VOTE YOUR COUPONS.

Each Series Must Be Voted by Date Named on the Coupons.

In order to expedite the work of counting the coupons in the contest for the East Oregonian free vacation at the Breakers, the coupons will be divided into series and each series must be voted before expiration of that series. In this way the work of counting them can be made during the progress of the contest. Otherwise, many of those voting would be inclined to save up coupons until a large number was collected, thus increasing the task of counting.

All those voted from the beginning of the contest until the hour of noon, on Saturday, July 25, will be classed as series "A," and must be voted by the time designated to be counted. Series "B" must be voted by noon, Wednesday, July 29; series "C" by noon, Saturday, Aug. 1; series "D" by noon, Wednesday, August 5, and series "E" by 9 p. m., Saturday, August 8. Hereafter the coupons will contain instructions as to the series and expiration of the time at which each must be voted.

MAY ENLARGE OPERA HOUSE.

Interior Will Be Greatly Improved—Season Will Open With "The Christian."

George L. Baker, John Cort and Calvin Hellig, the managers of the Northwest Theatrical Circuit, are in the city today looking to the improvement of the opera house here for the opening of the season. Many improvements will be made in the interior arrangement of the house, and the season will be opened with one of the best plays in the repertoire of the Baker Stock Company of Portland.

It is the intention of the management to extend the building towards the rear if it is possible, and to enlarge the stage. They will also

bring new scenery and put in a new curtain, and make the details of the house as modern as possible in order to facilitate the handling of the plays it is the intention of the management to bring here this coming season.

Heating Apparatus Will Be Put in Soon—Two New Rooms to Be Fitted Up.

The work at the school houses is progressing slowly, but will be well in hand in a few days and will be finished in plenty of time for the opening of the schools in the fall.

The contractor who has charge of the heating system at the high school building is not working at the present time, but he has the work started, and will be at his contract in a few days more. There are eight rooms to be heated by the hot air system, and the work will be completed in a short time.

In a few days the carpenters will start to work on the old academy building, and will partition the part of the building formerly used as a dwelling by Professor Forbes and his family, into a couple of rooms for the use of the school. All of the work is planned and the contracts given, and the completion is but the matter of a short time.

BUT LITTLE RANGE.

Mountains are Crowded With Thousands of Sheep.

Camp tenders coming down from the mountains after supplies for their sheep camps complain about the mountains being too full of sheep, says the Long Creek Light. Eighteen thousand outside sheep came in recently to claim a share of the summer range. There is a camp in almost every place where a band of sheep can be grazed for a few days, and as the feed in these camps will not last over a few weeks at the most, the camp tenders are at a loss where to move their herds. From present indications the summer range will be tramped to dust long before fall and many sheep will come out of the mountains poor.

EASTERN SHERIFF

PENNSYLVANIA DEFAULTER WILL BE RETURNED AT ONCE

Treasurer of a Workingmen's Club Had a Shortage and Fled—Has Been Run Down at the Instigation of a Baltimore Trust Company.

Fred T. McCullom, the sheriff of Venango county, Pennsylvania, is in the city, having come yesterday after Felix A. Doherty, wanted in Franklin county of that state for embezzlement.

According to the information given by Mr. McCullom the man now in the jail was the secretary and treasurer of a workingmen's club in Franklin and had entire charge of the funds. He accumulated between \$800 and \$900 and left the country. He was under \$1,000 bonds at the time, furnished by the Fidelity Trust Company, of Baltimore, and these people are the ones who are looking for restitution.

The man after leaving Franklin, went to New York but was located and again left. Nothing was heard of him for some time, and the sheriff had a lot of descriptions made and mailed. These were sent away from the office on Thursday, and on Tuesday evening word was received from Pendleton that the man was in the county jail, and asking for instructions.

Mr. McCullom will leave in the morning for the return trip. It is calculated that it will take \$1,500 for Doherty to square the matter and keep out of the state's prison, for if the amount is made good, and the

Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, says:

"There are but few wives and mothers who have not at times endured agonies and such pain as only women know of. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any other I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."—Mrs. R. A. Anderson, 233 Washington St., Jacksonville, Fla.—\$5000 for the best of your Vegetable Compound cannot be procured.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause, and restoring the organs to a healthy and normal condition.

costs of the arrest and transportation are added, the trust company will let the matter drop.

Mr. McCullom is interested in the raising of fine horses, and is looking over the field here for a place to invest. In the vicinity of Franklin there are several young men who are anxious to come to this country and locate, and the sheriff is investigating the conditions while he is here. He is well impressed with the country, and if he can find a suitable place will doubtless return and make this state his home.
