A train composed of 30 cars of California fruit was running as a speed of 35 miles per hour, when the 14th car from the engine jumped the track, followed by 12 others. Traffic over this part of the main line was delayed several hours. No one was injured.

BIG MERGER IS ANNOUNCED

ROADS OF 'FRISCO SYSTEM HAVE BEEN CONSOLIDATED.

Bonds Will Be Issued to Take Up Old Securities—Is Largely a Measure of Economy in Operating Expenses.

New York, July 22.—Announcement of an official nature has just been made regarding the projected consolidation of the Chicago & Eastern Illinois Railroad Company, the St. Louis, Memphis & Southeastern and other lines owned by the St. Louis & San Francisco road west of the Mississippi river. All these lines are now in operation with the exception of a branch of 150 miles between Thebes and St. Louis, which is now under construction. The lines are to be consolidated into the Chicago, St. Louis, Memphis & New Orleans Railroad Company a new corporation which, including the Chicago & Eastern Illinois, and the line now being constructed into St. Louis, will own a total mileage of about 1,500.

There will be an issue of bonds. The exact amount of the issue has not been fully decided upon. The important point, however, is that the cash requirements in connection with the transaction will be small inasmuch as it will consist largely of an exchange of the bonds of the new company for the securities of the various other companies consolidated.

It is understood an arrangement has been reached between the Missouri Pacific and Frisco by which the line from Memphis to Baton Rouge will be made a joint line between the two companies thus saving for both companies an unnecessary duplication of lines for about 200 miles.

The cattlemen, who had organized, sent sheepmen notice that if they did not remove their herds from the range by Sunday they would be forced out of the country. Mr. Basche says the monthly clean-up had been sent to Huntington five days before, and the amount of money and nuggets in the safe at the time of the hold-up did not exceed $500.

The officials now think the robbers are the same parties who stole a couple of saddles from the barn of W. G. Ayre near Durkee, and also two good horses from stockmen of Burnt river.

A reward of $500 has been offered by the stockmen for the recovery of their stolen property and this has stimulated a brisk search for the thieves.

SUDDEN DEATH OF H. C. GUERNSEY

A Prominent Citizen Passes Away Unexpectedly in His Office in This City.

DEMISE WAS UNDOUBTEDLY CAUSED BY HEART DISEASE.

There Was No Evidence of Suffering, End Apparently Coming Peacefully and Without a Struggle—Has Been in Poor Health for Some Time—Biographical Sketch.

H. C. Guernsey was found dead in his office over the Hartman Abstract Company's rooms this morning at 7:40, by Charles Bennett, the janitor of the building. Mr. Guernsey was lying on his back on the rug in front of his desk, with his hat on the back of his head, and his glasses on. Death had evidently come peacefully, for the face was calm and composed as though in peaceful sleep, and there was no sign of a struggle or of any pain.

Afflicted With Heart Disease.

For a year and more past the deceased has been in bad health and has been troubled with his heart. This was worse during the warm weather, and lately, while the nights have been warm as well as the days, he had been unable to sleep well, often not being able to lie down for the greater part of the night without being subjected to pain.

Several nights ago he arose and came to the Hotel Pendleton about 2 o'clock in the morning and was in the cool lobby there for some time with George Van Dran. At that time he said that he was unable to sleep on account of the heated night, and that he was unable to lie down on account of the action of his heart.

This morning he came into the hotel about 4 o'clock and remained some time. He was seen on Main street as late as 6 o'clock, and was then going in the direction of his office.

Discovery of the Body.

While doing the morning work in the offices Mr. Bennett passed the open door of Mr. Guernsey's office and noticed him stretched on the floor. He went in and spoke to him, and not receiving an answer ascertained that he was dead and notified the coroner. That official, after viewing the remains, decided that the death was due to natural causes, and the body was removed to the home on West Jackson street.

The body was found resting on the back in front of the desk, with the hat on the back of and under the head, and the glasses habitually worn on the nose were in place. One leg was bent and the knee was leaning against the front of the desk, as though the man had simply lain down for a nap and had passed into slumber.

Biographical Sketch.

Mr. Guernsey was born in Bath, New York, July 2, 1863, and was consequently 40 years of age at his last birthday. He came to Oregon about 20 years ago, and worked for some time in a bank at Portland, coming to Pendleton about 15 years ago to accept a position in the National Bank here, which place he occupied continually until about a year ago, when he was compelled to give up his position on account of ill health. He then took a trip to the East and to Europe, hoping to benefit his condition, and returned some months ago some better, but not recovered.

The deceased was a member of the Masons and of the Elks, and was prominently identified with both orders at the time of his death.

Mr. and Mrs. H. W. Guernsey, the parents of the deceased, are living and reside at Rochester, N. Y. A sister, Mrs. William Tice, is living in Philadelphia.

Mr. Guernsey was married to Miss Bertha Bean, a daughter of Stock Inspector John Bean, of this city, on June 8, 1893, and from the union two children were born, Curtis aged 9, and Elmon, aged 7.

Funeral Tomorrow Evening.

The funeral services will be held tomorrow afternoon at 6:30 o'clock, from the home, under the auspices of the Masons and Elks.
