**Deafness Can Not Be Cured**  
 by local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be removed, and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free.

### VERY PLEASING CONCERT.

**Music at Therkelsen's Last Night Was an Event.**  
 Last evening the Therkelsen Piano House was crowded to the doors with a crowd of the music-lovers of the city who had gathered to listen to a concert by the Chicago Mandolin Club, which is making a tour of the country and had been engaged by Mr. Therkelsen for the pleasure of his patrons and the general public. The club is composed of three young men from Chicago, W. J. Smeiler, William Engelhaier and Oscar Ellefson, who left their home May 18 and have made their way with their sweet music at the towns they have visited. They will leave in a few days for a place near Shaniko, where Mr. Ellefson has a brother living, and where they will visit for a time, returning here in the fall. During the concert last night the hit of the evening was made with the piece entitled, "I'd Be Satisfied With Life." All of the pieces were new ones, and only popular melodies were played. A couple of selections were rendered on the Apollo, with the club accompanying the instrument. It is the intention of the proprietor to make these concerts a specialty during the coming months, and he is negotiating with the mandolin club to remain with him during the winter.

## RIDGE AND VICINITY

### EIGHT-DOLLAR PENSION FOR SERVICES IN INDIAN WARS.

Been Taking Treatment for Rheumatism at the Springs—Prospecting for Gold in This Vicinity—Sale of Beef Cattle to the Seattle Market—Hill Crops are Best This Year.

Ridge, July 18.—The residence of James Davis of Alba, is reported to have burned July 5. He valued the property at about \$1,000. It was insured.

M. I. Peterson made a trip to the cities of Athena, Pendleton and Hecla this week. He proudly speaks of receiving a pension of \$8 a month for services rendered the government during the Rogue River Indian war and the Hinnock and Snake Indian wars. During the latter war he received a very serious wound in his hip and was forced back while carrying a dispatch from Pendleton to the Willow Springs, where a fierce battle was being fought between about 45 white men and about 1,000 redskins.

James Kinny is said to have seen an old bear and two cubs at what is known as the Fox camp, out in the mountains near Alba, a few days ago.

Frank Kopp has returned from a trip to the Bingham Springs, where he has been taking treatment for rheumatism. He is improving quite slowly.

J. C. Lonergan is reported to have been out in the vicinity of Ukiah and Alba a few days ago in search of beef.

Mrs. James Davis and her sister and their families are living on her homestead in Webb Slue.

John Kopp saw two or three head of cattle dead at the range lately. Whose cattle they were and the cause of their death is not known.

J. A. Owings and sons, and S. J. Carney sold 15 head of beef cattle to Nate Range last week. They were purchased for J. C. Lonergan, of Seattle.

James Marcum, Gurdano's postmaster, is reported to have sent in his resignation papers.

Our school is under vacation and will be so for two or three more weeks.

Mr. and Mrs. James L. Hill and Mrs. James Marcum are reported to be seeking recreation at Leshman Springs.

H. R. McBroon, of Gurdano, reports one of his little girls on the sick list.

**Hay Harvest Has Begun.**  
 Some people are already beginning to cut their barley hay, which is turning out fairly well under the conditions.

The hill crops seem better than those of the bottoms which is generally vice versa. But I think this is due to a breeze on the hills most of the time, whilst in the canyons a good share of the time there is no wind, except from the north or south, and it got very warm at all times.

**Prospecting for Gold.**  
 Messrs. Hart and McFee, of Nyce, are prospecting for gold in the mountains near here. They are said to have staked out two claims and gone to work in earnest. There has been many prospectors around in those places for years, but heretofore nothing of value has been discovered.

### STORY IS BADLY MIXED.

**Connor Creek Hold-Up, Near Huntington, Surrounded With Mystery.**

Huntington, July 21.—An air of secrecy and mystery surrounds the reported hold-up of the Connor Creek mine office near here last Saturday. The fact that the mine is located but 18 miles from this place, on Snake river, in Baker county, and that the matter was not reported to the officers until 36 hours later, adds a mysterious air to the affair. The statements of the amount taken differ so much and the various reports of the matter conflict so much that the general sentiment prevails here that the entire story may be unfounded.

Constable John Hannon, of this city is now in pursuit of the robbers, who are reported to have headed for the Seven Devils country.

One report of the affair says the amount of money in the safe at the time of the robbery was \$10,000, another that the clean-up amounted to \$50,000.

Sheriff Brown was absent from the county seat at the time, but is now investigating the crime.

The country surrounding Connor Creek is very rough and difficult of access and the robbers are probably beyond all possibility of capture.

The Connor Creek mine is one of the oldest camps in Eastern Oregon, and belong to Portland capitalists.

### FAIR GROUND TIED UP.

**Walla Walla Association Finds Itself Out of Funds.**

"Unless subscribers who have pledged themselves to take \$3,000 worth of stock in the Walla Walla County Fair Association show a readiness to take up the stock very shortly, the directors will be forced to place the collections in the hands of an attorney," said a director of the association this morning in answer to a question of how things were moving with the association, says the Walla Walla Statesman. "Until this money

is collected everything is practically at a standstill," he continued.

The reluctance several stockholders are showing in taking up their stock is proving very embarrassing to the directors who realize that every day's delay in fitting up the grounds for a fall race meet and fair is a day lost. The track is finished and the fence is up, but the \$3,000 yet outstanding is needed to erect the stalls, fair building and grand stand, and until this is collected these buildings will remain unereccted.

Some delay is being experienced in resealing the pipe to convey water to the track from the Singleton ponds, but this is expected to arrive shortly and will be put down immediately. As soon as water is conveyed to the track it will be put in shape for use.

### A NEW UNION.

**How to Join and Get Quick Results at Small Cost.**

Why not join our union of piano purchasers and save a hundred dollars? You can do it and we can help you. This is how it is done. We can well afford to sell ten or more pianos cheaper than one so have organized a union of ten members. You join and pay \$10.00 down and \$10.00 a month, the piano is yours. Now here is the best part of it. Every time a new member joins, the price of your instrument depreciates in price \$10; in other words, when the union is filled every member gets his instrument \$100 less than regular price. For example, a regular \$300.00 instrument can be had for \$200.00 by joining the union. Don't delay taking advantage of this great opportunity, as it will only last a few weeks of the fall season. This, combined with our easy payment plan and exchange contract makes it possible for everyone to have an instrument. Therkelsen's Piano House, 315 E. Court street. Everything musical.

### Brutally Tortured.

A case came to light that for persistence and unmerciful torture has perhaps never been equaled. Joe Golobuck, of Colusa, Calif., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Talman & Co. Druggists.
