Deafness Can Not Be Cured
By local applications as they can not reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh that can not be cured by Hall's Catarrh Cure. Send for circulars free.

Edna Taylor was a visitor in Pendleton last week.

A case of disorderly conduct gave Marshal Gholson and several assistants Wednesday morning, a mess of trouble. One of the prisoners, while working out a fine "jumped his job and took refuge in the cellar of the Eagle saloon. When he was captured he put up such a hard fight, a rope had to be brought into use to get him to the city bastille.

Brutally Tortured.
A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Golobek, of Colusa, Calif., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known, I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it cured me, I feel relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Tallman & Co., druggists.

PROMINENT PIONEER DEAD.
John M. Hill, Formerly Commissioner of Walla Walla County.

Walla Walla, July 23.—John Marion Hill, one of Walla Walla's highly honored and best known citizens, passed from life Wednesday morning at his home, after a lingering illness extending over many months. The immediate cause of death was gangrene, which had attacked one of his feet.

The latter days of the struggle were heroic, but the disease had gotten so firmly fixed that nothing could be done to stop its ravages. Surrounded by the members of his

family and a few intimate friends, the end came at 1 o'clock.

Mr. Hill came to Walla Walla in 1872 from Yamhill county, Oregon, his birthplace, and has been prominently connected in business and society circles since that time.

He held the office of county commissioner of this county for two terms, and was a prominent member of both the Odd Fellows and Masons. He leaves a wife and three children, two children of the family having died in infancy.

"GOOD GROWING WEATHER."
When the New Scalp Antiseptic is Used.

A good head of hair is as much a "crown of glory," for man as it is for woman, notwithstanding all the poetry on the subject applied to the female sex exclusively. In the season when flies bite the bald-headed man can sympathize with the Egyptians who were so sorely plagued on account of the children of Israel. Why not try Newbro's Herculid? Others have been benefited and are loud in its praise. It cleanses the scalp, kills the germ at the root of the hair and by keeping the scalp sweet, pure and wholesome, the hair is bound to grow as nature intended, regardless of the temperature. Try it and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herculid Co., Detroit, Mich. F. W. Schmidt & Co., special agents.

USE PURE ICE INSTEAD.
Don't Run Any Risk—Use Ice From Boiled and Distilled Water.

"Owing to the low stage of the water in the city well it has been found necessary to pump some of the supply from the channel of the river. For this reason it is thought best by Dr. Cole, the city health officer, to call the attention of the public to the advisability of boiling the water used for drinking purposes."—E. O., July 22.

Better use pure ice, made from water that has been both boiled and distilled. It is cheaper than you can boil the water. Ross Ice Co., Phone Main 1781.
