-water bathing to the tumbling of the surf.

All trains stop at the railroad station in the hotel grounds, and no tramping into hotel omnibuses or walking in sand is necessary, since the hotel ground is a perfect velvety lawn, where the guests are pleasantly landed at the hotel door.

The Breakers Hotel is located at Breakers Station, a regular ticket office, where all trains stop. It is one and a half miles north of Long Beach Station.

In purchasing tickets see that they read to Breakers, Wash., and have baggage checked through to that point.

Telegram and telephone connections in the hotel.

GEARHEART PARK OREGON

Locksley Hall

Locksley Hall, beautifully located in a grove of pine with three hundred feet of old ocean, is an ideal place to spend the summer.

Locksley Hall, under the proprietorship of Mrs. L. A. Carlisle, has undergone a complete renovation this spring and in addition to the numerous rooms that were already a portion of the house, new ones have been added and nicely finished and furnished. Hot and cold water have been added throughout the house and a complete system of sewerage has been put in. A steward has been engaged for the season who will have charge of the dining room and kitchen, and guests will have every attention possible. A can bake for the guests of Locksley Hall has been arranged for each Saturday night. A good orchestra will be had during the entire summer. Although the house is open the entire year, on the first day of June a formal opening is had with music and dancing on the front veranda. A pleasant place is Locksley Hall, and guests will doubtless spend a happy vacation at this hotel.

Carriages meet all trains. Special rates to families. Address for further information, Mrs. L. A. Carlisle, manager.
